"If it hadn't been for Eagle Brand Condensed Milk she would have died . . ."

she was born last July and weighed 8 lbs. She was always fretful and whining and restless and seemed to be getting thinner every day. I took her to the doctor and he told me the baby was dying. She was three months old and weighed 6 1/2 lbs. He told me to wean her and put her on Eagle Brand Milk. We gave her just what you would give a new born baby and kept increasing it. She is now 7 months old, has two teeth, weighs 18 lbs. and is the picture of health and is as good as gold. Eagle Brand has been a blessing."
