

FIRE INSURANCE

Fire insurance is the cheapest commodity on the market today. The rate on your dwelling is from \$1.30 to \$2.00 for each \$100.00 of insurance for 3 years, depending on its location. This means that if you carry insurance on your dwelling for 156 years without a fire you will have paid out only the amount for which you are insured. It is so cheap you can not afford to be without it. We write it.

The Board of Trade last night decided to ask Birks & Co., of Vancouver, to return some silver bullion which they hold and which is the property of the board. The cost of making it into a trophy is too high to warrant the board spending the money just now.

Many a CUT GLASS Ad.

But never in our lives have we felt that we did the subject justice.

And we never expect to. Because we have in a command of words that will describe the beauties of our cut glass.

We can tell you that it radiates light of endless colors, of its weight, and that there is no higher grade of cut glass made, etc., and yet we feel that we haven't said much about it.

To make it easier will you just make a visit here?

Restoring The Eyes

Do you know what is the best restorer for tired eyes? We will tell you. It is sleep. Shakespeare says "O Sleep! O gentle Sleep! Nature's soft nurse. And young, tired Nature's sweet restorer. Balmy Sleep!"

BUT, morning comes, then the day of work and worry. Rested eyes soon grow weary again, and perhaps some slight and almost unnoticed defect adds to the fatigue.

THIS can only be remedied by means of suitable lenses. Next to sleep, the greatest boon for jaded eyes is a pair of Joudry's glasses, made to neutralize and correct all the deficiencies that cause discomfort.

OUR business is to discover and remove the slight errors that cause tired eyes.

PROTEST AGAINST THE AGENT GENERAL

Board of Trade Decides to Write Premier in Regard to What Seemed Like Sectionalism.

At the meeting of the Board of Trade last night, exception was taken by G. W. Nickerson to an article appearing in a Vancouver paper in which the Agent General referred to a good many industries as being all within one hundred miles of Vancouver, the impression being that he had the interests of that city in view.

It was decided to write Premier Oliver drawing attention to the article and suggesting that the Agent General should be informed that he represented the whole province and not Vancouver only.
