SELL IRON and STEEL SCRAP NOW!

The scrap in your plant, factory or shop will bring high prices... and help industry get the steel it needs

TODAY you are hearing a lot about the importance of scrap—Iron and Steel "Junk" that often lies excluded in some obscure corner. MAYBE in your own plant, your shop, there is a forgotten heap. Rusting tanks or boilers... obscure machinery, lying unused... plates, sheets, gears, rails, discarded months or years ago. If so, write, wire or phone us. Scrap's our business! We buy it! AND we pay good prices!

The various scrap you sell may well find its way to the steel mills—which, today, are hungry for it. Scrap, a truly vital ingredient in the making of steel, is in critically short supply. Millions and millions of tons are needed at once.

You can help—and help yourself as well—by cleaning out the scrap pile and selling it to us for cash. Get your scrap in circulation. Get it on the job!

Recitals at St. Joseph's

Senior and Junior Pupils
Acquit Themselves with Credit

On Thursday and Friday evenings music pupils of St. Joseph's Academy held their annual recital in Annunciation Hall which was tastefully decorated for the occasion.

The program included two-piano pieces duets, solos and violin selections. It was interesting to see many boys interested in music and making progress in it. But it was the tiny tots who "stole the show."

Both evenings were enjoyed by the audience and by the performers who came forward with assurance and with an air of sheer enjoyment.

The program:

Senior
"Bella Bocca Polka" (Waldteufel) First piano, J. Larsen, K. Williams, R. Turcotte; second piano, M. Knutsen, M. Kerr, B. Oskey.
