

SUFFERED TERRIBLE AGONY

"Fruit-a-lives" Alone Gave
Him Quick Relief

Buckingham, Que., May 3rd, 1915.
"For seven years, I suffered terribly from Severe Headaches and Indigestion. I had belching gas from the stomach, and I had chronic Constipation. I tried many remedies but nothing did me good. Finally, a friend advised 'Fruit-a-lives'. I took this grand fruit medicine and it made me well. To everyone who has miserable health with Constipation and Indigestion and Bad Stomach, I say take 'Fruit-a-lives', and you will get well."

ALBERT VARNER.

MINE EXHIBIT FOR THE FAIR

Many Districts are Contributing
Samples of What They
are Digging.

On account of the increased mining activities for the past year around Prince Rupert, the exhibits at the Fall Fair this year will be more than interesting. Many of the leading owners of mines have promised to send samples and specimens of ores as they are taken from the ground. The displays from the larger companies operating will be very instructive for those who have never seen mining on a large commercial scale. The finished product will be shown in all stages of refinement. Stewart and Anyox products will be especially educational along these lines.

Many of the outside points who have merely started in on a small scale have promised to send samples of what can be mined near at hand. Surf Inlet mines will likely send a sufficient quantity of the crude stuff with all the necessary data to give the ordinary public some idea of the composition of the rock and dirt. The following points have promised to send displays and the fair secretary is confident that the aggregation of minerals to be presented here will rival the collection at the recent Mining Convention in Vancouver: Alice Arm, Hazelton, Usk, Queen Charlotte Islands and Terrace.

Sport Briefs

Babe Ruth, according to dispatches received on Saturday, has equalled the home run record by swatting his 25th for this season. If he gets another before the season closes he will have broken all previous records.

The James Bay Athletic Association recently bought the boat Bluebird which is of the high speed type and attains a rate of 18 knots per hour. The boat will be used for coaching purposes. The Bluebird is the fastest boat in Victoria waters and is driven by a 40 horse power Continental motor car engine.

Tonight the St. Andrew's Society football team plays the Grand Trunk team for the last time in the league series. In the last match the Scotchmen were able to count victory, but their less fortunate rivals are out to make a name for themselves this evening. It is expected that the usual players will be on the line-up with a few minor changes in the half and forward lines. A shorter playing time will likely be set by the referee as the evenings are now getting shorter and the actual daylight at the disposal of the players is not very long.

U. S. TENNIS PLAYERS DEFEAT AUSTRALIAN

New York, Sept. 6.—The United States lawn tennis team defeated the Australians in all three events—two singles and a double in the international match which began yesterday.

BUSINESS CHANCES

WOULD YOU INVEST \$100.00 IN an oil company if you know that you have a splendid chance to make \$5,000.00 out of such an investment; that the men behind the company are making an honest and conscientious effort to produce oil and that all experts assure us of success? If so write to box 297 Daily News Office for full particulars. Our references will satisfy the most critical.

NOTICE

IF YOU ARE PAYING UP ON Government lots, can save you large part on payments. Call at once, Westenhaver Bros. tf

MANY CLIMBED TO THE MOUNTAIN TOP

There were many of Prince Rupert's mountain climbers out yesterday and Saturday. Both were beautiful days for climbing and the ascent of the mountains at the rear of the townsite could be made in comparative ease except for the muddy spots in the path. A number went to the top and had a good look at the country around whilst others just went up a short distance and took a lunch with them and spent the afternoon among the trees. There are still lots of blue berries and huckleberries on the mountain sides and the more industrious outdoor enthusiasts took pains with them and were amply repaid for their efforts.

The main part of the car slip for transferring loaded cars from the barge to the railway is complete and will soon be ready for use. It will be used chiefly for shipping shingles, pulp and paper from Swanson Bay and Ocean Falls.
