SEATTLE ESKS ARE POPULAR

Beat Portland in Series and Should Give Vancouver Run For Title

SEATTLE, March 28.—When the Seattle Eskimos turned in their fourth straight victory here last night defeating Portland 1 to nil to make their series total three goals to one, they found themselves with a lot of admirers who believe they have a chance to make things tough for Vancouver in the Pacific Coast Hockey League championship series which opens in Vancouver Friday night.

The lone goal last night came in the third period when Daly, defense man, scored.

ENGLAND'S CHAMPION IN THE MAKING

R. M. N. Tisdall, Shrewsbury freshman, is hailed as the coming champion English athlete. He has distinguished himself as a sprinter and low hurdler, and has established several new marks.

Sport Chat

These are the dull days between conclusion of winter indoor sports and summer outdoor activity. About all the fans have to do now is talk of prospects. There is not even a boxing fight in sight, Dido Guryich stating that he has abandoned the ring temporarily to devote his whole attention to his new taxi business. The tail end of the badminton season is all that is going to be doing for a little while just now with a little activity in billiards and carpet bowling. Soon football and baseball organizations should be getting under way. It is not known as yet whether or not the first soccer game of the season will, as usual, be played on Victoria Day.

All the ballyhoo of Bunkville can't build Max Schmeling and Paulino Uzcudun into the million-dollar gate classification, opines Andy Lytle of the Vancouver Sun. Possibly that glory, if any, departed with the retirement of Gentleman Gene and the desertion of Jousting Jack from the squared circles. There is no Bradstreet rating available of the champions who have amassed their million, but you can write Tunney and Dempsey off in history as the only pair in Pistiana to amass that sum from direct ring earnings. John L. may have gathered half a million in his time, but he spent it much faster than it came to him. Jim Corbett, much thrifter, lived too soon to get into the important money, and the same is true of the greatest of them all, Bob Fitzsimmons. Jack Johnson was never allowed to make much money and Jess Willard's entire cut wouldn't pass the half million. Jim Jeffries got \$101,000 for his fitful showing against Johnson and that is more than any of the remaining bums will surround this year, or any other that is in sight. Nobody will be trampled to death in the rush to see Sharkey, Uzcudun, Schmeling, Maloney and that ilk, pummel each other at forty dollar tops.

Within a few weeks interest in heavyweight fighters should be renewed. As soon as Max Schmeling, German sensation returns from his Fatherland, where at present he is the object of much stein clinking, further steps pro-

bably will be taken to pick a fighter to fit Gene Tunney's vacated championship. Not since Luis Angel Firpo came up out of the Argentine has there been a more discussed foreign fighter. Der Maxie, who looks like Jack Dempsey, has been on the lips of every fight fan since the night he tagged Johnny Risko with the K.O. in New York not so long ago. Being the first fighter ever to put the Cleveland away for the count, Schmeling leaped right into the first rank of heavyweight contenders. Many boxing critics went into ecstasies over the German's ring work and claimed the title for him right off. But since first passions cooled a bit, they have been hedging more or less in their talk of the German's greatness.

When Schmeling returns, he will be paired with Paulino Uzcudun, the winner to meet Jack Sharkey in the finals for the crown. Just how the German will make out with the rough and tough Umsie will be interesting to see. If he should duplicate the form he displayed against Risko and knock out the Basque, they'll have to make the beer steins larger in the Rhineland. Also they'll have to polish up the crown for heavyweight coronation ceremonies. Max Schmeling and Uzcudun, signed by the Madison Square Garden Corporation to fight fifteen rounds at the Yankee Stadium, June 27, the winner to meet Sharkey on September 16. Al Meyer signed for Paulino and W. F. Carey represented the Garden interests. Tom McArdle was match-maker. Paulino also signed a contract with the Garden binding his services to them until 1931, providing he disposed of both Schmeling and Sharkey and won the championship.

Basketball activity which has been successfully carried on at Anyox during the past winter, is now about concluded. Owing to differences at an executive meeting, the last senior game between Beach and Concentrator was postponed. The only game played was a ladies' match which Mine won from High School by a score of 13 to 6.

Thirty players took part in a recent mixed double badminton tournament at Anyox. There were two groups and the winners in one were Mrs. Munro and Mr. Cloke while Mrs. Roy and Mr. Field won honors in the other.

MAY SHIP BY AIR LINES TO MANY PLACES

WINNIPEG, March 28.—An agreement was signed today between the Canadian National Express and the Imperial Airways, French Air Union and other important continental air lines, to provide daily air service for express packages passing between Canada and the United States and Europe.

The new service links also, Gothenburg, Warsaw, Constantinople, Madrid and other European cities, and it will probably be extended in the near future, through Imperial Airways to Mesopotamia, Egypt and the Far East and through the French air lines to Tunis, Algeria, Morocco and West Africa.

An extension to the Orient is also being considered. This service means a saving of from one to several days in the delivery of Canadian goods to Europe.

The Canadian National Express agrees to accept packages at Canadian and U. S. points for delivery by European air lines which perform a similar service in Europe for the Canadian National Express.

Satisfactory prices were paid for halibut on the local Fish Exchange this morning when a total of 130,500 pounds was sold, practically all of which was despatched east by a special express refrigerator train early this afternoon. Seven American vessels were paid 15c and 6c to 15.7c and 7c for 88,300 pounds while a similar number of Canadian boats received 14c and 6c to 14.2c and 6c for 42,200 pounds.

It is quite possible that a Liberal-Labor coalition will be formed to carry on the government. Should Premier Baldwin be given a majority, it is likely to be so small that the opposition will virtually control the policies.

MONEY PANIC DANGER PAST

NEW YORK, March 28.—The danger of the money panic having passed, Wall Street today resumed the task of rebuilding the shattered stock market structure. Cigars and Autos

"I remember buying Marguerite cigars before there was an auto in Canada. Think of how the auto has changed! But the Marguerite is the same old reliable, fragrant, smooth smoke. Now it's wrapped in tin-foil to keep it fragrant, and factory-fresh. Tucketts decided that as they couldn't improve the cigar they would improve the packing."

Chaper in boxes of 25 and 50. Also sold in handy pocket packs of 5 cigars.

Me belouel

And speaking of autos—the Marguerite is a great favorite with motorists. Thousands of Marguerites are bought in pocket packs of 5. Many motorists always keep a handy pack in the pocket of their car.

POLITICS IN BRITAIN ARE MYSTIFYING

LONDON, March 28.—Popular opinion here seems to be that the Conservative Baldwin Government will be defeated at the general election which is imminent here. The only hope for the Government is that Premier Baldwin take a forward step and announce a strong policy to deal with unemployment. If he stands pat on his record, he is lost.

Liberals have advanced their prospects during the past two weeks but there is little hope of their securing a large enough representation to form a government. The present outlook is that Ramsay MacDonald will have the dominant opposition group and that if the Liberals vote against the Government they will put Baldwin out in order to put MacDonald in.

It is quite possible that a Liberal-Labor coalition will be formed to carry on the government. Should Premier Baldwin be given a majority, it is likely to be so small that the opposition will virtually control the policies.

CANADA FIGURES IN BRITISH ELECTIONS AS GOOD EXAMPLE

LONDON, March 28.—Canada is becoming a factor in the election campaign here. Labor is pointing to the operation of the National Railways as an example of successful government ownership. The opposition point to the failure of the Canadian government merchant marine as an example of failure of state ownership and operation.
