**Need for Quick Action
On the New School.**

There is great need of haste in connection with the new public school. There is a class of about forty pupils crowded into the basement of the Methodist Church where the light is very poor and the room is in other ways ill suited for the purpose of a class room. This is not good for the youngsters and steps should be taken to get something better as soon as possible.

There are other rooms crowded to the doors as well as an inconvenient room in use on Second Avenue in the Hays Block.

The people of Prince Rupert have decided that they want a new school. A majority of the people realize the serious condition of affairs. There are some people, however, in every community that begrudge every cent that is spent on the children. This has no particular reference to those who voted against the school bylaw for many of them did it because they thought better arrangements might be made.

To the average normal parent the most precious thing in the world is the child, and nothing is too good for it. Many of the Prince Rupert people are perfectly normal and they want the best there is for the boys and girls. What is needed now is quick action so that they may have it before the health of the children has been irreparably injured.

**Registering for
Voters' Lists.**

In Victoria the voters' lists were all cancelled and a new list has been made for the election which is taking place there, caused by the elevation of Dr. Tolmie to a cabinet position. Whether the same will be done in every constituency is not at all clear. To make sure it might be wise for those not registered to get on the list at once in order that there may be no chance of their being disfranchised. Because this action is taken for a Dominion election does not follow that the same will be done before a provincial election. There are a good many newcomers to Prince Rupert and they should all see that they are registered before the list closes.

**"The Influenza
Epidemic"**

From Oct., 1918, to May 1919, the Dominion Accident and Sickness Co. paid \$58,907.47 in claims resulting from Influenza, Pleurisy and Pneumonia.

These figures should carry conviction.
