E. D. Kindle of the Geological Survey commented that the property probably had sufficient tonnage to warrant erection of a mill. Acting on this information: and on the recommendation of Mr. Peterson the Vancouver group, during 1949 and 1950, spent more than \$100,000 on building a 50-ton mill, construction of a read to the preperty and purchase of mining equipment, etc. On basis of reports by Mr. Peterson and Mr. Norrie-Loewenthal, reasonably assured ore is estimated at 10,000 tons having net smelter value of \$47.40 bur ton. Probable ore is estimated at 20,000 tons having net melter value of \$47.40 per ton. Total indicated net smelter value of 30 000 tons of reasonably assured and probable ore is thus
