

# Progress Made At Kaesong Armistice Parley

## Momentous Parley is Concluding Late Today

Proceedings Are Closely Guarded—Newsmen Barred

SEOUL (CP)—Cease-fire representatives today "made progress toward agenda to discuss an armistice," United Nations representatives said tonight.

The discussions will end at 10 a.m. Wednesday (5 p.m. Tuesday Pacific Daylight Time) in Communist-occupied Kaesong.

A communique, issued by headquarters of United Nations commander General Matthew W. Ridgway said that the two opening sessions on Tuesday were held in "open and formal atmosphere."

At the outset of the talks, Vice-Admiral C. Turner Joy, head of the five-man United Nations delegation, announced that discussions would be restricted to military matters in Korea. He said the Allies would not talk about anything else—no politics, no economics, no military affairs elsewhere.

Allied war correspondents were not permitted in Kaesong. Brigadier General Frank Allen, chief of information, announced plans to send 16 correspondents to Kaesong Wednesday were cancelled because General Ridgway "will do nothing to jeopardize the success of the conference." He said that newsmen would be sent to Kaesong "after the conference is on the track and there is assurance that it will stay on the track."

A report on Tuesday's sessions was given to the press by an Army officer who had not been at the four-hour Kaesong meetings. He said the Communists had designated a "United Nations House" in the war-ravaged city for use of United Nations delegates.

The Allies returned Tuesday night by helicopter to their "peace camp" at Munsan without comment. When they arrived in Kaesong in the morning, the briefing officer said, United Nations officers were met by American jeeps which preceded them there.

Helicopter pilots reported the delegation was met by 15 jeeps—loads of Chinese, including some armed sidearms. They said that armed Chinese stood guard around the field where helicopters were parked throughout the day.

RED STATEMENT  
As the briefing officer was making his report, the North Korean Communist radio at Pyongyang said withdrawal of all foreign troops was one of the conditions of a peaceful settlement of the Korean war.

The Red radio said that eventual settlement of the Korean problem should be left to the Korean people themselves.

However, the Kaesong talks, as outlined by Admiral Joy for the United Nations viewpoint, will be restricted entirely to military matters.

In his opening statement, Admiral Joy called on the five Red generals to show good faith in the negotiations and pledged United Nations delegation would do the same. This, the Admiral said, would generate an atmosphere of confidence.

## Exhibition Gross Take \$14,000

Executive of the Prince Rupert Civic Centre, at a meeting last night, heard that the gross take from the Exhibition (carnival) last week had been some \$14,000.

Last year with a gross of \$13,000, the carnival cleared about \$2800 so it is felt that the net return this year will be at least that good.

NEW LUXURY SHIP on the B.C. coast is the Canadian Pacific's "Princess of Nanaimo," now in regular service between Vancouver and Nanaimo. Built in Scotland, the 7000-ton vessel has space for 1,500 day passengers and 130 automobiles. A busy summer is seen for her in view of the growing traffic between the mainland and Vancouver Island.

## Alcan Heads Coming Here—To Visit Terrace, Kitimat

Top officials of the Aluminum Co. of Canada will be here at the end of the month and Minister of Lands and Forests E. T. Kenney is coming north from Victoria to meet them. R. E. Powell, president of Alcan, and McNeely Dubose, vice-president, will be in the party.

Terrace will be the rendezvous point for the executives with Mr. Kenney who has advised J. D. McRae, MLA for Prince Rupert, with the suggestion that he also be there to meet them.

The special visit to Terrace lends support to the generally accepted belief that there will be early developments in connection with the building of a highway or railway or both from Terrace to Kitimat, the site of the great aluminum plant.

From Terrace, the party will come on to Prince Rupert to embark here by private yacht for Kitimat.

## West Berlin Is Grateful

BERLIN (CP)—A grateful West Berlin today immortalized 51 American and British fliers who gave their lives to the mighty air lift that broke the back of the Soviet blockade two years ago.

West German and Allied officials joined in dedication of a memorial to the men who died in crashes during the 11-month siege in which West Berlin was fed by air transport alone.

## US Production Chief Fears Red Manoeuvre

WASHINGTON, D.C.—Charles E. Wilson suggested last night that the Communist truce bid was a "manoeuvre" to induce the United States to drop its guard.

"Why did the Russian representative to the United Nations—Jakob Malik—make his cease-fire proposal just one week before the Defence Production Act was due to expire?" the mobilization director asked in a country-wide radio and television broadcast.

Wilson said he was "shocked to learn" there was a movement to "wreck, even before true arrangements, the country's defence program."

"I can't believe that Soviet Russia, in coming out for a truce in Korea, has altered its long-term plans. I can only believe that it is but the latest manoeuvre in a series of actions designed to weaken the free world."

## City Gets Cut of Tax Meion

Flash Blaze Reported Pretty Well Under Control Today

A flash forest fire which broke out yesterday in the vicinity of Fraborne Sawmills, between Terrace and Lakelse Lake, ate its way rapidly up the mountains in a swath 600 feet wide and a mile long.

But the fire is "pretty well" under control today, said district forestry officials.

Some 65 men—volunteers of Terrace and Columbia Cellulose Co. workers—fought the blaze all night. It is now confined and kept from spreading.

Partial closure of the woods in the vicinity is recommended, District Forester Marc Gormely said. If weather conditions remain favorable, control of the fire could be maintained, but if a wind should spring up "it could be very dangerous," he said.

No equipment or buildings are in danger.

## Nationals Winners of Star Game

DETROIT (CP)—The National League cannonaded its way to victory in the eighteenth annual all-star game today, defeating the American Leaguers 8 to 3 on mighty home runs by Stan Musial, Bob Elliott, Gil Hodges and Ralph Kiner.

Vic Wertz and George Kell responded with base-empty homers for the American League and set six big blows for a new all-star mark.

Losing pitcher was Ed Lopat of the Yankees, off whom Musial, Cardinal slugger, belted one into the second deck of right field stands in the fourth.

Elliott, pride of the Braves, followed up with a blast over the left field screen with Hodges on base in the same inning.

Batteries:  
National—Roberts, Maglie (3), Newcombe (6), Blackwell (9) and Campvannella.  
American—Garver, Lopat (4), Hutchinson (5), Parnell (8), Lemon (9), and Berra.

## Leonard Favored

HAMILTON (CP)—The Canadian Professional Golfers' Association championship tournament winds up today with Stan Leonard still favored to retain his title.

The draw was called for Leonard to make a late start on the final 36 holes of the 54-hole event.

Leonard was matched in a threesome with Arnold McLean of Montreal who shot 71 in yesterday's opening round and Fred Wood of Vancouver whose initial card was also 71. Leonard himself posted a 71 yesterday, playing under overcast skies and hampered by stiff southwest wind. That was a stroke behind the leader, Stan Horne of Montreal, who made only a par score in the first eighteen holes.

## 2 Killed in Jasper Bus

JASPER, Alberta (CP)—Two American women died and five persons were seriously injured while 21 others required hospital treatment after a sight-seeing bus tumbled off a road yesterday near this Rocky Mountain resort town.

An embankment gave way while the bus was passing another car.

## Former Officer at Smithers Moves Up

Sub-Inspector J. Henry, at one time sergeant in charge of the British Columbia Police at Smithers, has gained promotion with the federal force. He is now stationed at Fredericton, the capital of New Brunswick, in charge of the RCMP in that part of the Maritimes.

## Don Forward Resigns as Manager of Civic Centre

E. D. (Don) Forward, who has been general secretary and manager of Prince Rupert's Civic Centre since its inception in 1946, resigned last night.

Around of general regret and personal tribute and appreciation was expressed by Dr. R. G. Large, chairman, and other executive members as the resignation was accepted.

The resignation is effective at the end of September but Mr. Forward promised that he would continue to take an active interest in the carrying on of Civic Centre affairs. Applications for his successor are being called.

He is going into private business in the city.

Mr. Forward, who has been engaged in this type of work for twenty years, first came to Prince Rupert in 1944 as senior secretary of Young Men's Christian Association War Services, which originally erected the present Civic Centre building here. Following the war he left for a short time, returning to the city after accepting an invitation to become general secretary of the Civic Centre. The duties of that post he has since carried on with exceptional success.

RESIGNS—Don Forward, general secretary Civic Centre.

## City Paving is Shelved

No Gravel so Work Cannot Proceed—Heated City Council Meeting Here

A \$15,000 paving program of city streets is on the shelf. Reason that no paving will be done this year is lack of gravel.

In a heated debate at city council meeting last night, aldermen aired the subject and decided also that council might force the issue of obtaining gravel under a contract with Wood & McClyde but that would mean "no Port Edward highway this year."

Only suppliers of gravel in the district are Wood & McClyde Ltd., the board of works said, and the company is under full contract by the Provincial government to supply it with 30,000 tons of gravel for paving the highway.

Ald. Don Fitch, works chairman, said in October the company had been asked to supply gravel to the city in exchange for rental on city equipment. It had been a "verbal contract," he said.

Mayor G. W. Rudderham said he had approached the company last week and had been told the company could not release gravel to anyone else before their contract with the government was filled. And the suppliers had had considerable trouble with equipment and machinery, causing unexpected delays.

"We wouldn't be able to get any gravel from them until September," said the mayor.

## Rain at Calgary—Stampede Goes on

CALGARY—Rain did not deter the Calgary Stampede which opened yesterday, although the Indian ceremonies were a little less colorful. They left some of the spectacular native dress at home. The Royal Canadian Mounted Police were resplendent. The public attendance from all over the country seems as large as ever, being estimated at 70,000.

## Naas Seining Opening Soon

Salmon purse seine Area 3 (Naas seine area) opens mid-night, July 15, department of fisheries announced today. Since the seiner tie-up was called off last Saturday, vessels already have proceeded to the fishing grounds which opened July 1.

Meanwhile, some 100 gillnetters have left the Prince Rupert vicinity to fish in the Rivers Inlet area due to reports that the sockeye run there was twice as heavy as it has been here.

Gillnetters in the Naas and Skeena river areas are averaging about 35 fish daily in good weather, while reports indicate Rivers Inlet fisherman are averaging as high as 75.

## Canada Ends German War

OTTAWA (CP)—Canada today ended her formal state of war with Germany—a state of war which began in September 1939 and ended with the publication of a royal proclamation in the official Canada Gazette.

Great Britain, Australia and New Zealand formally ended the war yesterday.

President Truman has asked Congress formally to end the war with the United States.
