Terrific Storm Sweeps Ontario Damage Amounting to Million Dollars in Value is Reported

TORONTO, April 2.—The restoration of the crippled lines of communication last night brought report after report of damage done by a terrific windstorm Sunday. Indications are that the storm was one of the most vicious and widespread of many years.

Estimates of the damage compiled from fragmentary reports indicate that it may total a million dollars. Scarcely a town or city in the storm area escaped the severe damage to property, either through the flood of waters or the wind which approached a hurricane in force. Rain, snow and sleet accompanied the storm and temperatures fell rapidly to freezing point.

Though many persons received minor injuries, no deaths have been reported. The damage at Niagara Falls

ST. CATHERINES, April 2.—The storm in Simcoe county is reported to have been the worst in memory of the inhabitants. Damage to the extent of \$50,000 was done at Port Dover harbor, the fishing docks valued at \$75,000 was also swept away and the dancing pier costing \$50,000 with all the concessions along the board walk were de-

BOMBS FELL ON U. S. SIDE OF BOUNDARY

Woman Killed and Boy Reported to Be Injured

NACO, Ariz., April 2 .-Fairy Baker, aged 35, was wounded in the head by flying fragments of one of the rebel bombs which fell on the United States side of the international line early today during a rebel air raid on federal fortifications across the border in Naco, Sonora. It was reported that a boy also was injured. Every window of the business section of Naco, Ariz., was shattered, sending the terror-stricken population in a scrambie from the

Will be 44 or 45 Mills as Against 46 Levy Last

Business at the regular fortnightly meeting of the city council tonight will include the bringing down of the mill rate for the year. The rate this year will be 44 or 45 mills, depending on the final setting of school board estimates. Last year the rate was 46 so a slight reduction is shown.

The bylaw setting the 1929 mill rate will be given its initial readings tonight.

JANCOUVER FINANCIAL PAPER SEES JUSTICE IN PRINCE RUPERT'S DEMAND FOR OPENING UP COUNTRY BY ROADS

Financial Journal Does Not Want to See Province Divided but Thinks Should Be Greater Appreciation of Value of North

(Financial News)

There is published in Prince Rupert a statement to the effect that when the annual convention of the Associated made today by air and water in the Australian bush for Boards of Trade of Central British Columbia is held in the missing plane Southern Cross and Captain Charles June a proposal may be made to move for the formation of a separate province for northern British Columbia.

Many in southern British Columbia may feel that this agitation, not new, is a natural phenomenon in the north, like the starting of sap up the tree each spring.

The impatience of our northern, Vancouver people felt just a few the natural hinterland of the years ago when they hammered Pacific Coast, the Western prai-

Search is Being Made for Kingsford Smith in Australian Bush

SYDNEY, New South Wales, April 2.—Search is being Kingsford Smith, Charles T. Ulm and their two companions. They radioed Sunday that they were coming down in a rainstorm 100 miles east of Wyndham, Western Australia, while en route from Sydney to England.

The country in which it is believed they landed is ineitizens should be sympathetically their fists against the barrier of habited largely by natives, many of whom are unfriendly and considerately dealt with for high freight rates preventing and reputedly cannibalistic. The terrain is such that it it is akin to the impatience that ready trade communication with is not believed the plane could take off again.

danger zone. Schooner Doric Piled on Rocks at Kinahan Island Early Today

Inbound from the halibut banks with a load of fish, the Seattle halibut schooner Doric, Capt. O. B. Hanney, piled up on the rocks on Kinahan Island, near the entrance of Prince Rupert Harbor, in the blinding snow at 3 o'clock this morning. Early reports stated that the vessel was badly holed.

The Pacific Salvage Co.'s power tug Salvage Princess was sent out at 8 o'clock this morning to take the crew off the Doric and look into the possibilities of salvage. It was on a half flood tide that the Doris went up, so there is hope of the vessel being saved if she is not too badly damaged.

The Doric is one of the larger Seattle halibut schooners and was built only last year. She is a vessel of 47 net tonnage and carries a crew of 10
