China-ward

If we wanted to (and we do) we couldn't explain it in an ad. All we can tell you is that it came from England and France and some from Japan.

Cups and saucers, plates and odd pieces Ayusley, Limoges, Doullon, etc.

Now we think we know China that's really China pretty well.

What Eye Glasses Are For.

GLASSES have many uses, but only one purpose—the restoration of the sight to a natural condition.

YOU were intended to see well and easily. If you do not—then you should make haste to discover the trouble and apply a remedy.

THE want of a pair of suitable glasses may be all that prevents you having visual perfection, health and comfort.

LET us examine your eyes and tell you whether or not this is so.
