**LABOR DECIDES ON OPPOSITION TO DR. TOLMIE**

President of New Westminster Branch G. W. V. A. Chosen to Contest Victoria.

Thomas A. Barnard, president of the New Westminster branch of the Great War Veterans' association, and for the past twenty-five years a member of organized labor unions, was the selection of the members of the Federated Labor Party at the nominating convention held by that organization last week at Victoria. There were but two candidates in the field, Mr. Barnard and W. E. Peirce, the latter a resident of the city and erstwhile editor of the now defunct publication *The Week*, in the conduct of which he fell foul of the censor during the war and was convicted and served a short period in jail. The vote stood forty-three for Mr. Barnard and 10 for Mr. Peirce.

By the selection of Mr. Barnard opposition at the forthcoming Federal by-election is assured against Hon. S. F. Tolmie, Minister of Agriculture.

The meeting waxed enthusiastic over the selection of Mr. Barnard, speakers pointing to the fact that his being a returned man would gain him much support in addition to that of labor, which, they professed to believe, would be found solidly behind him.

**Candidates Speak.**

Prior to the ballot being taken the candidates were given fifteen minutes in which to address the meeting, after which they were asked to withdraw and the meeting discussed their respective merits and demerits. The press representatives were not, as at the previous meeting of the party, asked to withdraw, but while confidence was expressed in the reporters, some members of the audience professed to fear the "capitalistic editors," who, they suggested, might garble the reports of the proceedings. In addition to the fifty odd members of the Federated Labor Party present, there were twenty or more representatives of labor organizations, who were permitted to take part in the discussion. A number of ladies were also in attendance.

Before addressing the meeting each candidate was asked to state whether he would give whole-hearted support to the platform of the Federated Labor Party, a brief document, as follows: "The Federated Labor Party is organized for the purpose of securing industrial legislation and the collective ownership and democratic operation of the means of wealth production." Both candidates expressed their full accord with such a platform.
