LLOYD GEORGE WILL MAKE AN EFFORT TO CONCILIATE IRELAND

Suggestions of co-operation with labor are refused by leaders; Several Cabinet changes are foreshadowed by British press; Churchill going to Colonial Office

(Special to The News via G. T. P. Telegraphs.)

London, Sept. 22.—In its forecast of the coming reconstruction of the British ministry the Sunday Times says that Premier Lloyd George has decided to offer another olive branch to Ireland, "recognizing as does Bonar Law, that resolute government has been carried to the farthest extent possible and that Ireland cannot indefinitely be kept under military occupation."

The Times says that the Premier has sounded certain labor leaders on the subject of co-operation, but they have definitely declined, "hence," it adds, "the ministerial congresses probably will be few."

Viscount Rothermere, who is a zealous economist, according to the Times, will probably be appointed secretary of war while Colonel Winston Spencer Churchill, the present war secretary, will go to the colonial office as Viscount Milner, who holds the office, is anxious to retire.

U. S. SQUADRON AT VANCOUVER

Plans Changed at Last Minute Owing to Death of Seaman.

(Special via G. T. P. Telegraphs.)

Vancouver, B. C., Sept. 22.—The United States dreadnaught New Mexico, accompanied by the destroyers Anthony and Ludlow, and under command of Admiral Hugh Rodman, who commanded the Sixth Battle Squadron of the American navy with the Grand Fleet during the war, anchored in Vancouver waters on Sunday afternoon. The death at noon of a seaman on the New Mexico, the Admiral's flagship, from spinal meningitis, caused last minute change of plans for the formal reception of the Admiral and his arrangements in connection with the visit of the Prince of Wales.

Captain and Mrs. Beavis of 5th Avenue West, accompanied by Miss Beavis, left last evening for Vancouver on their way to England, where they will visit for the next year or so. It is their intention to return here afterwards to resume ranching on Stephens Island.

At a meeting of the Symphony Orchestra on Sunday, Sept. 21, it was decided to hold rehearsal each Tuesday evening in the Presbyterian Church hall at 8 o'clock sharp.

Tax Sale

City of Prince Rupert

ROYAL BANK PARTY LEAVES FOR EAST

Saw Local Industries and were Guests of the Local Board of Trade.

The Royal Bank party that arrived on Saturday went out this morning on their special car attached to the fast freight. They expressed themselves as much pleased and surprised at everything they saw. The developments in Prince Rupert were much greater than they expected.

On Saturday they were taken to the drydock by A. W. Cameron, local manager of the bank, and in the afternoon they were the guests of the Board of Trade on a visit to the cold storage and mill, through which they were shown by Messrs. Nicholl and Loughheed respectively.

On the return to the boat the Board of Trade members gave them a good deal of information in respect to the city and district and its possibilities, and at midnight they left for Anyox, returning last night. They were shown over the smelter and mine by Messrs. Williams and Campbell.

RUPERT STUDENTS GO BACK TO UNIVERSITY

James Mitchell of Daily News Staff Among the Number.

With the taking up of the asses for another season at the University of British Columbia, several students from this district sailed by the Prince Rupert last evening to resume their studies. Miss Kathleen Grant will take up her second year Arts course. Ray Fisher his second year in Agriculture; Jas. Mitchell his third year Arts. Douglas Wallace, who has been staying at Anyox for some time past, was also on board the steamer last evening on his way to take up his third year in Science.

Mr. Mitchell has during the summer been on the reportorial staff of the Daily News and has done excellent work.

DRAWN TO PREVENT SELLING AFTER HOURS

Bylaw to Classify Stores Before City Council Again Tonight.

Tonight the City Council should proceed with the committee stage of the bylaw to classify shops. It was read twice at last week's meeting.

The bylaw if passed as drawn will have the effect of preventing fruit from being sold after 6:30 p. m. It also will prevent drug and fancy stores from handling paper and goods manufactured from paper, photographic equipment and supplies.

Can you write a limerick? If you can't, try. See the sample on another page.

DEATH OF CHARLES ROACH YESTERDAY

Local Man Passed Away Yesterday At the General Hospital.

The death occurred at the general hospital yesterday of Chas. Roach, a native of Nova Scotia, and for many months a resident at the Knox Hotel. He had lived in the city about a year and last spring purchased the cigar stand on 3rd Ave. adjoining the Empress Hotel which he sold again recently.

On September 5 Mr. Roach was taken to the hospital suffering with rheumatism and brights disease and death resulted from that cause. He was 46 years of age and has no relatives here. The funeral arrangements are in the hands of the B. C. Undertakers.

SIX DEER AMONG PARTY OF FIVE

With six deer to show for five rifles, a happy hunting party returned to town on board the launch Helen B. The party consisted of H. M. McLeod, George Bryant, Joe Greer, Paul Aivazoff and Jim Dow. They visited Smith Island, and were successful in bagging their game on the top of the mountain. Packing a big buck down the mountainside through the bush to tidewater seemed in no way to detract from the satisfaction of a "kill."

SEVERAL CASES IN THE POLICE COURT

Michael J. Noone Charged With Administering a Drug for Unlawful Purposes.

In the police court this morning, Harry Lathrop and P. Dropperty were each fined \$10 for fighting on the streets. A satisfactory explanation was given to the court in connection with the stabbing of Matsu Yama, the Japanese who was admitted to the general hospital a few days ago. The affair was accidental.

Mrs. Gertrude Brown was charged with theft and Michael J. Noone with administering a drug for the purpose of committing an indictable offense. No evidence was given in either of these two cases, both being adjourned for eight days. So far as can be learned, however, it appears that a man had been relieved of a considerable sum of money in connection with which the above charges were laid.

STEEL WORKERS IN STATES NEARLY ALL ARE OUT ON STRIKE

Secretary of the Steel Workers National Committee claims ninety per cent. effective; Many Cities in the East affected by move

(Special to The News via G. T. P. Telegraphs.)

Pittsburg, Pa., Sept. 22.—Wm. Z. Foster, secretary of the steel workers national committee, today claimed that the strike of the men in the steel plants of the country was ninety per cent effective. The supreme test of organized labor under the United States Steel Corporation is taking place today. Up to eight o'clock this morning no disorders had occurred in McKeesport, Clairton, Homestead, Braddock, Duquesne, and other nearby points.

State police were stationed at Mill Gates and McKeesport, the number striking at these places is placed at 500.

At Clairton, where the state constabulary broke up the strikers' meeting yesterday and where shots were fired during the clash, all was reported quiet this morning.

Cleveland, Ohio, Sept. 22.—"Nineteen thousand men are out and before night we shall have 25,000 to 28,000 men striking here," said H. W. Raissie, union organizer in charge of the steel strike in Cleveland district, early today.

Wheeling, Va., Sept. 22.—At least 15,000 men in Wheeling and vicinity are idle today, it was estimated.

Pueblo, Colo., Sept. 22.—The Colorado Fuel and Iron Co. announced that its steel plant here employing over 6,000 men was forced by the strike to shut down today.

Garry, Ind., Sept. 22.—The industrial heart of the Magic City is practically at a standstill today. Activity in the great Garry works was checked at 6 o'clock this morning when thousands of workers failed to report.

Johnstown, Pa., Sept. 22.—It is estimated that the strikers number in excess of 80 per cent of the Cambria steel workers.

Buffalo, Sept. 22.—Less than 200 workers reported at the Lakawana Steel Company this morning. The principal mills on strike are Lakawanna, Rogers Brown, Buffalo Slag Co. and the Donners Steel Co. The union heads place the number on strike at 20,000, while the company officials place the number at not more than 12,000.

Conservatives, Attention!

A meeting to elect delegates to attend the Provincial Conservative Convention will be held in the St. Andrew's Hall on

TUESDAY, SEPTEMBER 23, at 8 p.m.

All Conservatives and others who desire good government are invited to attend. Ladies especially requested to take part in the business.

J. A. KIRKPATRICK.

TRADES AND LABOR CONGRESS OPENED AT HAMILTON, ONT., TODAY

Many important questions to be discussed, including the status of the One Big Union; Ben Tillet is attending

Hamilton, Sept. 22.—Welcomed by Sir William Hearst, premier of Ontario, Hon. G. D. Robertson, minister of labor, and Mayor C. G. Booker of Hamilton, nearly 800 delegates representing practically every organized craft in the Dominion, commenced the inaugural session of the 35th annual Trades and Labor Congress of Canada this morning.

All the delegates agree that the congress just started will be the most important in the history of organized labor. Probably the most important matters on the order paper are resolutions with the eight-hour day, minimum wages, collective bargaining, and the policy of the congress regarding the One Big Union question.

Ben Tillet, M. P., the prominent British Labor leader, is attending on behalf of the British Trades and Labor Congress.

There are no less than 800 delegates present representing all the organized crafts.

FAIR MEETING WAS A FIZZLE

Very Slim Attendance, so Adjournment Was Taken Until September 30.

COMPLAIN MERCHANTS TAKE NO INTEREST

The annual meeting of the Northern British Columbia Agricultural and Industrial Association which was called for Saturday night was adjourned as the attendance was not very large and it was thought Saturday evening was not a suitable time to get the merchants and others together.

Vice-President D. McD. Hunter was in the chair. He explained that there seemed to be a lack of interest in the fair among the merchants. The directors felt that they were carrying the whole load of the work while the merchants were reaping the benefit. It took a good deal of time and energy to put on and feature a fair. Had it not been for the weather they would have had good results.

Send Out Circular.

D. Thomson said they could do for themselves the lack of interest. There was nothing to do but adjourn the meeting. He suggested sending out a circular to the merchants pointing out that if there was not more interest taken in it than in the past they would drop it altogether. They had been working in order that half a dozen others might make money. The directors had been in their employ, pushing their business for them and giving their time for nothing. It was up to the merchants to come forward and say what was going to be done.

A. Brooksbank agreed with the remarks made by the others. The interest taken in the fair did not warrant their going on and electing directors. They should give the merchants another opportunity to attend. The directors had practically decided to retire unless the merchants came forward and gave the fair their support.

Out of Pocket.

Ben Self said that expressed his views absolutely. He had made up his mind not to take part in the fair again. He had been out of pocket every time and had made special trips. The men who took no part in the work only criticised and abused. He thought they should let someone else have a chance.

J. C. McLennan said the directors had no reason to be ashamed or discouraged but they were annoyed at the lack of interest taken in the work. There had never before been such a representative gathering of Indians. The mineral exhibit was splendid. There had been nothing before to

MANAGER OF HUDSON'S BAY COMPANY HERE

C. H. French Visiting Port Simpson for a Few Days and Will Return.

C. H. French, British Columbia manager of the Hudson's Bay Company, left this morning by the Camosun for Port Simpson where he will inspect the river boat Port Simpson which is on the ways at that point. The vessel is a similar craft to the Hazelton. Should there be a mining stampede up the Stikine this boat would be just the thing to carry the people and supplies into that country. In the meantime she is kept in reserve.

Mr. French makes his headquarters in Victoria where he has lived for many years. He says that city is busier than it has ever been.

compare with this year. He thought if a circular was sent out the merchants would come to the meeting. They should put it up squarely to them that they must put up their estimated share of profits.

Ben self said there had been no difficulty about financing. They could do that, but it was the lack of interest taken in the fair they did not like. Some people would not give their buildings for the use of the visiting Indians.

H. Birch said he was in accord with what had been said.

It was decided to adjourn until Tuesday of next week, Sept. 30.
