Nine Home From Korea

VANCOUVER (CP)—Nine victims of the war and weather in Korea arrived here yesterday, the largest group of Canadian soldiers to be flown home from the battle zone since the special brigade went into action.
The soldiers, all from east of the Rocky Mountains, were taken to Shaughnessy Military Hospital after a Canadian Pacific Air Lines plane had landed them at the international airport.
The Army said the soldiers were pulled from the battle line because of injuries and sickness. The cases ranged from frost-bite and arthritis to gunshot wounds.
All were described as "walking cases."

Revolt in Albania

LONDON (CP)—Yugoslavia contended today that armed rebels are being parachuted into Albania to fight against the Kremlin-controlled regime of Premier Enver Hoxha.
To combat apparently growing unrest in the small Balkan Soviet satellite nation, Russia is reported to have sent about a dozen MIG jet fighter planes to Albania.

Yugoslavia also declared an Albanian rebel campaign, apparently, is being directed by "reactionary" Albanians now living in Italy.
Besides parachutists, Yugoslavia said planes are showering anti-Communist leaflets over Albanian cities and towns.

MANY EXECUTIONS

An Italian informant in Rome closely connected with the free Albanian movement in Italy said today 5,000 persons have been executed for political reasons since Communist Enver Hoxha became Albania's premier five years ago.

Another 10,000 have been jailed, he said.

Because anti-Hoxha leaflets and ammunition for guerrilla fighters have been dropped by planes from the west, notably Italy, there has been a sharp increase recently in the number jailed, the informant said.

VANCOUVER (CP)—Alexander R. McDonald, 32, identified by police as brother of notorious Mickey McDonald, was charged last night in the \$5,000 holdup Wednesday of the branch Bank of Montreal here.

Also charged with robbery with violence were "Blackie" Weir, 34, and Anthony (Tony) Schlosser, 36-year-old salesman.

"McDonald is brother of Mickey McDonald," Detective Muir said.
Mickey McDonald broke out of Kingston Penitentiary some time ago. He has been described as Canada's "public enemy No. 1."

Credit Union Reviews 5 Million Dollar Year

Assisted Members in Maintaining Ownership
Of Boats and Homes

Another year of successful operation was reviewed by the Prince Rupert Fishermen's Credit Union at the annual meeting last night in the Odd-fellows' Hall. The Union's business in the way of disbursements and receipts amounted to \$5,186,000 during 1950.

Members' savings showed considerable gains. Shares increased by about \$60,000 to a total of \$463,253 while deposits went up about \$90,000 for a total of \$543,665 at the end of December 1950.

Assets went over the million dollar mark to \$1,053,231. Although nearly all eligible members in the area already belong, membership for the year increased by 127 for a new total of 1495.

During the year about \$900,000 was loaned to members for provident and productive purposes. In addition some \$350,000 had been loaned to the Co-operative. Loan purposes included assistance to many fishermen to maintain independence through ownership of boats and gear. Home purchase loans had also been numerous.

ADOPT RECOMMENDATIONS

The meeting approved recommendations as follows by the directors:

- (1) That a dividend of 3% be paid on shares.
- (2) That 10% of the interest paid on personal loans be returned to the borrower as a patronage refund.
- (3) That 5% of the undivided surplus be allocated to the Education Reserve.
- (4) That no interest or dividends of less than 25c be paid, and that no patronage be refund-

ISOLATION REMOVED—

Speed And Efficiency in Egg Is. Woman's Rescue

Lighthouse keepers even in the most inaccessible points along the rugged British Columbia coast no longer live the life of isolation they once endured. This was fully demonstrated in a remarkably efficient mercy operation which was successfully concluded last night by the Department of Transport in co-operation with the Royal Canadian Air Force.

Not a great deal more than 24 hours after L. P. Dupuis, lighthouse keeper at Egg Island in Queen Charlotte Sound, 240 miles south of Prince Rupert, had notified, Department of Transport headquarters here that he believed his wife was suffering from acute appendicitis and required immediate surgical attention, Mrs. Dupuis had been safely landed in Vancouver General Hospital.

Egg Island is about midway between Prince Rupert and Vancouver.

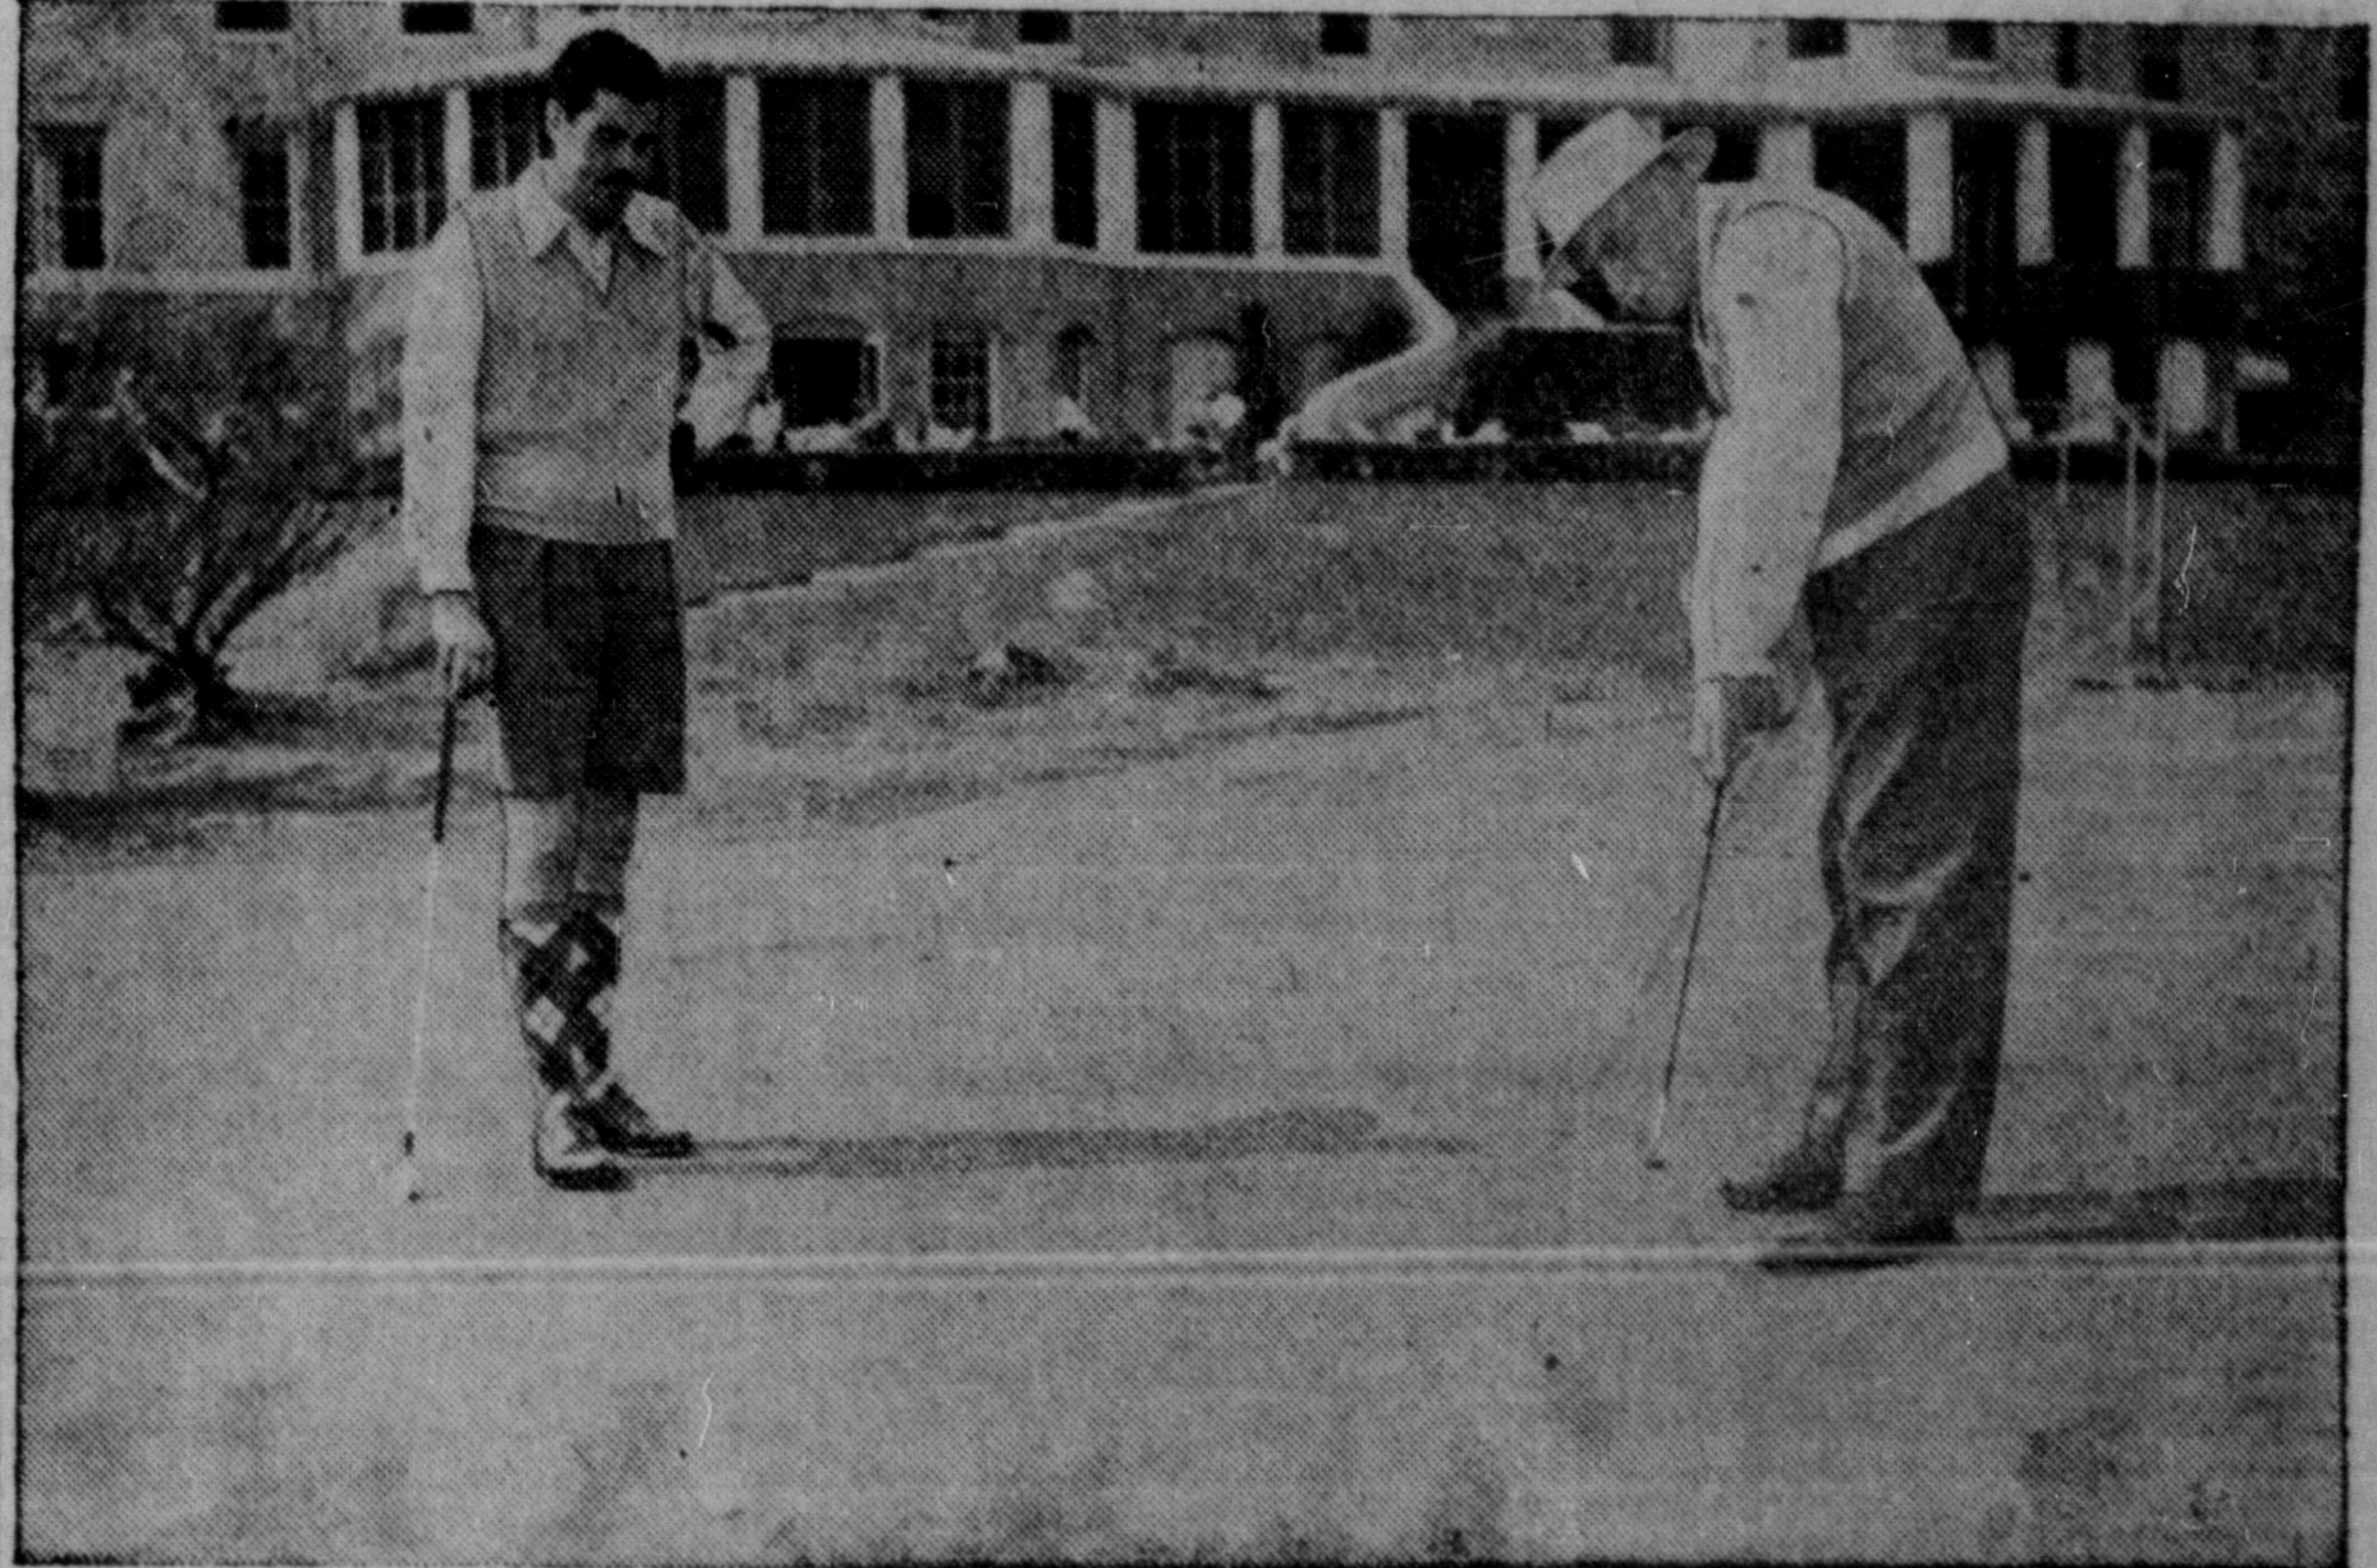

On receiving Mr. Dupuis' radiophoned appeal, N. A. Beketov, agent for the Department of Transport here, dispatched the lighthouse tender Alexander Mackenzie, Capt. Norman MacKay, to Egg Island at 5:30 Thursday afternoon. The Mackenzie reached Egg Island at 2 p.m. yesterday and promptly took Mrs. Dupuis aboard. After a four-hour crossing of Queen Charlotte Sound, the tender was at Port Hardy at 6 p.m. to transfer the patient to a waiting Royal Canadian Air Force plane. At Sea Island airport, an ambulance was waiting to take Mrs. Dupuis to the hospital and thus complete the rescue operation at 10 p.m. Friday.

Word received today by Mr. Beketov was that Mrs. Dupuis' condition was satisfactory although it was not revealed whether she had yet had surgery. She had been feeling ill for 12 days and her condition gradually worsened until it became necessary for her husband to appeal for rescue.

Planes cannot land in the turbulent sound near Egg Island so it was necessary to send the lighthouse tender to take her off, a small boat being used for the landing from the Alexander Mackenzie.

The tender, having some routine work to do on the way back to port, may be back here tomorrow night.

P. H. Linzey escaped injury other than a shaking-up about noon yesterday but his car sustained considerable damage when, endeavouring to avoid collision with an oncoming truck while turning off Third Avenue into Sixth Street, he struck two parked cars, one owned by Fred Hegg and the other by David Zille.

Communists Fighting Back

TOKYO (CP)—Two American tank columns stabbed across the Red Korean border today in a daring challenge to Chinese offensive build-up.

One column struck across the 38th parallel, north of Uijongbu on the western front, then pulled back before dusk.

Another thrust was made into Red lands north of Chungpyong reservoir, on the central front.

Both ran into fierce fights. An armored force, north of Uijongbu, fought off Red anti-tank guns, mortar and hand-grenade attacks. It stayed 3 1/2 hours in Red territory.
