RADIO KEY TAPS

Editor, Daily News:—
 Perhaps you could spare me a few lines to air a grievance. I am a radio fan, one of several hundreds in the city, and most of us have been much annoyed of late by persistent key tapping. We have been told that this tapping is cured but we think the cure must have been lifted directly the inspector left town.

Now, sir, I have a suggestion to make to the Radio Association. Let them decide definitely which telegraph office it is that is responsible for this nuisance and then turn any business they may have to the one that does not interrupt their pleasure. They cannot realize what an annoyance they are to those who are trying to listen to good music. It comes in on the best wave lengths and makes it impossible to listen.

If you will publish this the telegraph offices may take the hint. As I say I do not know which is at fault but it should not be difficult for the radio association to find out.

Yours for better reception,

RADIO FAN.

LOCAL BANKER IS PROMOTED

E. W. Marentette Receives Appointment as Manager of Terrace Branch of Bank of Montreal

E. W. Marentette, accountant of the local branch of the Bank of Montreal for nine years, has been promoted to the position of manager of the branch at Terrace, it is announced today. He will leave the city within the next few days to assume his duties at Terrace, succeeding A. H. Parker, who is transferred elsewhere. Mr. Marentette's duties in the local branch will be taken over by G. Blackaby, accountant in the Cloverdale branch.

Mr. Marentette, who is very well known and popular here, will receive the hearty congratulations of many friends on his promotion and it will be gratifying that he is remaining in this district. He has become much esteemed in local business circles and has taken a prominent part in the affairs of the local tennis club. In his banking capacity, he has on several occasions been acting manager at Terrace and Stewart, having opened the Terrace branch several years ago.

Mrs. Marentette and family will not be leaving for Terrace until after Mr. Marentette.

EMIGRATION TO UNITED STATES

Persons Wishing to Enter Uncle Sam's Domain Must Watch Their Steps

The following is an extract from an act of congress, amending the present United States Immigration Act, approved March 4, 1929:

Aliens who have been arrested and deported in pursuance of law are mandatorily excluded from admission to the United States whether deportation took place before or after the enactment of the act.

The grounds upon which the alien was deported are immaterial. Alien temporary visitors who have overstayed their visits and have been ordered deported, for example, now are permanently barred from the United States.

Any alien ordered deported (whether before or after the enactment of the act), who has left the United States shall be considered to have been deported in pursuance of law irrespective of the source from which the expenses of his transportation were defrayed or of the place to which he departed. This brings within the mandatorily excluded class mentioned in paragraph one aliens who have been ordered deported and permitted to depart voluntarily in lieu of deportation. Persons excluded from admission at ports of entry and deportation are excluded for one year from date of deportation unless the secretary of labor has consented to their reapplying for admission.

The entry or attempted entry to the United States of aliens excluded under paragraph one after the expiration of 60 days after the enactment of the act is made a felony punishable by imprisonment for not more than two years or by a fine of not more than \$1000 or by both fine and imprisonment.

Hereafter illegal entry or entry obtained by a wilfully false or misleading statement or the wilful concealment of a material fact is made a misdemeanor punishable by imprisonment for not more than one year or by fine of not more than \$1000 or by both fine and imprisonment.

Excluding provisions of the act are effective at once.

All residents of the Prince Rupert consular district who contemplate going to the United States are requested to apply to the American consulate at Prince Rupert for particulars regarding admission requirements.

GOVERNMENT OF THE PROVINCE OF BRITISH COLUMBIA

MARCH 31st

Is the last day for filing Returns of Income earned during the Calendar Year 1928

Returns are required to be filed with the provincial assessor, Prince Rupert, from whom the necessary forms and full information may be obtained.

Those required to make returns are as follows:

1. Every corporation or joint stock company (use Form No. 7).
2. Every partnership, and every person engaged in business of any kind, or practicing any profession (use Form No. 7B).
3. Every other person in receipt of income from salary, wages, commission, fees, bonus, perquisites, interest, dividends, rent, or other income from any source whatsoever, in excess of
 - (a) In the case of a married person, \$1800.
 - (b) In the case of a single person, \$1200.

(Use Form No. 7A)

Individuals whose total income from all sources is less than the amount specified need not file a return unless requested by the assessor to do so.

In the case of provincial returns the amount of the tax is not payable until 60 days after the date upon which the assessor mails a notice of assessment.

The public are earnestly requested to obtain the necessary forms and file returns promptly in order to avoid penalties. Assistance in the making up of returns will be gladly rendered where necessary by the staff of the assessor's office.

Department of Finance, Province of British Columbia.

C. B. PETERSON, Commissioner of Income Tax.

DAILY EDITION Thursday, March 28, 1929

FRASER RIVER SALMON TREATY

For many years efforts have been made to persuade the United States authorities to agree to a treaty for the protection of the salmon of the Fraser river. While the river is wholly in Canadian waters, the fish mostly pass through American or international waters to reach the river. They keep south into Puget Sound and pass through the narrow channels between the islands, where they are caught in very large numbers, mostly in traps. One or two traps on the Canadian side get very few fish.

There may be reasons for the salmon not going up the river to its headwaters, but most of the fish never get a chance to reach the river.

There has been objection to the United States operating hatcheries on tributaries of the Fraser, because doing so might be construed as giving them a territorial interest in the country. It is to be assumed that the present arrangement will overcome that.

THE STOCK MARKET

Periodically the price of stocks advance and there seem to be always buyers for them. Then comes a slump and all the excess paper values are wiped out. The properties have the same values, but they do not seem to be the same to the owners of the stock certificates.

Those who speculate in stocks never learn the lesson that when stocks are unduly advanced in price, they are pretty sure to come down, and that rapidly.

RADIO INSPECTORATE

The city council of Prince George has backed up the radio association of that city in asking for a radio inspector for the northern part of the province. This should not be too much to ask. It does not seem to us that there is any good reason for the south getting everything when we pay the bill.

Recently a radio inspector spent a few days in the city, a few hours at Anyox and also made calls at interior points. The time spent was not long enough to do any real work. What is needed is a man who will stay on the job and wrangle with the reception problems until they are solved.

It is understood that the city council and board of trade here will be asked to endorse the movement and doubtless they will comply.

WHO IS LYING?

In regard to the wheat shipments through Prince Rupert somebody is lying. A railway official says Prince Rupert and Vancouver are unable to handle the grain that can be carried during the busy season, yet every one here knows that Prince Rupert was not given a chance last season. The pool officials seem to have set out to kill the port and will succeed if the people here do not make themselves felt.

GOOD FRIDAY

Tomorrow is Good Friday, the most solemn festival of the church. To many it is a holiday only, but the activities of the day are affected to a large extent by the historic event which it commemorates. This year it is earlier than usual and the weather conditions do not make for outdoor enjoyment. Under the Cotsworth plan, which seems likely to be accepted, Easter would be a fixed date and not moveable as at present.

SHOES! SHOES!

The End of Our Big Forced Sale

Everyone wants a pair of New Shoes for Easter
