## Senate Adopts Resolutions Regarding Treaty of Peace; King is Candidate in P.E.I.

Government criticised for having neglected to deal with the Cost of Living after authority given it; Sir Robert Borden expresses regret at delay

(Special to The News via G. T. P. Telegraphs.)

Ottawa, Sept. 5.—The Senate last evening took the lead in the ratification of the peace treaty and the agreement between the United States, the Governments of the British Empire, France and Germany with respect to military occupation of the Rhine lands. It adopted the three resolutions which the Government had placed on the order paper. A request for an extension of time to consider the documents was not acceded to.

In the House of Commons debate on the address followed a somewhat perfunctory course at the afternoon sitting. The cost of living came in for some sharp criticism. The statement was made that July and August had passed without anything being done under the Board of Commerce Act passed at the last session. With something like three and a half years of investigation, Mr. McKenzie said, he thought the Government should have been ready to reduce the cost of necessities without delay.

Sir Robert Borden said he regretted it had not been possible to appoint a Board of Commissioners earlier.

It was announced here today that Hon. W. L. McKenzie King, leader of the Liberal party, had accepted the nomination for a Prince Edward Island constituency.

## LABOR LEADER WANTS TREATY

Demands that Senate Ratify it in Order to Stabilize Conditions.

(Special via G. T. P. Telegraphs.)

Cleveland, Sept. 5.—Immediate ratification of the peace treaty including the League of Nations by the United States Senate was demanded by Warren S. Stone, grand chairman of the Brotherhood of Locomotive Engineers.

He said he did not know of anything that would tend to stabilize conditions so much as the settlement of this question.

## PECK TAKES UP LOCAL MATTER

Brings to Attention of Minister of Customs Handicap Under Which This port Labors.

(Special via G. T. P. Telegraphs.)

G. A. Woodland, manager of the Imperial Oil Co., this morning received a letter from Lieut.-Col. C. W. Peck regarding allowing an American tanker to carry distillate from Inco, near Vancouver, to Prince Rupert. The member says that he is taking the matter up with the Minister of Customs and if no action is taken as a result to wire him again and he will again take it up with the minister.

There is plenty of distillate at the refinery at Vancouver, but none to speak of in Prince Rupert. There are no Canadian tankers on the coast but the tanker Atlas, which is under American registry, is available. Under the orders of the government, however, she cannot carry freight from one Canadian port to another. In the meantime the fishermen are unable to get their fuel here and the port is much handicapped.

## MINING MAN PAYS VISIT TO STEWART

Preston Locke of the American Smelting & Refining Co. Returns From Examining Properties.

Among the many mining men in town yesterday was Preston Locke, representing the American Smelting & Refining Co., the owners of the Tacoma Smelter. He has been to Stewart and was much pleased with the general outlook at that place. While speaking very conservatively of the prospects he said that the fact that he has been there twice this year and that he had remained a number of weeks on the second occasion, showed that he was intensely interested in the district.

Mr. Locke said it was too early to predict just how big a camp it would be, but the Premier and the Joker were already mines and there were a great many good prospects that were being proved. R. K. Neil had spent a lot of money on the road through Alaskan territory and that was the only way to develop it. He thought the people of the district were going about the work in the right way.

Naturally Mr. Locke was very reticent in regard to what he had seen. He said that his company was interested in the district. The managing director of the concern had recently made a visit to Stewart and had examined some of the properties. That in itself was proof that they thought the camp had a future. Mining men did not usually flock around a place where there was no prospect of developments.

## OVER FOURTEEN FOR HALIBUT CATCHES

Pacific Sea Products Steps Into Buying Ring and Purchases Panama's Cargo.

At the Fish Exchange this morning the price of halibut soared over the 14 cent mark and with the keen bidding the fishermen had hopes of fifteen cents. The prices paid averaged 14.1 for first class and 9.2 for second class. The following boats sold their catches: Tye, 10,000; Lincoln, 8,000; Volunteer, 4,000; Cora, 12,000; Hilda, 14,000; Brothers, 27,000; Vesta, 15,000; Niagara, 11,000; Marguerite, 12,000; Minnie V., 9,000.

Yesterday the Panama sold to the Pacific Sea Products at 10 and 7 cents. The fish were put in the local cold storage. This is the first purchase by that firm. The Chief Skugaide came in the night before last with a grand catch of 100,000 black cod.

This morning shortly before eleven o'clock the trolling boats Bravo and Dip arrived in from the banks. The former had 500 cohoes and the latter 400. The selling price was 78 cents for cohoes and 7.10 for other salmon.

## THE LADY AND THE TIGER (OF FRANCE)

GEORGES CLEMENCEAU IN A NEW ROLE FROM THE LONDON SPHERE.

Among all the great figures whom France loves and whom she welcomed to her peace celebration on July 14 one stands out alone—that of Clemenceau. "Père Victoire," the army calls the man who fought so tirelessly and so magnificently. On what was, perhaps, the greatest day in the history of France her people's deepest cheers were for the octogenarian statesman, who never faltered or hesitated even when the day was darkest but who, fighting at home as gallantly as the poilus were fighting at the front, led his country to victory.
