Peace River Newspaperman Urges Railway From Peace to Best Pacific Port

"We want to bring pressure to bear upon Sir Henry Thornton, Mr. Beatty and the Dominion Government to give us an outlet to the seaboard. but when they do so, not to slough off any old junk railway as part of the scheme but give us a line to the sea at the nearest suitable point, and if they do that, Prince Rupert will benefit," declared C. W. Frederick, Peace River newspaperman, at a luncheon given in his honor this after-

Mr. Frederick, who was saving himself for the meeting this evening, did not speak at length but he emphasized the value of such road both to Prince Rupert and the Peace River. He spoke of the vast country that would be served and suggested that the formation of a Peace River-Prince Rupert council might help to bring about what they desired. He also hinted at the possible formation of a northern province which might include the northern parts of British Columbia and Alberta whose interests were identical.

Large Catch of Whales in South Africa in Season

DURBAN, South Africa, Sept. 21. -The whaling industry is booming at present owing to the number of excellent catches. Whales are generally in good condition and large sized. Over 600 whales have been captured by two whaling companies with 17 ships, since the season started at the beginning of May. The catch is claimed to be excellent all round though there appears to be slightly less oil content per unit than last year. Whales are plentiful about 50 miles out off Port Shepstone.

Charles W. Frederick, visiting Peace River newspaperman, spoke at a luncheon held today by the council of the Prince Rupert Board of Trade.
