CHURCHES ARE TO UNITE IN GREAT DRIVE

George Bell, M. P. P., and Rev. Dr. White Tell Methodists of District of Plans Laid for Renewed Activity.

TWELVE MILLIONS FOR FIVE DENOMINATIONS

That a united effort is to be made this coming autumn by the evangelical churches to raise the sum of \$12,000,000 for the combined work of the organizations and also to increase the spiritual activity and effectiveness of the church people, was the message brought to Prince Rupert last night by George Bell, M. P. P., of Victoria, and Dr. White, superintendent of missions for the Methodist Church, in addresses given in the Methodist Church.
The churches to engage in the drive will be the Presbyterians, Anglicans, Methodists, Baptists, and Congregationalists. The funds will be kept separate but the effort will be a united one and conducted at one time. It is to be a union of effort.
The Methodist Church expects to raise four million dollars of which this district will be responsible for \$5,000. The drive will be organized and conducted according to modern methods and all church people will doubtless bend their energies to making it a success.

Need of Activity.
Mr. Bell told of the need for increased activity on the part of the churches. The world was in danger as a result of the turmoil following the war. The churches were the only people to undertake the work of saving the world from that condition and if they did not do it they would be found guilty. There was just as much devil in the world as ever.

Mr. Bell went on to tell of the apportionment of the money to be collected by his church and he referred to the Victory Loan as an earnest of what could be done when it came to raising money. He also suggested methods of economizing which could very easily save enough to pay the required sum. People's tastes were extravagant and a saving could be made without injuring them. The twelve millions would be a mere bagatelle if there was a spirit of economy. They could not afford not to do the work which was in sight.

Mr. Bell told of efficient work done by the church in different parts of the country and closed by expressing the opinion that he church had made good and would still make good.

Dr. White.
Dr. White, who was the first speaker, told of the vast problem before them. He spoke of the condition of flux in which the world was today. The views of churchmen had changed since the days of John Wesley. The leaders today were not asleep, but they were much perplexed and they needed a great leader in the religious and political world. They did not want their grandchildren

to go through the recent experiences their children had gone through. FOOTBALL MATCH SET FOR TONIGHT

This evening the Callies and the Sons of England meet in their second match for the league. Excitement is running high as the Sons have now a lead in the standing which will be difficult to be retrieved if they should score another win. The Callies will field a team which will give a creditable account of themselves and will doubtless press the play all the time.

If the Callies win this game and every other game it will give them the advantage over the other team as the Englishmen have already tied with the Trail Club. The referee will have the power to put any player off the field who starts getting too free with his language and it is felt certain that such an attitude will be heartily supported by all the fans.

When an invitation is sent it should be on a natty card. We have the very latest in gild deckle edge just like they use in New York.—Daily News Job Department.
