DAILY EDITION.

Saturday, Sept. 20, 1919.

Stewart Has Good Wishes of Rupert.

All the visitors to Stewart district return with wonderful tales of the richness of the mines, of the promising future of the district and of the big city they are going to have soon at the head of Portland Canal. They believe in it and they enthuse us all with their exuberance. We in Prince Rupert share very largely in the optimism of the people of the Portland Canal capital. We are glad to see them prosper. Perhaps we are a little selfish all the same, but we have a great bond of sympathy with a new town and especially with a neighboring town. It is an advantage for Prince Rupert if Stewart grows, and it should be an advantage to Stewart if this becomes a big industrial and distributing point.

Reflections for Coming Fairs.

Now that the fair is over it is time to prepare for the next. President Perry and his board of directors have done splendid work this year and secured excellent results. Mr. Perry is full of energy and optimism and enthuses those who work with him. Ruper He and the members of the board deserve the thanks of the community and especially of the business men who stood to benefit day of December, 1918, of ALL AND financially by the fair.

The complaint has been made that those who benefit most seven (7), Block twenty-five (25), Section from the fair do least to help make it a success. We do not know seven (7), (Map 923); You are required to contest the claim of the tax purchases how true this may be, but in any undertaking of this kind there should be co-operation. The work cannot all be left to one or by Publication in a daily neyspaper), and two people, and especially to a few who from a business point the "Land Registry Act" with amendments, of view are disinterested.

There is no fair so good that it cannot be improved. Now is the time to take stock and find out where improvements may be made. While the thing is fresh in mind is the time to consider next year.

One great improvement this year over last has been the provision of accommodation for the visiting Indians. The next thing will be to improve that accommodation and also to prov for others who come at that time. The hotel and rooming house keepers did their level best this week, but even that fell short and some found it very difficult to get a place to sleep.

Considering the weather the city must certainly congratulate of Jim Postolu, itself on the excellent results obtained. The elements were title it appears that prior to the 10th day against us, but a good deal of wholesome fun was enjoyed and said lands were sold for overdue taxes) the city as a whole benefitted.

Owe Debt to Outside Districts.

The city owes a good deal to Superintendent Campbell of to the said lands, or to prevent such pro- provements, for the purpose of obtaining Anyox and the bunch of good sports from that place that helped the Prince Rupert people to celebrate. It also owes a good deal Prince Rupert, B. C., this 19th day of to the Terrace people and to all those who took a real interest in the annual exhibition. Without the co-operation of the people from the outside districts it would be impossible to carry on. On DRAINAGE, DYKING & DEVELOPMENT ACT the other hand they receive that measure of publicity which is essential to their welfare.

Unfortunately on this occasion there were many entries to District, to include the following lands, Mineral Claims, situate in the Naas Mining the fair which did not arrive. The gale kept many launches from that is to say:—The nity-nve and one bivision of cassis.—On the west side of bringing in stuff from various poins and that made gaps on the tables. These are the sort of things that cannot be obviated.
