

# FRIENDS THOUGHT HE WOULD DIE

"FRUIT-A-TIVES" Conquered Dyspepsia and Restored His Health.

MR. ROBERT NEWTON.

Little Bras d'Or, C. B.  
"I was a terrible sufferer from Dyspepsia and Constipation for years. I had pain after eating, belching gas, constant headaches, and did not sleep well at night. I lost so much weight—going from 185 pounds to 146 pounds—that I became alarmed and saw several doctors who, however, did me no good. Finally, a friend told me to try 'Fruit-a-tives'. In a week, there was improvement. The constipation was corrected; and soon I was free of pain, headaches and that miserable feeling that accompanies Dyspepsia. I continued to take this splendid fruit medicine and now I am well, strong and vigorous".  
ROBERT NEWTON.  
50c. a box, 6 for \$2.50, trial size 25c. At all dealers or sent postpaid on receipt of price by Fruit-a-tives Limited, Ottawa.

# OBJECTS OF THE OVERSEAS CLUB ARE EXPLAINED

Francis R. Jones, F. R. G. S., Addresses the Board of Trade On Work of the Patriotic Organization.

That the people of Canada should trade within the Empire and certainly not with Germany; that economy should be practised in order to overcome the present shortage of food and clothing, and that we should support the Overseas Club, was the message brought to Prince Rupert by Francis R. Jones, F. R. G. S., and delivered to the Board of Trade at their meeting in the city hall yesterday afternoon.

Mr. Jones spoke of the work of the club which he represents. It was made up of men who believed in the British Empire and subscribed to its creed. Before the war its membership numbered about 100,000; today there were 165,000 who had joined.

The club had raised \$5,000,000 during the war, some of which had been spent in providing tobacco for the troops. A million and a half had been given for aeroplanes, with which 173 machines had been secured, Canada providing 7. The club had also done a lot of propaganda work in giving to many of the neutral nations first hand information in regard to the aims and objects of the war.

## Trade Within Empire.

Today the club was trying to foster trade within the Empire. He believed in buying at home, in one's own town, province, country, or empire. He did not believe in helping Germany to pay a debt which never could be paid, no matter how many millions might be put up.

Men were asking for a new world all at once, continued the speaker. Their fathers did not win reforms and changes in that way. We must be willing to make sacrifices in order to obtain that for which we were seeking. We had been a spending people but it would be necessary to cut out useless expenditures. Economize and buy at home should be the watchword.

## Value of Sentiment.

The speaker went on to tell of the value of sentiment. Some people said that patriotism and sentiment counted for nothing but dollars and cents for everything. That was disproved when on the day war was declared Canada sent that memorable message to the British Premier asking what Canada could do to help. He believed the British Empire was the greatest civilizing influence in the world. A million had died for it, two millions had been maimed and wounded for it. Was all this sacrifice to be in vain? He did not believe so. While the British spirit breathed its lustre should not tarnish. They had got together to fight. They should now get together in business. Sentiment was the greatest motive power in the world.

President McCaffery on behalf of the Board thanked the speaker who announced that Mr. Whitley of the government offices had been appointed local secretary of the club.

## ARRIVES HOME

Halifax, August 22.—Among the arrivals on the S. S. Baltic yesterday was Major P. F. Scharschmidt.

## SPITZBERGEN COAL DEPOSITS

(Continued from Page two.)

9d per ton c. i. f. Rotterdam for delivery over ten years and as far as I know these contracts were just completed before the war. The same ore was sold in Middlesbrough before the war at between 25s and 30s per ton c. i. f. The Hamburg-Amerika Line and another German firm entered into a contract to carry this ore to Rotterdam at about 7s per ton, and this contract was relet at various times at from 5s 3d to 6s per ton, hence the Hamburg-Amerika Line would make at least 1s per ton profit, or £1,000,000.

## 1919 Expedition.

"The English and American expert staff comprise mining and geological engineers and foremen miners, and in addition a medical officer and assistant, as well as prospectors, of whom Mr. Mansfield is one of the leaders. The mining engineers will carry out the important duties of developing, working, and shipping the iron ore, coal, asbestos, and marble from our properties. North European labor is also utilized, and includes miners, carpenters, blacksmiths, etc. Last year's expedition took out hut equipment for over one hundred men. As regards this year's expedition, we have already sent out huts completed in every possible way, and with the huts already erected on this company's territory we shall have accommodation for at least 500 men."

The Prince Albert which was loaded to the decks with lumber, pulp and shingles from Swanson Bay was discharging at the Grand Trunk dock yesterday morning. The Tillamook also has a large cargo of pulp from the same point.

When an invitation is sent it should be on a natty card. We have the very latest in gild deckle edge just like they use in New York.—Daily News Job Department.
