

EDMONTON AFRAID OF PRINCE RUPERT

Another Hell's Gate in Skeena System

Salmon Being Blocked by Babine Slide but
Department Taking Action

Edmonton may become another "Hell's Gate" is the fear of several thousand tons of rock leaving the side of the Babine River and holding back half a million sockeye salmon trying to enter Babine Lake to spawn.

Hospital Launches Campaign for Funds

At Least \$102,000 Must Be Raised If Institution
Is To Run At All

Prince Rupert General Hospital needs \$164,000 to operate efficiently, and it needs \$102,000 "if we're going to be sure it will continue to operate at all," E. T. Applewhaite, Skeena MP and hospital fund campaign chairman, told a group of 80 community leaders at a dinner last night.

Visitor Shows Rotary Films

Rotarians today were treated to a showing of scenic and travel motion pictures by George Wickham, Rotarian and city council member of Glendale, California. Mr. and Mrs. Wickham, in company with Mr. and Mrs. Robert Fortner, arrived here by car last night, having travelled via the Big Bend Highway. They leave tonight on southbound Prince George. Mr. Fortner is a member of the Civil Service Commission at Glendale.

Curling Rink Before Winter is In Prospect

Keen Members of Club Will Decide on Seal
Cove Project This Week

Establishment of a curling rink in Prince Rupert by the coming winter is again a live possibility. A meeting of the executive of the Prince Rupert Curling Club is called for this Friday to "decide one way or the other," says Neely Moore, enthusiastic president of the club.

Vote is Over December

One Hundred and Seventy
Ballots at By-election
Up to 11 a.m.

WEATHER

Synopsis
Warm dry weather will continue over the southern half of the province for at least the next two days. Bright sunshine will raise afternoon temperatures in the southern interior tomorrow to the mid eighties and in the Prince George area to the high seventies.

It is fine in the Prince Rupert area today but a flow of warm moist air on shore is expected to develop tomorrow and possibly bring rain.

Forecast
North Coast Region—Variable cloudiness today. Cloudy tomorrow with occasional light rain or drizzle in the northern part. Wind light, increasing in the northern part overnight to south-east twenty miles per hour.

Lows tonight and highs tomorrow—At Port Hardy, 50 and 60; Sandspit 55 and 65; Prince Rupert 55 and 60.

Mr. and Mrs. L. H. Dennison, who have been holidaying for the past three months in Seattle and Portland, arrived in the city yesterday on the Prince George. Mr. Dennison continued on to Whitehorse while Mrs. Dennison is staying over here for a visit with her brother and sister-in-law, Mr. and Mrs. John Gurvich, 736 Fifth Avenue West.

AUSSIE TREES
Most Australian trees are of the Eucalyptus type, numbering more than 200 species.

Is Drowned in Skeena River

Body of Robert Kale, Native
Fisherman, Is Recovered

Body of Robert Kale, 31-year-old Hazelton native, drowned Tuesday evening in the Skeena River from his fishing boat, was recovered Wednesday afternoon. Kale went into the water near Aberdeen and the body was picked up by police near Tye a few miles downstream.

Kale's wife, also fell into the water at the same time but she was picked up by another native fisherman, Kelly Morgan. Kale was fishing out of North Pacific cannery.

The body has been brought to Prince Rupert. The fatality occurred when Kale leaped over from the side of his boat in the attempt to save his net against which a floating log was drifting. His wife fell in when she attempted to reach him and pull him out.

Sugar Ray Is Winner

NEW YORK — Sugar Ray Robinson, suddenly turned killer by blood streaming from his left eye, won back the world's middleweight title from Britain's Randy Turpin Wednesday night on a technical knockout with a violent attack that forced Referee Ruby Goldstein to stop the fight at 2 minutes and 52 seconds of the tenth round.

Unleashing the full fury of his bombs after the sturdy Briton had opened a gash in his left eye, the sleek Sugar Ray from Harlem shot the works in one furious burst that yanked to its feet, a sell-out crowd of over 3,000 persons at the Polo Grounds.

One thunderous right to the head, coming out of a flurry of blows, caved in Turpin's tricky defence. Down went the 23-year-old Negro on his back. Taking full advantage of the count, he craped himself off the deck at the count of nine.

But Robinson, who had lost his 160-pound crown in a tremendous upset in London July 10, was not to be denied. Pinning Turpin against the ropes with the fury of his drive, he rained blow after blow at the reeling champion.

All Randy could do was twist his head. He could not even raise his hands to ward off the stunning blows. Just when Randy appeared ready to pitch forward on his face, the referee stopped it.

At the end Turpin reeled forward wildly and almost sank to his knees.

William Chorney, 29-year-old Prince Rupert man, for information as to whose whereabouts radio appeals were made last night, was located safely at Terrace and is home again.

Reds Seeking UN Admission

TOKYO — Peiping radio threw out a hint tonight that the price for resuming Korean truce talks would be the admission of the Allis that all Red truce violation charges are true.

The United Nations command has so far rejected all of the Red charges but one. It admitted the accidental strafing of Kaeson neutral zone.

Similarity in the past years of the polling pace could indicate that the same people vote at the same time each year.

By 11 a.m. today, 170 voters had visited the polls. Last year, at the annual election, 130 ballots had been cast by the same time; the year previous, 172 had voted and three years ago it was the same as last year—160.

In charge of the election, Returning Officer R. W. Long expects votes will be counted an hour after polls close at 8 p.m. Miss Audrey Wrathall is deputy returning officer.

Poll clerks are George Royals, Mrs. Andrew Thompson, Mrs. William Bond and Mrs. Louise Crompt.

Mrs. Eric Trumbell and daughter, Eleanor, return home on the Prince George yesterday after a holiday visit to Vancouver and Seattle.

May Lose Supremacy Over Hart Highway

EDMONTON (CP)—The Edmonton Chamber of Commerce is afraid that the new Hart Highway will endanger Edmonton's position as chief trade centre for the north country.

The chamber's shippers' committee said that peculiarity of railway freight rates makes it cheaper to ship from Eastern Canada to Vancouver than to Edmonton. It foresees the possibility of goods being shipped to Vancouver, then to Prince Rupert by boat, and from there (via Prince George) over the Hart Highway to Dawson Creek.

From Dawson Creek rail shipment could be made to Grimshaw, connecting with the Mackenzie Highway and thence to such points as Yellowknife.

These northern points now do their trading with Edmonton offices of manufacturing and other firms.

Alaska Squadron is Grounded

FLASHES

AIRLINER CRASHES
SAN FRANCISCO — A mammoth, double-decker airliner, on a test and training flight, crashed on its back in shallow water in San Francisco Bay today, killing three fliers aboard.

It carried no passengers. United Air Lines said the Stratocruiser was being flown by two senior captains, veterans in the service.

SCHOONER SINKS
HALIFAX — The Newfoundland fishing schooner, Jean and Mona, sank in the Grand Banks off Newfoundland yesterday several hours after being gutted to the waterline by fire. Marine radio here said all crew members—numbering about 20—were picked up by the schooner L. A. Dutton.

MARYLEBONE IS WINNER
MONTREAL —The touring British Marylebone Cricket Club yesterday wound up its tour in Canada with All-India West Indians. The score was MCC 254 for seven wickets declared, West Indians 85.

There have also been six other aircraft crashes of recent weeks, taking nearly 100 lives in all.

Wage Agreement Reached in Pulp Paper Industry

VANCOUVER (CP)—A conciliation board recommendation of \$1.40 an hour basic pay has been accepted by 4000 paper mill workers and mill operators in British Columbia.

H. L. Haksen, international representative of the International Pulp, Sulphite and Paper Mill Workers, said Wednesday that the agreement means 16 1/2 per-cent wage increase with a minimum boost of 22 cents an hour.

It is the first industry-wide contract in the pulp and paper industry here.

The agreement also provides a 40-hour week and a cost-of-living clause of one cent for every 1.3 point rise in the government index.

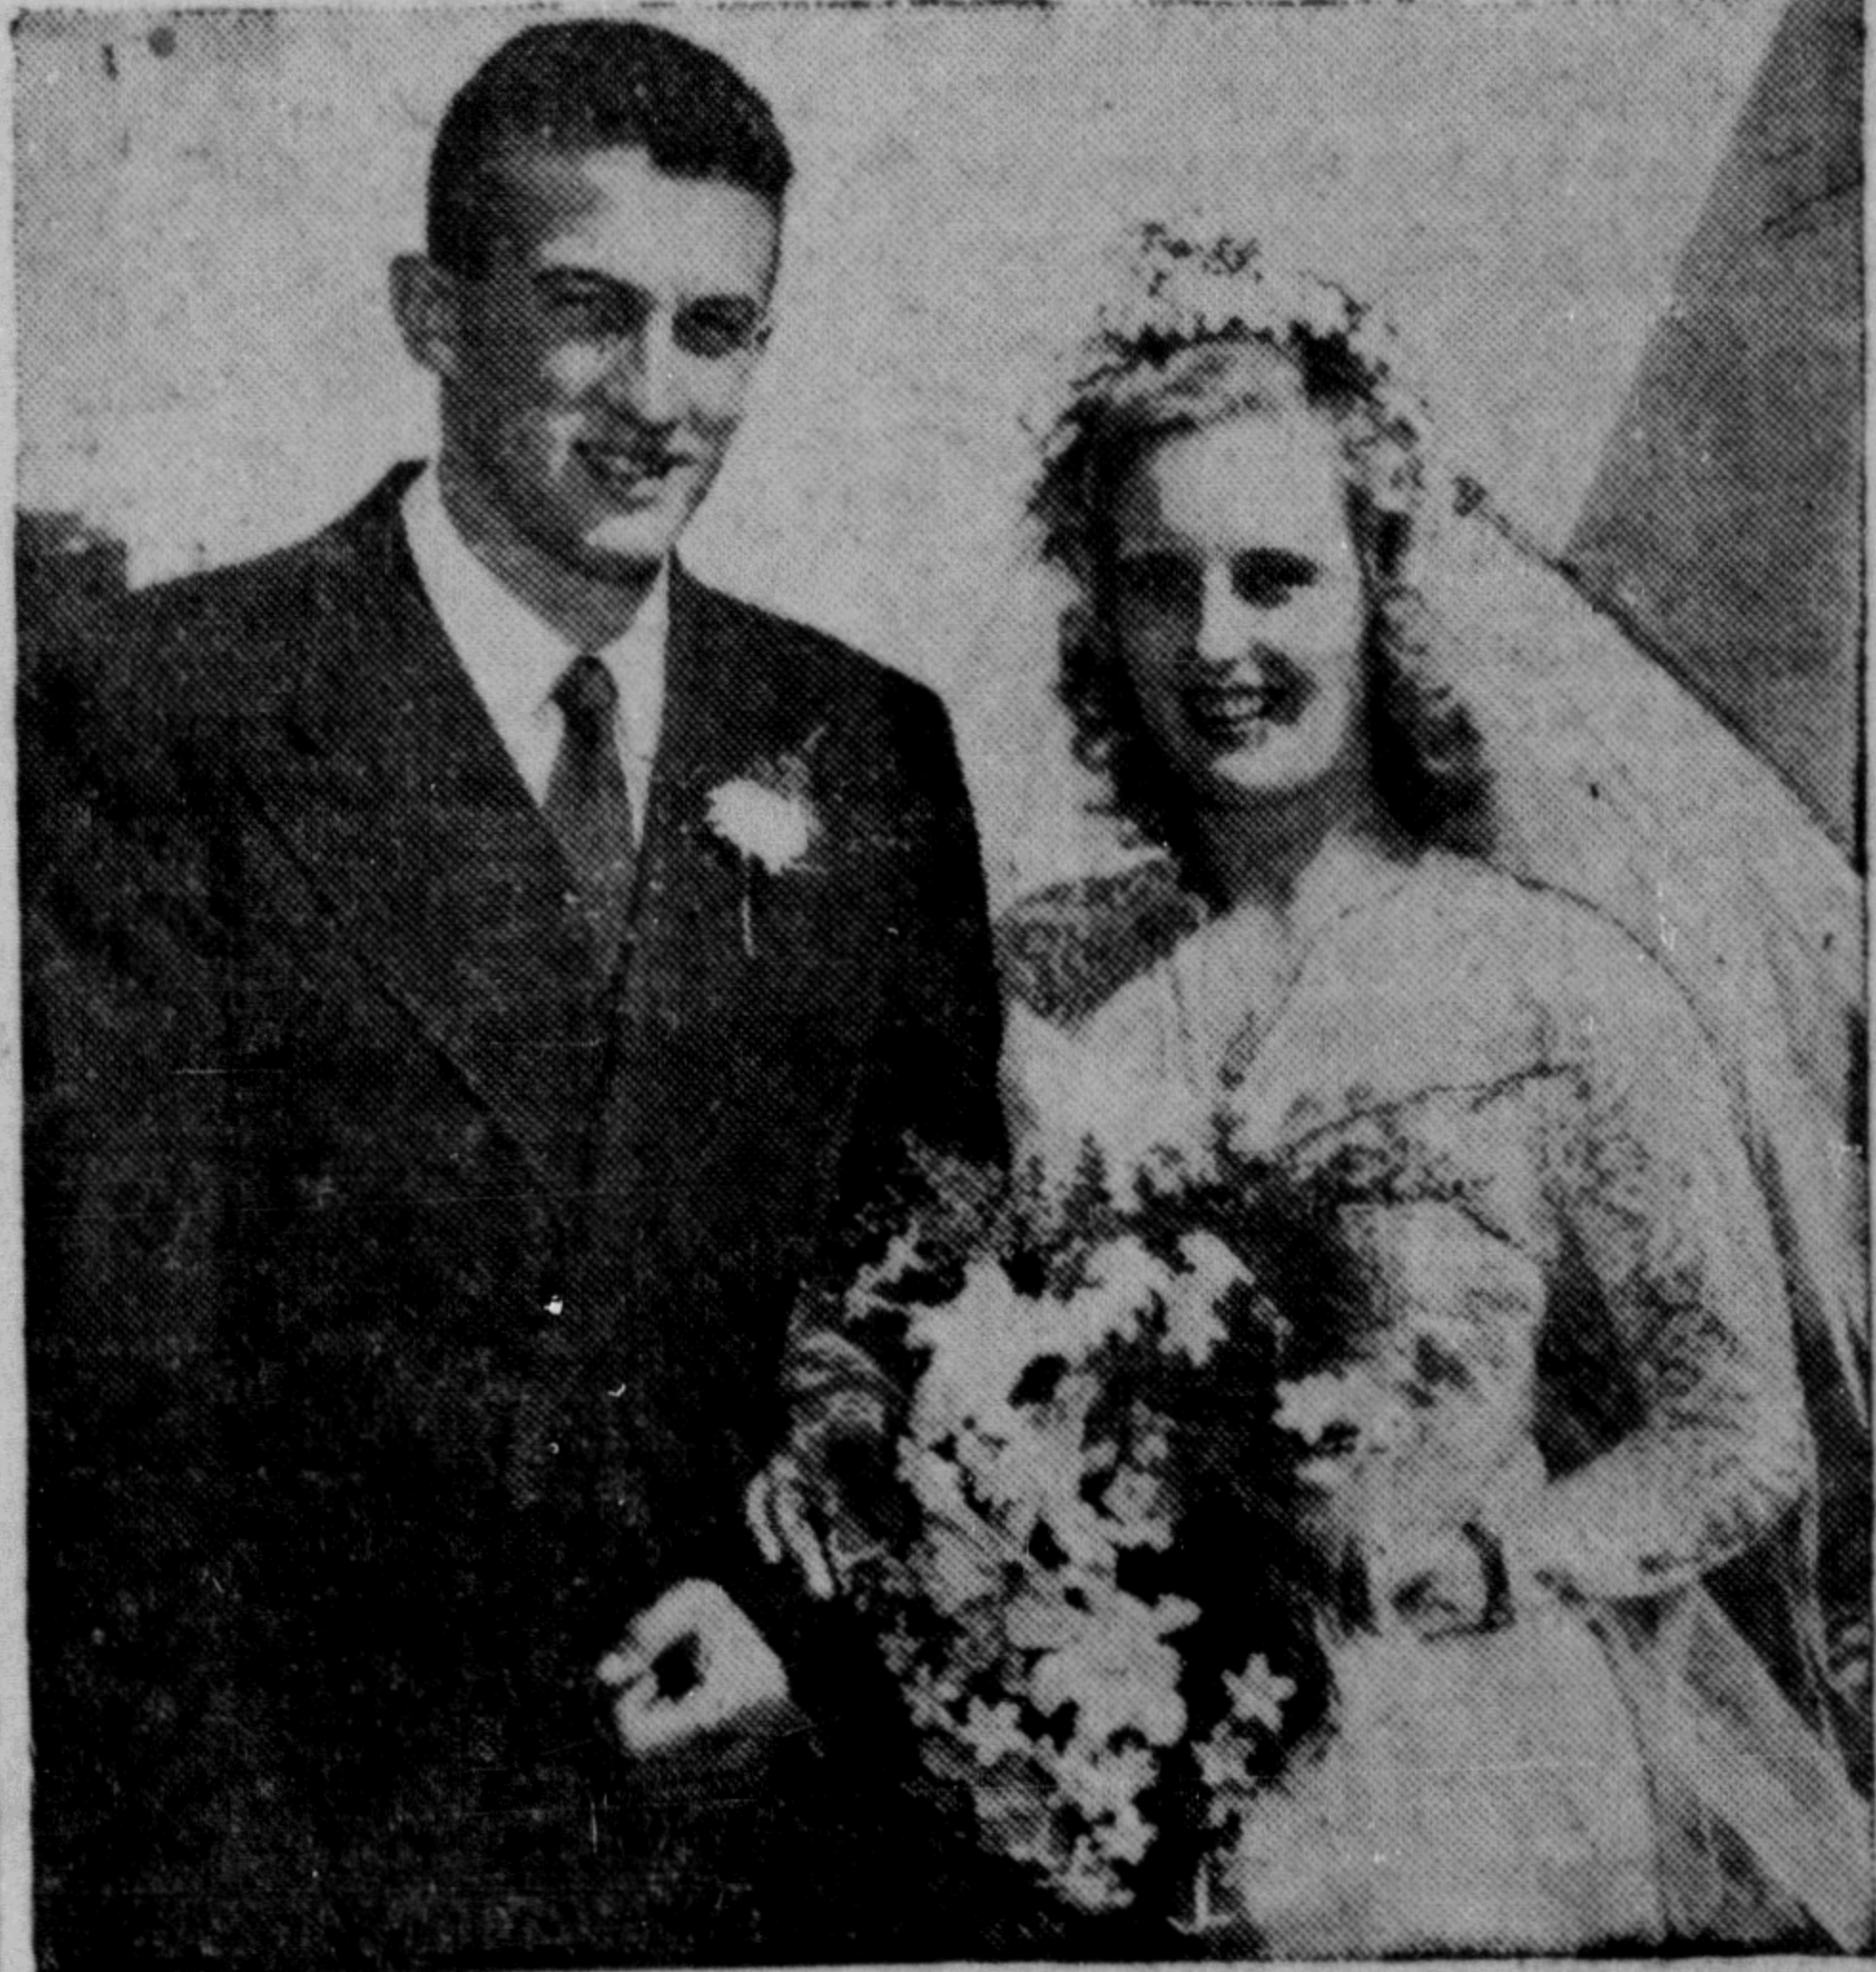

Companies signing are Alaska Pine and Cellulose; Bloedel, Stewart & Welch; Powell River Co.; Howe Sound Pulp, and Columbia Cellulose.

Living Controls Labor Demands

HALIFAX —The Trades and Labor Congress Wednesday revived its demands for national health insurance and direct government measures to hold down living costs.

To combat inflation, Congress at its annual convention proposed a 100-per-cent tax to be imposed on excess profits and proceeds be used to subsidize food and other necessities to reduce their cost to the consumer.

It added: "We deplore the lack of any provision for re-institution of price controls and weak and ineffective steps taken against inflation which serve only to further reduce the purchasing power of the workers already at a low level."

STORY-BOOK ENDING — Hilda Alev, 23-year-old displaced person who came to Canada as a domestic, is happily married to Miles Keenleyside, also 23, son of Dr. H. L. Keenleyside, former deputy minister of immigration and now with the United Nations. The bride was employed in the Keenleyside home for a year before she took up employment with the International Refugee Organization. (CP PHOTO)
