Near Record Of Sunshine

A 12-year record for a month's sunshine in Prince Rupert saw its runner-up last month when 173.7 hours of sunshine in 23 days was recorded by the Digby Island weather station.
Highest since 1939 was 206.8 hours during May, 1945.
Temperatures rose to 73.5 on June 6, with a low of 42.3 on June 20, and a mean temperature of 53.8.
For the same period last year, 157.9 hours of sunshine were recorded with a maximum of 77 degrees.
Precipitation measured 3.61 of rain for 10 days and maximum winds recorded blew southeast at 32 miles-per-hour on June 13.
Maximum barometer readings rose to 1026.2 millibars; minimum, 999.1 millibars.

Nobles Are Entertained

Nearly 200 Islam Temple Shriners of San Francisco were entertained by the Prince Rupert Shrine Club in the Legion Club 27 Thursday night when the visitors had a few hours ashore off the southbound steamer Chilcotin.
The Shriners are completing the last leg of their ten-day cruise to Alaska.
C. A. Berner, president of Prince Rupert Shrine Club, welcomed the visitors after which Potentate Bowman gave a short address of appreciation.
The party sailed south at midnight.

Legion Forfeits Football Fixture

Canadian Legion failed to field a team Wednesday night in the City Football (North Star) League football fixture and forfeited the game to General Motors.
Battery, now leading the league, will meet General Motors Monday in the next fixture.

Inspector A. T. Lashmar, RCMP officer commanding for Northern and Central British Columbia, arrived in the city yesterday on an inspection visit. He will be here until Monday.

Mr. and Mrs. Joseph Martin, 1723 Sixth Avenue East left today with their two children for Vancouver and elsewhere in the south for a motor holiday tour. They will be away for a month or more.

• Boulter and Welter, formerly located at the office of T. Norton Youngs, wish to announce they have moved to McLean and Ruddenham, Second Avenue, across from the radio station. They sincerely hope this change will not inconvenience any of their customers. Phone 600.
(160c)

Dr. and Mrs. A. W. Large and two daughters, who have been on a motor trip to Montreal and Toronto, were in Pentiction yesterday on their way home. They will be arriving early next week in Smithers to spend a few days before returning to the city about the end of next week. Dr. Large attended a convention of the Canadian Medical Association in Montreal.

Corsage From Far Honolulu

A corsage bouquet of six brown-mottled yellow orchids came fresh from Honolulu yesterday for Mrs. Sam Haudenschild, Sixth Avenue West.

An air express messenger yesterday delivered the unusual and pleasant surprise from Miss Edith Johnston who, with her mother, Mrs. T. D. Johnston, has been on a prize flight to Hawaii during the week as guests of Canadian Pacific Air Lines. Edith, local High School pupil, won the trip in a province-wide essay contest.

In order to share the pleasure of the gift with the public, Mrs. Haudenschild has put the corsage on display at the Civic Centre where the Prince Rupert Exhibition is now in progress.

Thousand See Show

A thousand persons attended a big dance which was the late evening feature at the Prince Rupert Exhibition last night. Music was by the Four Dukes Orchestra.

Timely interlude was a gymnastic display on the floor by the Pro-Rec team from Vancouver which has been making such a hit here during the week and which will put on another complete display of their entire amazing repertoire early this evening.

Natural resources, industrial and commercial displays continue to draw large and interested crowds—as also does the moving picture theatre in the small gymnasium with its nightly shows. The full Alcan picture will again be shown tonight.

W. D. McCara was winner of the nightly \$100 door prize last night. Tonight the grand drawing will take place.

PROFITS THAT BUILT A SILVER CITY...

Twelve million ounces a year . . . over half of Canada's silver is refined at Trail. So, today, the citizens call it the "Silver City."

When we say "profits built Trail," we are not exaggerating. The big plants of the Consolidated Mining and Smelting Company which refine the metal, started on a very small scale. Earnings for the first few years were small, but gradually the operation started showing a profit. Each good year thereafter a substantial part of these profits were used for expansion and development which meant more jobs* for more men.

These men became the citizens of Trail. They built fine homes, took an active part in municipal affairs and encouraged new business to move to Trail. In short, they too, invested their "profits" . . . invested them to build the "Silver City."

The Consolidated Mining & Smelting Company is the largest producer of lead and zinc in the world and Canada's leading producer of silver and chemical fertilizers.

*\$63,000,000 from Company profits is now being spent on new projects. The completion of these projects will mean the addition of 800 permanent jobs.
