## Football Spreading

C. H. Ashdown Tells Local Footballers How Association Brand is Thriving

At a meeting of the Prince Rupert Football Association in the Canadian Legion rooms last evening the members heard an interesting and informative talk by Cyril H. Ashdown, secretary of the B.C. Junior and Juvenile Football Association, who is actively engaged in Dominion-wide football promotion.

Mr. Ashdown told of the complete organization of football among school lads and juniors in Vancouver. Plans for the future call for even wider promotion of the game. His travels take him to various states and the growth of association football clubs there, he said, is amazing. The visits of touring English and Scottish football teams have given a big fillip to the game. Outside Vancouver and Vancouver Island there is increased interest in British Columbia and teams of good calibre are to be found in Powell River and Westview. Some of the native residential schools have good coaches and the standard of play is high. An exchange of information as to what was being done here with what he knew was being done elsewhere proved of interest.

**LOCAL SITUATION**  
 Regarding the local situation there will be three teams—the Canadian Legion, the Heavy Battery and General Motors. The Columbia Cellulose will not be able to field a team at present but it is hoped that by mid-season they will have the nu-

cleus of a team. The very strong feeling of the members is that the preparation of Algoma Park is a real necessity and when it is fit to use there will be a very much increased interest and participation in football and other sports. It is expected that Saturday evening games with native teams will be a feature of this year's activities. They were a notable success last year. The Hanson Cup is now in the city and will be available for competition between visiting naval crews and a city team. With the visit of HMCS Ontario scheduled for June 20 it is hoped to arrange a game with her personnel.

The election of officers and reception of reports were postponed until the next meeting scheduled for Sunday afternoon. J. S. Wilson presided and also present were Alex. Haig, Jock Davidson, Ken Yelland, Darrow Gomez, Jack White, Wally Price, Dick Cameron, J. Bowman and Stan Veitch.

Plans were made at a meeting held in the Armory this week for a practice to be held this Sunday at Acropolis Hill, weather permitting.

It is hoped to arrange a game between local players and the Port Edward team, who have been practicing steadily, Mr. Gomez said.

In his request for young footballers, the president stressed that they did not have to be members of the reserve army, although the team is sponsored by the local unit.

**Reserve Wants Soccer Players**  
 Young players are wanted by the soccer team of the 120 H.A. Battery (Reserve Army), Darrell Gomez, president, said today.

Plans were made at a meeting held in the Armory this week for a practice to be held this Sunday at Acropolis Hill, weather permitting.

It is hoped to arrange a game between local players and the Port Edward team, who have been practicing steadily, Mr. Gomez said.

In his request for young footballers, the president stressed that they did not have to be members of the reserve army, although the team is sponsored by the local unit.

Reflects and Reminisces

As time wears along it is becoming less embarrassing to say "hundreds of millions of dollars." Yet there was a time, and not so long ago, when even to think in cold blood, of that much money (let alone say it) might have suggested medical attention.

Mr. Atlee understands how to conform with circumstances. The recent announcement to the

effect that Britain's Labor government was on the verge of defeat also conveyed the news that the Prime Minister was in bed with a stomach ulcer.

A Social Credit member has told Hon. Lionel Chevrier, minister of transport, that travelling between Ottawa and Edmonton over the CNR there is a danger of spilling ginger ale on his vest. But why worry over a trifling incident such as waste of non-alcoholic refreshment?

Funds on a vast scale will be spent in manufacturing aluminum. All this will be done in the rugged territory somewhere less than a hundred miles south of Prince Rupert. Today, this region is being advertised as

## "Front Lines of Freedom..." ENGINEERS

with the

Men of a hundred trades, masters of a thousand problems—serving Canada and Canada's Army in countless ways—the Royal Canadian Engineers are key men in Canada's most important business today... defence.

Working against time to build up our defences, one of Canada's most urgent needs is more men for the Active Force. This fast growing Army of ours needs men with the skills to give our modern Army the power to make things happen fast.

In the Canadian Army many of these skills belong to the Royal Canadian Engineers. They include everything from the Building and Shop Trades, through Surveying and Map Making, to operating all types of equipment. It takes time—a lot of time—to train "Engineers".

Join Now! Learn the skills of the men who must be everywhere in the Canadian Army. We must be ready to defend our homes, our friends—the way we want to live. Join the Royal Canadian Engineers.

O ENLIST  
 YOU MUST:

1. Be a Canadian citizen or British subject.
2. Be between 17 and 40 years of age.
3. Be single.
4. Meet Army test requirements.
5. Volunteer for service anywhere.
