Fall Session. Is Expensive.

It was necessary that there should be a fall session of Parliament, but it might have been an adjourned session. That would have answered the purpose and would have saved the country money in several ways. In the first place there would have been no second indemnity for the members. As it is, however, they earned their indemnity when the house closed and they will get another for this extra session. We are not sure what the indemnity is but we believe it to be \$3,000. That doubled makes a nice little thing for war times. It is one of the privileges of democratic governments.

A somewhat similar condition arose at Victoria, but there the government declared that the indemnity of \$1,800 was enough for one year and instead of closing the session they adjourned it and there was no second cheque for the members.

Another saving in having an adjourned session rather than a new one is in the matter of time. There is no speech from the throne at an adjourned session with the consequent interminable debate about nothing in particular. Members have to talk about something when they talk. That, of course is a hardship.

Snobbery Feared At B. C.'s Capital.

The people of Victoria are much perturbed over who is to meet the Prince of Wales when he comes there. At a recent meeting Col. Lorne Ross voiced the fear that he would be monopolized by the social set and that the real people would not catch a glimpse of him. It was also suggested that he be provided with a horse to ride so that he might not be whisked away beyond the speed limit in the Lieut.-Governor's auto.

There will undoubtedly be many heart-burnings over who is who and why. The Prince himself has expressed the wish to have all functions open to the public, but unfortunately there are no buildings large enough to accommodate the crowds. This is another of the little difficulties caused by our democratic spirit.

Brewery Has at Last Been Caught.

The Silverspring Brewery has been fined for selling beer that was found to contain four and a half per cent alcohol. Hitherto it has been the retailer who has had to pay such fines. The local police commissioners recommended to the prohibition commissioner that he should get busy and see that the retailers were protected by making the manufacturer live up to the law. He has been a long time doing anything, considering the flagrant breaches of the law which have been apparent to everyone but a government official. It is satisfactory, however, that at last some action has been taken.

The News believes that all should be treated alike in matters of this kind. Hitherto it has been the retailer who has had to pay fines, often for no fault of his own. The place to deal with this overproof question is certainly at the fountain head, where the stuff is made.

DID YOU EVER THINK

why that skin trouble, from which you are suffering, will not heal? It is because it is so deeply rooted that ordinary ointments are incapable of penetrating to the seat of the disease.

Zam-Buk, on the contrary, is so refined that it is capable of reaching the underlying tissues, and that is why so many cases of skin trouble, which have defied all other treatments, have yielded to Zam-Buk.

Don't delay! Get a box of Zam-Buk and prove it for yourself. Not only is it best for eczema and all skin troubles, but also for ringworm, ulcers, old sores, blood-poisoning, boils, piles, burns, cuts and all skin injuries. All druggists or Zam-Buk Co., Toronto. 50c. box, 3 for \$1.25.
