UNIVERSITY RETURNED SOLDIER STUDENTS

The University of British Columbia has provided means whereby those students in Applied Science who enlisted during their University course or during their matriculation year and have intentions of proceeding in the fall, may resume their studies during the summer months. This provision has been made at the suggestion of returned soldier students who are desirous of completing those studies which were interrupted by enlistment, so that regular courses may be continued without undue difficulty.

PUBLIC NOTICE

IN THE MATTER OF THE ESTATE OF RONALD C. FERGUSON, DECEASED. Sealed tenders will be received by the undersigned up to 12 o'clock noon of the 4th of August, 1919, for the purchase of lots eight (8) and nine (9), Block thirty-nine (39), Section five (5) in the City of Prince Rupert, in the Province of British Columbia.

Tenders must be placed in an envelope securely sealed, addressed to me and marked "Tender Ferguson Estate" and accompanied by a marked cheque payable at par at Smithers for at least 25 per cent of the amount of the tender.

Smithers, B. C., July 17, 1919.

Sport

On Monday evening there was a very interesting match on the Market Place grounds between the Tiny Tims and the Nationals. The Tiny ones seem to have received new life after their recent dance and they engineered the baseball game just as well as their social hop. The teams were very evenly matched until the 5th when the Tims brought in 6 runs in the one inning. When the runs were totalled up the Nationals had lost by a score of 10 to 3.

Ed Ross who is at present in the hospital suffering from the effects of a broken leg received while playing football has other accomplishments besides being a dashing centre forward. In the evenings he entertains his ward mates with selections on the flute. He is not yet able to be up and as lively as before, but he expects to be soon round with his friends again. It is not likely that he will play any more football this season.

In the football game of Monday evening Harry Day formed a tower of strength for the Trail Club. Playing the important position of centre half he kept the ball in good play all the time. Checking well, he stopped many well formed rushes of the Sons' forwards. When Harry got the ball he did not get rid of it with a wild lunge to any part of the field, but watched his chance and got it out to one of the unchecked wings. Percy Tinker found that it was not a matter of lying well up towards the opponent's goal and beating the backs as was the case in the former game against St. Andrew's Society.

The interior baseball nine are practising steadily for the game to be played against the Rupert nine at the Barbecue to be held at Telkwa at the first of next month. A crack nine will be chosen and the coast boys who have been whitewashing everything in sight for the past few games may strike a snag when they start breezing around the pastures in the Smithers neighborhood.

Two specially chosen junior league teams are going to battle for honors on Labor Day. The names of the contending nines are Tigers and Red Sox. In reality it is a strife between two teams who have been battling for honors throughout the season, but as one had a none too pleasant name it was changed and the other followed suit. The same old rivalry underlies the match and boys who gave such a fine exhibition of the game on Dominion Day are very likely to excel themselves on September 1.

On Labor Day a team from Anxox will come here to play an all-star local eleven in a soccer match. The players have not been chosen here yet but it is expected that by the day of appointment the league members will have had sufficient opportunity to size up the good stuff from the aggregate teams. From the showing that the players have made already it is very certain that a good selection will be made.

On August 12 the grouse season opened in England with a great burst of enthusiasm following the dull days of the war. The King with his guns made for Balmoral and the rest of the sporting and social set made for the moors. London became a social wilderness as all the elite had gone to the country.

ACTIVITIES OF THE CATHOLIC LADIES

With the approach of the fall season, the Catholic Ladies are starting up again their social activities and their opening evening will be held on Friday night of this week in St. Andrew's Hall. This function will take the form of a dance, and the invitations are now being sent out.

In previous seasons, the Catholic ladies have been noted for the perfection of the appointments of their entertainments, particularly at supper time, and having a reputation to live up to, the ladies are seeing to it that none of their guests shall be disappointed on this occasion.

Mrs. Forbes
Makes Butter

She calls it Economy Butter, and it is well named, considering the quantity she gets, and the low cost of the extra butter. To half a pound of butter, add one SMALL tin of Pacific Milk, in which has been dissolved a small pinch of baking soda. Whip 'till the butter has all been taken up and allow to set gradually in a cool place. It makes almost a pound of butter—good butter, too. Many will thank Mrs. Forbes for her kindness, as we do.
