WHY PAY MORE?

The west is still being made the victim of the cupidity of the east. Grain rates to the Pacific coast are still high- consideration. This did not place er per mile than similar rates to the head of the lakes, just because eastern interests object to their being equalized. Even the Winnipeg Free Press, which in most matters is a fair journal, objects to any change because it would affect adversely the business of Winnipeg. The writer does not friendships, of journeys into the consider the justice of the case, but simply the selfish in- and in the light of the increased terest of the people of his city. The editorial says:

"Everything possible is being done just now to stimulate the commercial progress of this city and the general hardly be over-estimated. development of the province, but a definite setback would the pupils who last year had grabe experienced if some of the alterations in freight rates sought in this appeal were granted. Of particular import- cates. These certificates were the ance is the attack on the rates from the head of the lakes to Winnipeg based on what is called "constructive milead up to. He asked that the season will be as follows: age." Winnipeg as a distributing centre would also be adversely affected by the entire removal of the differental tial on traffic through the mountains, which, if it is maintained, is not justified by the circumstances."

planned to attend university.

An interesting account of the beautiful situation of the Univermarked impression on his hearers. He then went on to tell of the 2.80 various activities that were no be done called for steady application, but the amount of work done of the student. The worker made good, the slacker lost out. A lighter side was of interest too, and the description of initiation proceedngs, of clubs and their different interests, the games, the University paper and the sports must have made the thought of univerty appeal to most of the girls

Humbleness of Mind

What one brought away from the university was the most vital scholarship as the most valuable benefit. The university developed the minds and increased the a memories of fellow-students, of realms of the previously unknown knowledge of humbleness of mind. The ideals lasted and were guide, the value of which could
