

INDIGESTION AND CONSTIPATION

Quickly Relieved By "Fruit-a-lives"

Rochon, P. Q.

I suffered for many years with terrible indigestion and constipation. A neighbor advised me to try "Fruit-a-lives". I did so and to the surprise of my doctor, I began to move and he advised me to go on with "Fruit-a-lives". I consider that I owe my life to "Fruit-a-lives" and I want to say to those who suffer from indigestion, constipation or headaches—try "Fruit-a-lives" and you will get well".

MANY SPORTS AT THE FAIR

Indian Teams are Expected and Telkwa and Anyox Will Have Baseball Nines Here.

One of the most outstanding features of the Fall Fair will be the full program of sports which is being arranged by the directors. The Aiyansh football team will be here and if it is possible will be matched with the Kitimat eleven. Last year there was very great interest in these Indian events and everything will be done on this occasion to stimulate the interest of the many visitors from the outside. In former years it has been hard to find accommodation for all who come and a special effort will be made this year to have living quarters for everyone.

The Port Essington Red Sox have been entered for the baseball competition and other teams will be invited to take up the game. Ben Self will arrange for at least one other team so that the match will be well worth seeing. Besides the baseball and football teams it has been rumored that there will be some specially first class Indian athletes who will enter for the jumping and the foot races. The boys have been practising around the canneries during their spare time and are said to be in very good shape.

The local baseball boys are going to have a very busy time as there are to be teams from both Telkwa and Anyox. Transportation will be reduced considerably and many supporters are expected along with the respective nines. Rupert more than ever is going to be the mecca of pleasure seekers for the three fair days. From all the neighboring districts residents are going to avail themselves of the opportunity of seeing and conversing with people who are visiting from other parts.

ORE FROM THE SPIDER HERE

S. G. Benson Brought in Sample Yesterday From Stewart Showing Native Silver.

S. G. Benson came in yesterday from Stewart bringing a sample of the ore from the big strike of native silver from the Spider property. It was very rich stuff and he says it assays 2,000 ounces to the ton. He says it is a very large showing and it has caused a good deal of excitement in the camp. The property is owned by R. Woods and Bob Martin, but there are others interested, including Harry Rochester of this city.

Mr. Benson says that they have a very fine chunk of ore for the Prince Rupert Exhibition. It is one of the richest and most handsome pieces he had ever seen. The native silver makes a peculiar formation.

Mr. Benson is very enthusiastic over the camp, and especially over the Spider property which he thinks will be a big thing.
