

Korean War Opened Up Again

Yellowhead Oil Pipe Backed By B.C.

Premier Johnson Announces \$82,000,000 Project
Sponsored by Several Companies

VICTORIA (CP)—Premier Byron Johnson said yesterday that the TransMountain Oil Pipe Line Co. will build an \$82,000,000 693-mile oil pipe line from Alberta through British Columbia by way of Yellowhead Pass to Burnaby, suburb of Vancouver.

The project is subject to approval by the Board of Transport Commissioners.

It is the biggest thing that has ever happened to British Columbia," the Premier said.

The announcement by Mr. Johnson followed a conference yesterday between the Premier and Bridges, president of the Mountain Oil Pipe Line Co., D. Bechtel Jr., vice-president of Canadian Bechtel Ltd., M. Van Housen, TransCanada's legal representative. The mountain comprises several major oil companies.

The capacity of the line is 75,000 barrels daily but ultimate capacity can be increased to two million barrels a day.

The pipe line will be located entirely within Canada.

The proposed route of the line follows the Canadian National Railways line from the vicinity of Edmonton along due west to Jasper National Park and will continue over the continental divide through Yellowhead Pass, southward down the North Thompson River to Kamloops, then in a southwesterly direction to Merritt. From this point the line follows along the Kettle Valley division of the Canadian Pacific Railway, first up Coldwater River and then down through Coquihalla Canyon to the Hope route. Thereon it follows the south side of the Fraser River to Port Mann and then to a proposed terminal at Burnaby where storage facilities will be located.

Shoot to Kill New UN Order

Confusion Reigns
After Quiet Day—
Record Air War

SEOUL (CP) — Allied artillery opened up on the western front today after officers reported receiving new orders "shoot to kill."

The front line report came shortly after General James A. Van Fleet announced that his Eighth Army Command has issued "certain military instructions" which some troops may have interpreted as a cease-fire order.

Van Fleet said that any such "misinterpretation" would be corrected.

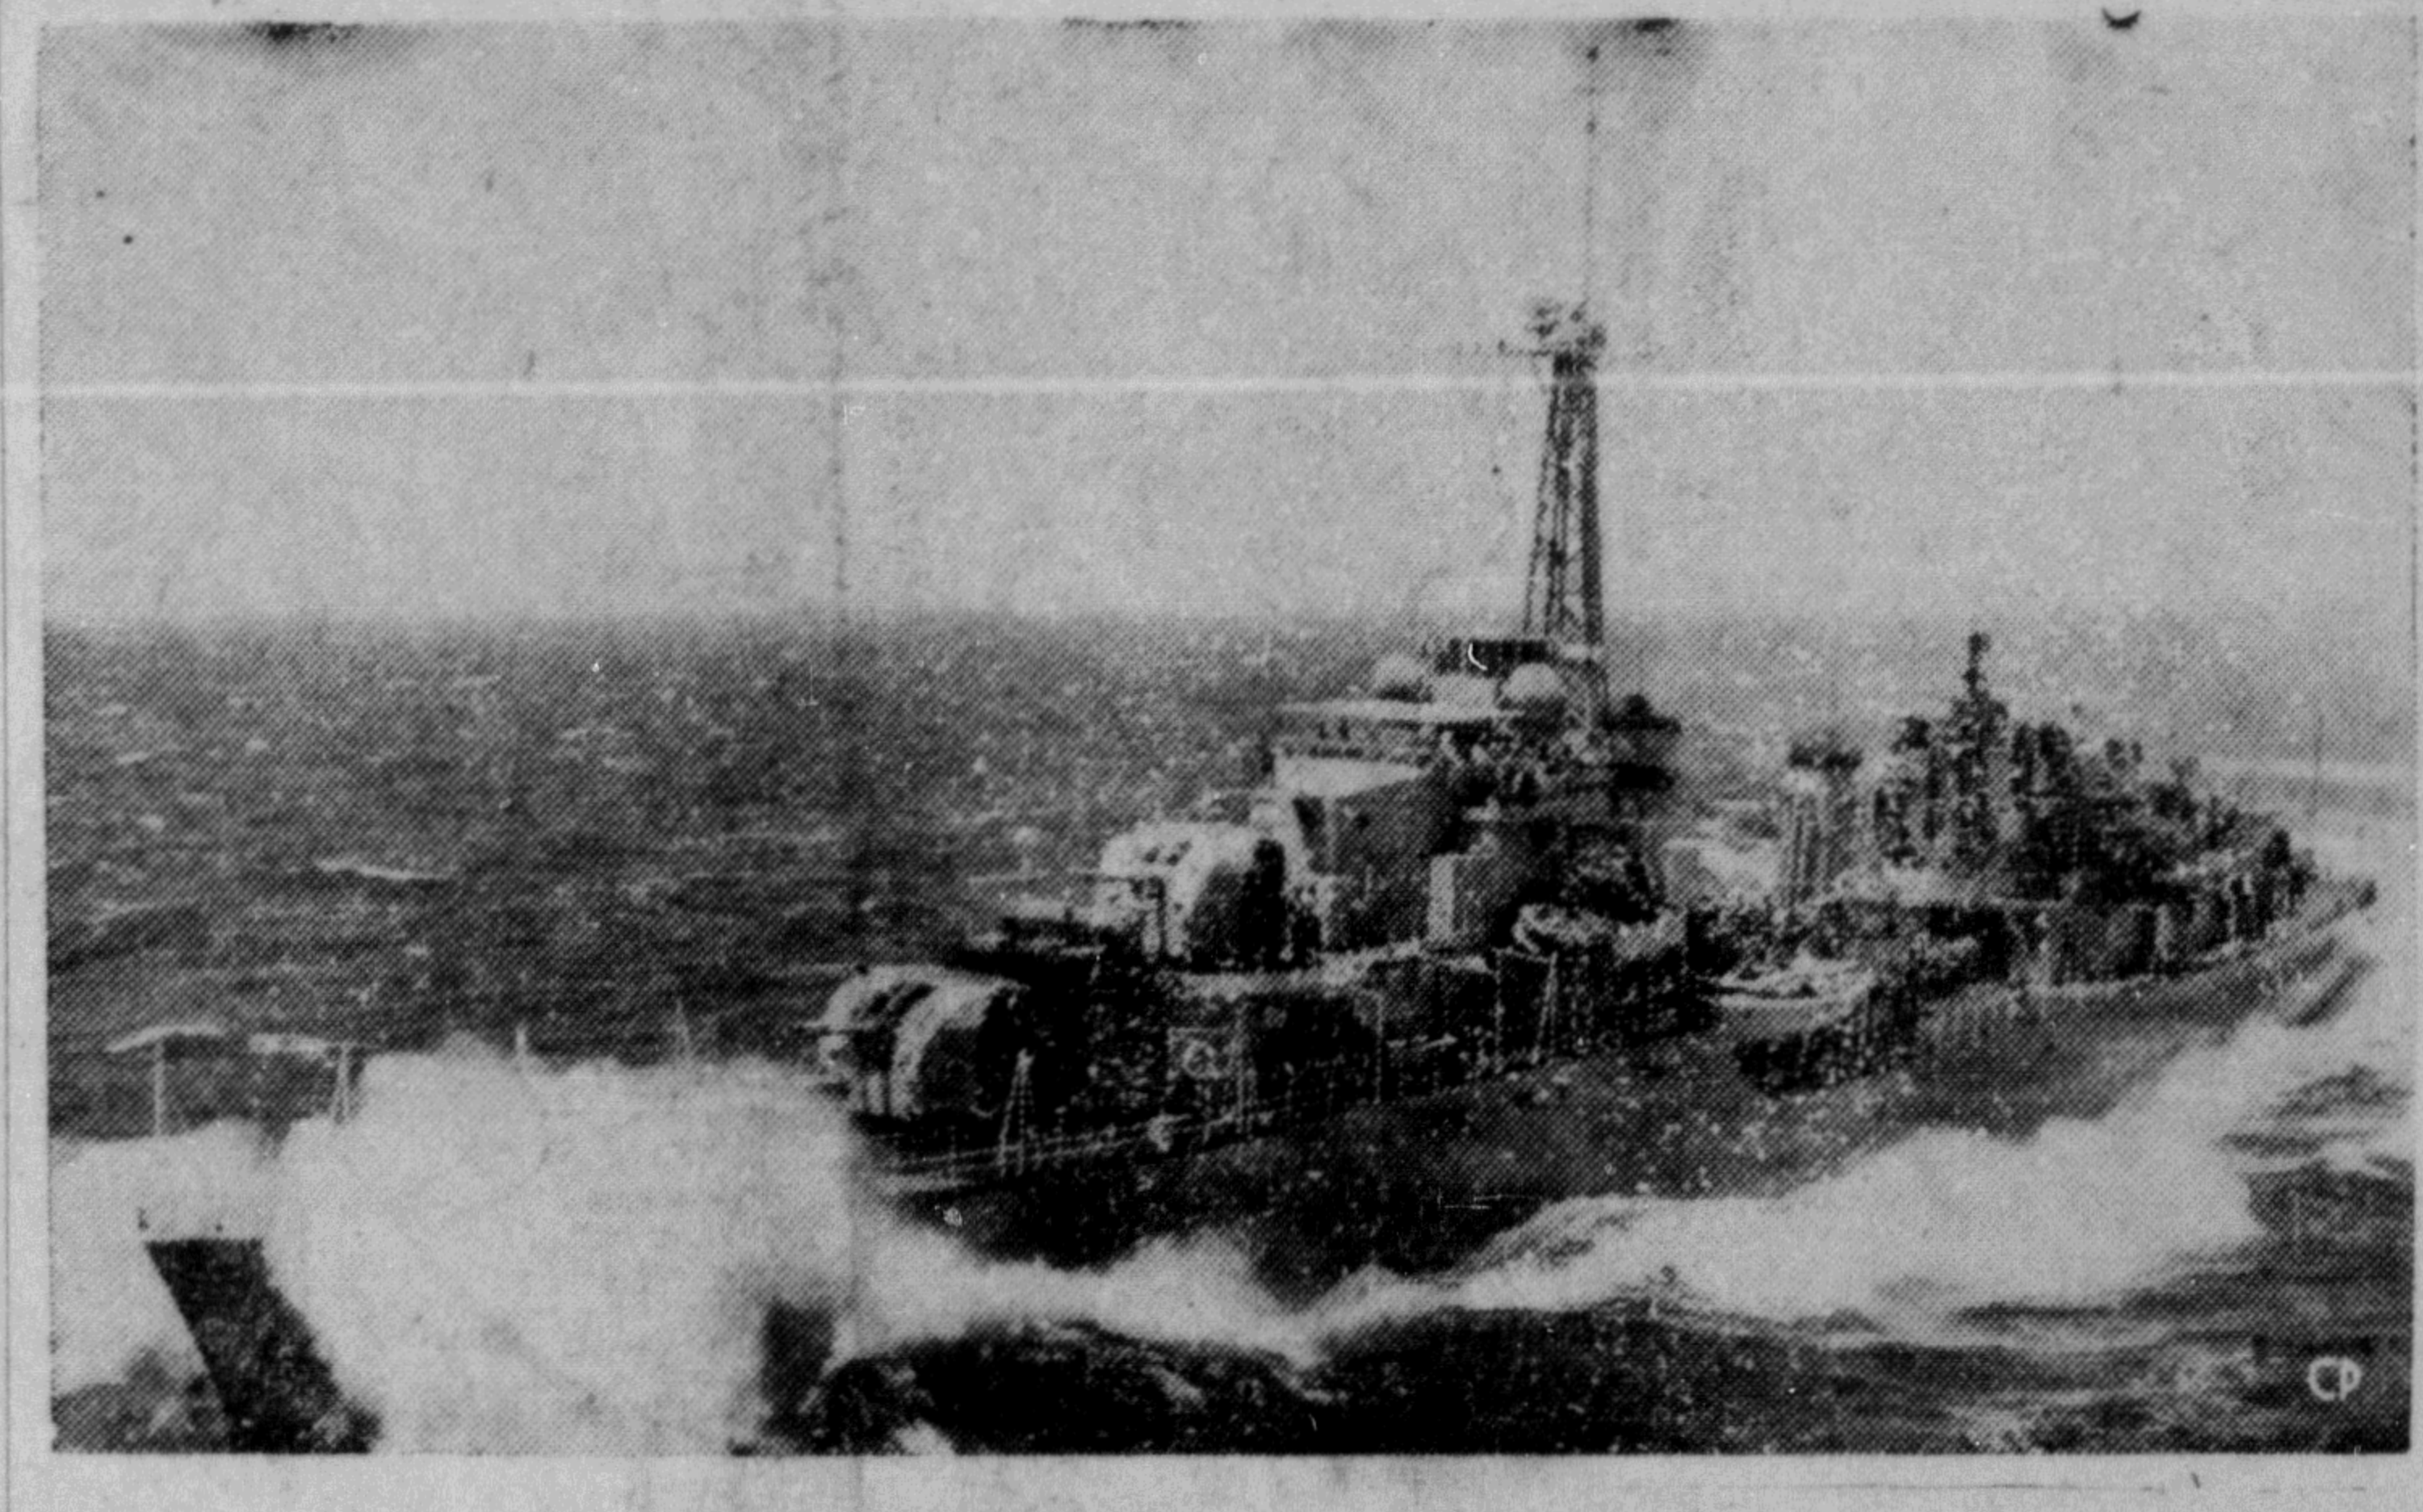

Like the White House and Tokyo headquarters of the United Nations command, Van Fleet emphasized:

"There is no cease fire order in Korea."

Shortly thereafter, front line dispatches from the western front reported the Allies were again firing artillery and mortars the day after an abnormal quiet.

Front line troops were reported confused by the big guns opening up on the front where the day before they had watched the Reds play volleyball.

Well Done—

108 Canadians Dead in Korea

OTTAWA (CP)—The Canadian Army yesterday issued its 7th casualty list of the Korean war, reporting six men killed in action, one dead of wounds, 33 wounded and two injured in action.

It was the longest casualty list issued by the army in the Korean war and brought to 531 the number of casualties suffered by Canadian troops in Korean action including 108 dead, 383 wounded, 40 injured and two missing.

HMCS Athabaskan Earns "Well Done" for Tasks in Korea

OTTAWA (CP) — The Canadian destroyer Athabaskan, serving off the west coast of Korea, has earned a "well done" from Vice-Admiral Martin, commander of all United Nations naval forces in the Far East, and also from the senior British officer in HMS Belfast.

(The Athabaskan called at Prince Rupert early this year on the way from Korea to Victoria.)

Naval headquarters said Wednesday that the praise resulted from inshore blockades and a bombardment assignment carried out earlier this month under Commander Dudley G. King of Victoria.

The Athabaskan acted as a decoy and fired on remote targets, delivered arms to a friendly island, stood by a Communist-threatened island for six days and took aboard 47 wounded South Koreans.

Admission of Killings Claimed by Police in Interior Murder Case

PRINCE GEORGE (CP)—Sgt. Terry Stewart, RCMP, testified here that Arthur Cunningham, aged 64, charged with murder, had told him: "I beat a murder rap in 1941. The police muffed that one. If you're not careful, you'll muff this one."

Stewart also quoted Cunningham as saying: "I have killed three or four men."

Cunningham is charged with murder in the rifle slaying last September of an elderly recluse, Albert Thorsen, in his lonely cabin at Savory near Burns Lake.

Cunningham had been acquitted on a charge of murder 10 years ago.

The crown so far has called less than half of 24 witnesses scheduled to testify in the preliminary hearing.

In a statement read before the court, Cunningham was claimed to have told the police that, after his arrest, he had taken about \$40 from Thorsen's body. He was also said to have told police, when he gave himself up: "Now you have the motive, you have your case."

Thailand Has Bloodless Coup

LONDON (CP)—The British Foreign Office said today it has heard reports of a bloodless coup in Thailand. It added that it had no official confirmation of the report.

The Communists overthrew the pro-western government.

Canada Not "Bluffing"

WASHINGTON, D.C. (CP) — Rt. Hon. C. D. Howe, Canada's minister of trade and commerce, said Wednesday night that Canada is not bluffing, as "has been suggested in some irresponsible quarters," in her proposal to undertake construction of the St. Lawrence seaway project alone.

Nevertheless, he said, Canada still preferred to get United States participation through early ratification of the 1941 Canada-United States agreement to deepen the river for ocean-going traffic.

Girl Injured On Slippery Street

Slippery streets this morning caused at least one accident and stalled several cars and trucks trying to scale steep hills. A city standing truck, however, was out early dusting boardwalk steps and inclines.

Riding her bicycle to school, 10-year-old Patsy Pierce fell and was taken to hospital for x-ray. Her condition is good.

Cause of the weather phenomenon was a slushy snow descending late last night, followed by a quick morning frost. It is the season's first snow to stay on the ground for any length of time. Surrounding hills and mountains show snow to within 100 feet of the base.

Last night's low temperature at Digby Island was 32. Forecast is for southeast winds 15 miles per hour tonight, increasing to 25 in the morning with steady rain.

More Canadians Home From Korea

SEATTLE.—A second group of Canadian troops from Korea, home on leave, will arrive here tomorrow aboard a United States troopship and proceed to Vancouver where they will be tendered a reception. The group consists of 166 men including 19 from British Columbia.

CBC Executive Heads Switched

OTTAWA.—Dr. Augustus Frigon has relinquished the post of general manager of the Canadian Broadcasting Corporation to take over a new post as director of planning, Donald Manning, assistant manager, becomes manager.

Inquest Into Burnaby Fire

VANCOUVER (CP) — Inquest is being held in connection with the deaths of two persons who were burned early yesterday in suburban Burnaby when an old frame house went up in flames. The victims were Marie McGilivray, aged 31, and Olof Berdahl, 68.

Girls Go Back to Defense Plants

FAMILIAR FACES are reappearing in British defense plants as the country's rearmament program, costing the equivalent of over \$13 billion, gets under way. Pictured is Janet Rooney, World War II munitions worker, again making breech rings for 20-pounder gun barrels in a Cardiff (Wales) plant. Rearmament in Britain means continued rationing and other austerity measures for Britons.

13 Perish in Ship Crash

Tanker Runs Down Trawler
In Boston Harbor

BOSTON (CP)—Fifteen fishermen of the 17-man crew perished last night when a 10,000-ton tanker, the Venture, smashed into the stern of the 170-ton trawler Lynn in Boston harbor.

None of the 50 members of the crew of the Texas Oil Co.'s tanker were injured.

The collision occurred in clear weather.

"Ridiculous" Asserts Palace Of Unaffectionate Welcome

LONDON (CP)—Buckingham Palace officials were indignant today about published reports that Princess Elizabeth has commanded a vacation to get re-acquainted with her son, Prince Charles, because he did not greet her affectionately on her return from Canada. The reports were not carried by Canadian Press.

"There is no truth in such reports," a Palace spokesman said. "It is ridiculous and absolute nonsense."

Truck Damaged In Welding Fire

A transfer truck suffered considerable damage to its wiring and upholstery from a fire which started this morning while the frame was being welded. Firemen were called to extinguish the blazing vehicle which had been towed onto Conrad Street from a garage nearby. Truck belonged to Boulter & Welter.

Syrian Army Takes Gov't

DAMASCUS (CP) — The Syrian Army today seized power for the fourth time in three years, arresting cabinet ministers of the civilian government formed less than 24 hours before.

The coup was led by Col. Adib Shishleky, Army chief of staff, who ousted the Premier for a night, Maaruf Dawabli, leader of the Populist party.

The Army accused the Populist party of stirring up unrest in an attempt to overthrow the republic and create monarchy.

The Army announcement reported that complete calm prevailed throughout the country.

Election May Be Protested

ST. JOHN'S, Newfoundland (CP)—It is intimated in Progressive Conservative quarters that a general protest will be made on the manner in which ballots were handled in Newfoundland's general election this week.

The intimation came following indication yesterday, on the basis of incomplete returns from Monday's voting, that Premier Joseph Smallwood and his Liberals would be back in power with an increased majority.

The Liberals have won 15 seats and are leading in three others. The Conservatives have won two seats and are leading in one. Three seats are still unreported and election in the 25th, Newfoundland, is deferred until spring.

The Liberals were conceded victory when they had 10 members elected and the pattern of returns from other ridings showed much the same trend as in 1929 when the Liberals took 22 or 23 seats.

Beerless Xmas Coming Up Here

VANCOUVER.—It looks like a beerless Christmas in British Columbia. There is no sign of a settlement of the brewery strike before then. The workers say they are prepared to stay out for four or five months.

Bus Depot Burglarized

Police are looking for one or more burglars who broke through a wall into the bus depot here early this morning and escaped with more than \$300 worth of watches and lighters taken from the concession.

Mrs. Fred Barber, concession operator, discovered the loss this morning when she came to work. Then she saw where a boarded window had been undone and a gyproc wall broken through in the newly constructed part of a pot building.

She said she was first attracted to the missing wrist watches by two empty watch cartons in the waste-paper basket. Half a dozen watches were missing, including several expensive cigarette lighters.

Only three packages of cigarettes were missing.

Thieves must have been in a hurry, thought Mrs. Barber, for many other valuable items had not been touched. Entry must have been gained between 2 and 6 a.m. in the hours the depot is vacant.

House Rejects Non-Confidence

Veterans' Pensions
Discussed in Lingering
Throne Speech Yesterday

OTTAWA (CP) — The lingering Throne Speech debate inched towards a finale Wednesday as the House of Commons voted 145 to 55 against a Social Credit motion criticizing the government on the issue of war veterans' allowances.

Expressing non-confidence, the motion was introduced by Victor Quetch, Social Credit member for Acadia, and alleged that the government had "failed to compensate recipients of war veterans' allowances for an increase in the cost of living by an appropriate increase."

The motion stirred a brisk Opposition demand that the government raise allowances which go to the needy or prematurely aged veterans at rates of \$40 a month for single men and \$70 for married.

The government already has announced plans to boost basic war disability pensions.

Safe After Imprisoned

VANCOUVER (CP) — Rescuers freed five workmen late yesterday after they had been imprisoned in a blocked tunnel for six hours at the \$10,000,000 Jones Lake power development east of Chilliwack.

Plight of the men was discovered when a worker went to the tunnel to call them for lunch. Nobody was injured.

Gale Lashes South Coast

VICTORIA (CP) — A Pacific storm took a hurricane-force wallop at the British Columbia coast last night, leaving behind fallen wires and trees.

Gusts of wind exceeded 92 miles per hour along the southern section of Vancouver Island.

Despite the force of the blow, coastal stations reported no distress calls.

WEATHER

Synopsis
Relative quiet return to the northern British Columbia coast following a wild night with hurricane force winds with a steady velocity of 78 an hour at Victoria with gusts to 92. Gale force winds on the mainland reached 50 an hour at Vancouver. Points in the lower Fraser reported peak velocities of 70. Skies cleared rapidly at all points over the southern regions of the province in wake of the storm now moving into Alberta but moist Pacific air will bring cloudiness to these areas during the day. There will be scattered showers of activity along the coast with snow flurries in the central northern interior.

Forecast
Coast Region—Increasing cloudiness today, becoming drizzle tonight. Intermittent drizzle tonight and becoming continuous early Friday morning. Little change in temperature. Winds—Light, increasing to southerly (30) tonight. Tonight and highs Friday at Port Hardy and Sandspit, 45; at Prince Rupert, 35.

Victoria Papers Raising Prices

VICTORIA.—The Victoria Colonists will increase subscription rates 25 cents a month. The street sale rate will be seven cents instead of six. New rates are effective next month.

PIONEER PRINTERS
Pioneers in the older forms of printing, the Chinese in the 11th century made movable type from clay.
