DAILY NEWS' SHOPPING SERVICE

for Out-of Town Subscribers

To serve its women readers, and particularly those who live at a distance from a retail centre. The Daily News has instituted a Shopping Service. The Daily News is read by hundreds of women living far from any urban facilities for shopping and it is for these that this shopping service is primarily intended. Of course, The Daily News Shopper will attend to the man also, although he can buy a pair of braces anywhere. But not everywhere can a woman get a bit of lace matched-or a piece of embroidery thread-or the thousand and one things that make up the difference between a woman's wants and a man's.

The Prince Rupert Merchants Carry between them Stocks running up to \$2,000,000

and while it is not possible to purchase everything in this world in Prince Rupert, most things are available by return mail.

None of the Prince Rupert merchants can possibly advertise everything they carry in stock, but if the thing wanted is to be got in this city, our out-of-town readers may be sure that The Daily News Shopper will get it when asked for.

If any of our women readers cannot get what they want in their nearest store, all there is to do is to write to The Daily News Shopper, stating what is required with whatever details there may be, enclosing the cost, and if it is in Prince Rupert, The Daily News Shopper makes your purchase.
