

BO-ME-HI NEWS

Wrangell And Petersburg Series on Bo-Me-Hi Tapis

Now that the Ketchikan series is over and the bitter pill of defeat doesn't taste so bad, Bo-Me-Hi can look forward to better things. Plans have been laid this year for more high school series than in previous years. If these plans materialize we could easily have the most successful basketball season in our history—win or lose.

First on the list is a series with Wrangell, Alaska, on January 29 and 30 in this city. A series away from home is planned for February 17 and 19 at Petersburg, Alaska. This series will be played if transportation arrangements can be made for the boys' return trip, the difficulty being that the boat stops at Petersburg only twice monthly. Arrangements for having a series in Rupert with the Petersburg squad may or may not materialize. It depends on how far the Petersburg team can go in the South Alaska elimination series. If they are eliminated quite early, a series will be held here in March.

Contact has been made with Mount Edgcombe, Alaska, for a series in Prince Rupert but there is nothing definite on this as yet.

New Teachers

Mr. Davidson

Mr. Davidson, the vice-principal, came here from Powell River. He taught school in that district for 12 years.

He coaches a basketball team and is very popular with the boys as with the rest of the school.

Although he is very fond of sports he says that English rugby is the only one in which he excelled.

He was born in Victoria, going from there to California where he spent 4½ years. Coming back, he completed his high schooling, and hence attended U.B.C. Since then he has been teaching in different parts of the country.

Mr. Davidson is married and the father of five daughters.

Mr. Aldridge

Mr. Aldridge was born in Basingstoke, Hampshire, England. He attended preparatory school for seven years, then Sir Robert Mays College for five years.

He then wrote an entrance exam for the Technical Training College for Engineering and Scientific Research at Farnborough. He passed this exam, rating second out of 200 applicants. He had a 6-year apprenticeship and graduated with English and Higher National Eng-Certificate. He was employed as a technical officer of the Royal R.A.E. Aircraft Research Est., Farnborough.

In the war years, he was attached at various times to three services—an photographic observer with the R.A.E. two years on an aircraft carrier with the Royal Navy, and attached to R.A. in Germany.

His favorite sports are cricket,

swimming, cycling and horse-back riding. He came to Canada in 1947.

Personalities

Leona Webster (Girls' Sport Rep.)

Leona Webster leads a busy life being girls' sports rep., a cheerleader, and playing basketball.

Leona was born in Prince Rupert and attended Borden Street for her elementary schooling. She is now in grade 11 and is taking a commercial course. She says she enjoys all subjects, particularly P.E. Leona enjoys all sports and her favorites are swimming and basketball.

She was an Alderman on Future Citizens' Day and takes an active part in all school activities.

Jack Sharpe (Boys' Sports Rep.)

Jack was born in Mirror, Alta., on Jan. 2, 1931. He attended the Rippling Elementary School there and at the age of seven came to Prince Rupert. He completes his elementary schooling at King Ed and is now in grade 12.

He is taking the general course and his future is undecided.

His favorite sports are basketball and baseball and he pitches some mean games in the summers.

Rainmakers In Big Time

One week ago the Bo-Me-Hi "Rainmakers" played the Harlem Globetrotters. This is the second time that the Rainmakers have played this famous team in three seasons. It is probably the only High School on the continent to have played the Globetrotters twice and the "House of David" once in such a short period of time.

Montreal.—Forty delegates are slated to attend the opening session Monday of the Seafarers International Union, Canadian district. They are to discuss for "an intensive organizational drive against any remaining non-union vessels and companies."

Bo-Me-Hi BONERS

Hard water is bad for household uses because it scratches the furniture.

The judge was very kind. He asked the deceased if he had anything to say.

Our forefathers are not living as long as they used to.

Tobacco lowers the mentality of the heart.

Algebraical symbols are used when you do not know what you are talking about.

As the forty-niners travelled west they beset by famine and disease; many left their bones bleaching in the plains behind them.

In Salem, 19 old women, a few of whom were men, were hung.

Although the patient had never been fatally ill before, he woke up dead.

Three shots rang out. Two of the servants fell dead, the other went through his hat.

A Scout is a friend to all, and a bother to every other scout.

COAST SALMON

Salmon canneries on the Pacific coast began to vie with Atlantic fisheries as early as 1880.

ALWAYS BRITISH

Barbados has always remained in the possession of Britain, by whom it was settled in 1627.

Effective Living Is Demonstrated

The grade ten girls held a Talent Show in their Effective Living class in connection with the unit "Living Effectively With Others" which they are taking now.

This showed that the class was interested in the unit and that they are living effectively with others and can also get along with others.

All of the talent was singing, the first songstress being Pat Twaites singing the "Cowboys Lament." This appealed as it was very sad. June Henry and Helen Kondratuick then harmonized, "In a Little Dutch Garden," "Simple Melody," and "You're Just in Love." All of these songs were done very well.

Another sad song was sung by Anna Swang and Roberta Paul which was "Old Shep" a very popular dog song. Dorothy Marshall sang two popular songs, "Up the Lazy River" and "I'll Never Be Free." Barbara Moore and Jean Gibb also sang.

BUILD MARINE

The Indian Mercantile Marine has about 400,000 tons of shipping and more medium-sized ocean vessels are being built.

ACHING BACK?

Why suffer with backache or painful joints? Many find quick relief by taking Dr. Chase's Kidney-Liver Pills. This proven remedy treats two conditions at once: contains special remedial ingredients for both kidney and liver disorders which often cause backache. Dr. Chase—

J.C.'s Plan Big Festival

SMITHERS—Jaycees are planning to add another big spring-time success to their record of top entertainment programs, but negotiations are proceeding. This year's effort will be known as the Bulkley Valley Follies of 1951, and the Klondike Night of 1951. Features will include a Miss Bulkley Valley of 1951 Beauty Queen contest; an industrial and commercial exhibition of the valley; the best Central B.C. dance orchestra obtainable for the two day festival; carnival and midway games and other features dependent upon the availability of time.

A Good Host is a Mind Reader

Tastes differ. Some like dry drinks, others the opposite, sweet drinks. Only because Burnett's is an EXTRA DRY (unsweetened) Gin can you add or leave out the sweetness and meet every individual preference.

BURNETT'S Red Label LONDON DRY GIN

"Captain Morgan's in town!"

And he rates a distinguished welcome in any gathering... for Captain Morgan is Canada's largest selling rum. Gold Label is rich and full-bodied... Black Label is extra smooth and flavourful. Try Captain Morgan Rum—you'll like it!

BULGER'S JEWELERS

Examination Time Again

Students of Booth Memorial High find that examination time is upon them once again and, as a result, many students are staying home evenings for the purpose of studying. Many students skip movies, basketball games and other activities of their own accord, but there are a few students who must be prompted by mother and reminded that a good report card usually pays off better than an evening's fun. The report cards will be issued in February.

HMCS Chatham Makes Donation

A donation of \$10 was received by the Bo-Me-Hi Band Fund from HMCS Chatham. This donation and the others from the Trades and Labor Council and Co-op were gratefully received.

Senior Dance Is Coming Up

The dance which was to be held December 20 will take place on Friday, January 19, in the Navy Drill Hall.

This dance it is hoped will be an annual affair and will be called the "Snow Flake Ball."

Senior students may invite one guest of the opposite sex. The dance will be informal.

The Senior Council is looking after other arrangements for this affair.

There will be a Valentine formal dance in February at which the Bo-Me-Hi Queen of 1950-51 will be crowned.

Presentation Of Sweaters

The recent Christmas Card Sale contest sponsored by the Students Council was very successful. Bill Toderas, who sold the greatest number of Christmas Cards, received a beautiful school sweater which was practically donated by Bill Stone. Jean Golds was such a close runner up that the Students' Council decided to present her with a school sweater also.

John Antrobus looked after the contest and did a splendid job of it. He is due appreciation for the time and effort he shows in school spirit which is lacking in many students of this school.
