Mrs. Forbes Makes Butter
She calls it Economy Butter, and it is well named, considering the quantity she gets, and the low cost of the extra butter. To help a pound of butter add one SMAL, tin of Pacific Milk, in which has been dissolved a small pinch of baking soda. Whip till the butter has all been taken up and allow to set gradually in a cool place. It makes almost a pound of butter—good butter, too. Many will thank Mrs. Forbes for her kindness, as we do.

IN THE LETTER BOX

REPLY TO MR. ALDER
Editor of Daily News,—
I wish to correct some incorrect statements made by Mr. Alder concerning the proposed school site.

As for lack of sewer, this is incorrect, as we can connect either with the Sixth Avenue sewer or with the Borden Street sewer, this being possible owing to the high elevation of the school site, whereas the Ninth Avenue site would have sewer connections for years to come.

No Alternative.
Mr. Alder does not suggest anything in place of the Acropolis site, and this naturally leads us to wonder why. He also does not say he is going to vote against the bylaw, but leaves us to draw that inference, and as it said, if Mr. Alder can defeat the bylaw by fighting it on the ground of the site it will be an excellent method of keeping down the tax rate, even though we have no schools for our children.

To those who are interested in the welfare of our schools remember that tomorrow, Wednesday, is the day to vote.
Yours truly,
L. W. PATMORE.
