Man in the Moon

A woman can hold the steering wheel as long as the water is calm, but in time of storm and stress, it is the man that takes the helm.

In the old days there were no peanuts and no peanut politicians.

Sometimes new clothes increase our self respect and sometimes they just make us hate ourselves.

Farming pays. You plow your land, sow crops and reap and then sell the land in suburban lots.

I like gardening. I get a Chinaman to dig the ground, sow the seed and keep out the weeds and I do the rest.

I had a little garden
I planted it with seeds
And in the summer I found I had
The finest crop of weeds.

Housemaid: "I was pouring myself out a glass of wine in the dining-room when the butler pounces down on me and says: 'Hullo! I'll have none o' that!'"

Parlormaid: "What did you say?"

Housemaid: "I said I hadn't intended to offer him any of it."

"If you could have two wishes come true, what would they be?" "Well, I'd wish for a husband." "That's only one." "Yes; I think I'd save the other until I saw how he turned out."

There had been a quarrel. "You are no lidy," remarked one. "Ah!" replied the other, "if it wasn't that I was a lidy, p'r'aps I'd be able to tell you what kind of a lidy you ain't!"

A committee of the Board of Trade, consisting of M. P. McCarthy, Thomas McClymont, D. H. Morrison, J. H. Thompson and W. E. Williams, has been appointed to go into the local housing situation. Several hundred houses will be required in the city within the next few months.

A. A. Ewart, one of the members of the firm which has taken over the local sawmill, arrived from the south yesterday and announces that the plant will be taken over and placed in operation on May 1. Other members of the new company are A. E. Munn, N. S. Lougheed and G. G. Abernethy.

Adair Carss Chapter, I. O. D. E., held the first of a series of cinderella dances last night in St. Andrew's Hall. Mrs. Reilly was in charge; G. W. Kerr was master of ceremonies and Constable Adams presided at the door, music being by Harvey's Orchestra.

WATER NOTICE

Diversion and Use

TAKE NOTICE that Alfred H. Bryant, whose address is 609 Bank of Nova Scotia Building, Vancouver, B.C., will apply for a licence to take and use one thousand miners inches or 28 c. f. s. of water out of Buck Gulch Creek, which flows northerly and drains into Dease Creek about eight miles from Dease Lake.

The water will be diverted from the stream at a point about three-quarters of a mile from Dease Creek and will be used for hydraulic mining purpose upon the mine described as Ready Money Lease, Sunrise Lease No. 103 and Creek Claims Daisy and May Blossom.

Water to be diverted from Buck Gulch at a point at lower end of canyon of said creek and carried by ditch and flume over benches to point of use.

This notice was posted on the ground on the 21st day of December, 1928.

A copy of this notice and an application pursuant thereto and to the "Water Act" will be filed in the office of the Water Recorder at Telegraph Creek, B.C.

Objections to the application may be filed with the said Water Recorder or with the Comptroller of Water Rights, Parliament Buildings, Victoria, B.C., within thirty days after the first appearance of this notice in a local newspaper.

The date of the first publication of this notice is March 11, 1929.

ALFRED H. BRYANT.

IN PROBATE

In the Supreme Court of British Columbia, in the matter of the Administration Act, and in the matter of the Estate of Dan McNeill, deceased.

TAKE NOTICE that by order of His Honor, F. McB. Young, the 21st day of December, A.D., 1928, I was appointed Administrator of the estate of Dan McNeill, deceased, and all parties having claims against the said estate are hereby required to furnish same, properly verified, to me on or before the 9th day of April, A.D., 1929, and all parties indebted to the estate are required to pay the amount of their indebtedness to me forthwith.

JAMES McNULTY.

Over Two Hundred Trains Daily

The glass covered passenger train shed at Windsor Station, Montreal.

The largest in Canada and comparing very favorably with some of the largest in the United States, the Montreal Terminals of the Canadian Pacific Railway have 40 miles of double main track, six of single main track, 15 switching and delivery yards, over 300 private individual sidings and three interchange tracks with other railways, making a total of over 250 miles of track. An average of 125 passenger and 100 freight trains are handled daily, the number varying at different seasons. Nearly 8,000 freight and passenger cars are moved every day. 51 transfer and yard engines are in service 24 hours of the day and frequently additional locomotives are required. Between 3200 and 3500 men are employed constantly.

There are two large passenger yards, Glen Yard at Westmount, and Place Viger, of which the former is the larger and more important since it takes care of all incoming and outgoing trains to and from the Windsor street station. An average of 90 trains enter and leave the Windsor station and an average of 40 Place Viger Station daily which means that 65 outgoing trains at least, have to be switched daily, their cars made ready, inspected, watered, iced and cleaned in preparation for their journey.

Freight traffic is more difficult to handle than passenger. Of the 15 switching and delivery yards, Sortin, Outremont and Hochelaga are the largest. Incoming trains are taken in the receiving yard; outgoing in the classification yard and cars held for orders or repairs in the hold and repair yard.

An important feature of freight traffic is the prompt placing of all loaded cars onto the various private sidings, public team tracks and freight shed tracks throughout the city so that the various consignees can take delivery of their shipments as soon as possible after arrival in the receiving yards. Prompt placing of empty cars for loading is another important feature, as is also prompt movement of cars loaded in the city for shipment elsewhere. During the navigation season an average of 400 cars loaded with package freight for export is always waiting to be unloaded. Further, during the grain movement season, there is always an average of 1,000 cars of grain on hand.

Heavy traffic means constant attention to insure maximum of safety. The main line tracks are laid with 100-lb. rail and rock-ballasted. Nearly 200,000 new ties and 2,800 gross tons of rails were laid in the main line and yard tracks during 1927 without causing a minute's delay to traffic. There are four engine houses on the Terminals, each with stalls for from 24 to 36 engines and on the average 186 trains are dispatched every 24 hours for passenger and freight trains. There are on the terminals 226 buildings, 125 bridges and culverts and many hundreds of drains along the right-of-way.
