

Man in the Moon

Winnipeg thinks she is in the west but forgets that so far as British Columbia is concerned, that great and prosperous city is away back east.

One touch of scandal makes the whole world chin.

When Hoover was fishing a shark got away with his catch. That's the way with sharks. They will not even catch their own fish.

I hate to go out to dinner these days and be asked by the good housewife to operate the can opener for her.

This would be a good time for a rummage sale. The Christmas presents have been kept long enough for the recipients to have shown appreciation of the gift.

Jake says a man should preach and a woman should practice. What? Economy, of course.

Ten Years Ago

February 25, 1919

Donald C. Simpson of Smithers, in a letter to the Daily News, urges that residents of Prince Rupert should take greater interest in the project of the establishment of a smelter in or near the city. The city's geographical location is logical and advantageous for such a plant, Mr. Simpson declares.

A resolution by Ald. C. C. Perry that the council and not the committees should decide upon the appointment and dismissal of departmental employees and also setting their wages was defeated in the city council last night, there not being a single supporter.

A farewell party was held last night by the St. Andrew's Society in honor of J. H. McMillan who is leaving the city. The presentation of a canteen of cutlery was made by S. D. Macdonald, president of the Society, and Dr. H. R. Grant delivered a delightful valedictory.

JUST AS YOU HAD CONVINCED THE 'FEDERAL' OFFICER THAT YOUR PARTY WAS 'DRY'—A SOUND COMES FROM THE PANTRY.

The Pledge of the Newlyweds

Fact and Fable Both

MARRIAGE Bells! There's a home to be planned, each room to equip and arrange, house plans to discuss, consultations with contractors, many stores to visit and many visits to stores.

To the newlyweds these are the spending days of a lifetime—days of joy and thrills buying for the home to be. But still another pleasure they have added to these memorable shopping hours—a pride in demanding first the products of their homeland.

"Because our mutual progress through the years to come depends on the prosperity of our country, we will build our house and make our home with the products of our local industries."—This is the pledge of the newlyweds.

SOUND ADVICE

Young married people will easily recognize the importance of the "Buy B.C. Products" idea. The prosperity of both depend on the young husband's progress in his vocation. As the demand for the manufactured articles of British Columbia increase so will the young husband's position be made more secure and his advancement more certain. Obviously we should demand first and always the B.C. Product.
