TEXAS OIL Profits! Profits!

SENSATIONAL DISCOVERIES OF OIL IN
TEXAS have poor men
OVER NIGHT, OVER SIX MILLION DOL-
LARS IN DIVIDENDS paid the FORTUNATE
INVESTORS in 90 DAYS. DO NOT BE A
PESSIMIST, INVESTIGATE THE WONDERFUL
OPPORTUNITIES TO MAKE LARGE RE-
TURNS ON A SMALL INVESTMENT. SURELY
IT DOES NOT COST anything to

INVESTIGATE
YOU OWE THAT MUCH TO YOURSELF
AND FAMILY

and you will certainly learn there is
SOMETHING NEW UNDER THE SUN in
the State of Texas, the poor man's oil
fields, over FOUR HUNDRED POOR MEN
made millionaires from TEXAS OIL dis-
coveries in two years. Thousands of peo-
ple made small fortunes and the oppor-
tunities are getting greater.

WARNING!
But get the TRUTH about TEXAS OIL
PRODUCTION and DIVIDEND payers. Ave
will mail you ABSOLUTELY FREE an
official State Government report made to
the office of the State Comptroller by all
producing oil companies of TEXAS with
their

SWORN STATEMENT
for the second quarter (90 days) of 1919,
reporting 17,654,187 barrels of high-grade
oil, valued at \$31,255,192, to the State In-
come Tax Department, as required by the
Texas laws. We will furnish you the en-
tire list, giving names of companies, their
production of oil, the amount of money
they receive for the oil, carefully com-
piled. We want the world to know the
TRUTH ABOUT TEXAS OIL PRODUCTION.

STEWART IS DEVELOPING

Thirty Million Dollars in Gold
and Silver Blocked Out at
Premier Mine.

**SHIPPING COMMENCES
SOON AS SNOW FLIES**

**Bear River Country Beginning to
Receive Attention Once More
From Prospectors
and Miners.**

"We have every reason to be satisfied with the advancement of the Portland Canal district during the past summer, and with the assurance of development work being continued on many mining properties during the winter, the outlook for the camp is brighter than it has been for some years," said J. W. Stewart who is here for a few days. "The phenomenal ore bodies developed on the Premier mine has been the main factor in re-creating renewed interest in the district, and capital has already been forth coming for the bonding of a large number of properties."

"The Premier mine has now an available ore tonnage practically blocked out estimated to contain something like \$10,000,000 in gold and silver. The construction of a concentrator is under way and the wagon road to tide water has been completed and shipments of ore will go forward as soon as the winter has set in and the sleigh road is available. This road, which now serves a large portion of the Salmon river valley will be continued next summer to the Big Missouri and other properties on the upper valley."

"Development work has continued throughout the summer on a number of properties, notably on the Big Missouri. The '49, Mineral Hill, Yellowstone, Bush Mines, Ltd. Diamond drills are at work on the Big Missouri and '49' and so far as known the results are satisfactory."

Wagon Road.

"The new wagon road between Stewart and Hyder will be completed shortly. This road, costing in the neighborhood of \$30,000 and built entirely by returned men, is a first class piece of work, the road is about a mile and a half long and is practically one solid rock cut for its entire length along the shore line."

The construction of the new Dominion wharf is expected to be commenced shortly, the contract having been let some time ago. The approach to the old wharf is in bad repair but it is understood that temporary repairs will be made immediately.

Bear River.

"In the Bear River side of the district mining development has proceeded more slowly, the Salmon river section having naturally attracted the most attention from mining men, but lately the Bear river seems to be coming into its own again, a number of properties having changed hands within the past few weeks. The Lakeview on Glacier creek has been bonded to Welch & Fetter who are interested in the Mineral Hill claims on the Salmon, and the property of the McNeil brothers on Bear river has been acquired by Alaskan people. Options have been taken on several other properties."

"Many new mineral locations have been made during the past summer, nearly four hundred having been recorded, mainly on the Salmon river, but a large area of territory still remains to be systematically explored, for instance, beyond the Maybee claim five miles north of Red Cliff on American creek lies fifteen miles of good prospecting ground on which, as yet, not one location has been made. This creek parallels Cascade creek on the Salmon river side along which most of the Salmon river claims are located; and prospectors for the most part have confined their attentions to the more easily reached portions of the country in the neighborhood of known ore bodies. They have also crossed the divide at the head of Cascade Creek and have found the mineralized zone extending into the territory drained by tributaries of the Naas, but American creek so far has not received the attention it deserves for the evidences of extensive mineralization that it shows. Next season will no doubt see the advent of the prospector into this section as well as the more outlying portions of the Bear river valley and its headwaters."

SKEENA LAND DISTRICT—DISTRICT OF QUEEN CHARLOTTE ISLANDS.

TAKE notice that Ester Mahella McMillan, of Winnipeg, Manitoba, occupation grocer, intends to apply for permission to prospect the following described lands for coal and petroleum:—
Commencing at a post planted about one mile east of the mouth of Coates Creek (Port Louis); thence south eighty chains, thence east eighty chains, thence north eighty chains, thence west eighty chains to the point of commencement.
