Hospital WA Is Very Busy

Much business was transacted and reports on many activities were presented when the regular monthly meeting of the Women's Hospital Auxiliary was held in the Ladies' Lounge of the Civic Centre on Thursday with a record number, 29 members, present.

Mrs. R. Davidson reported on the decoration of the hospital wards with small trees. Fourteen different rooms were brightened up by these gay trees and they were left in the rooms until January 2 when the Library Committee dismantled them. Patients expressed appreciation of this added gaiety to their rooms.

A further letter and more books have been received from Mrs. Wilson, President, B.C. Association Hospital Auxiliaries. Mrs. A. Boas reported that the Library Committee have now indexed all the books and additional books continue to arrive fairly regularly. The members of the Hospital Auxiliary assisting this committee in distributing the books to hospital patients, in the twice weekly rounds of the whole hospital, are delighted with the reception they receive from the hospital patients, many of whom now look on these ladies as old friends.

Mrs. A. H. Hurst gave a report on the sale of raffle tickets for the Russian squirrel scarf.

Mrs. H. A. Breen gave a report on the furnishings that have been supplied by the Hospital Auxiliary to the Nurses' Home. One sectional chesterfield, purchased; one chesterfield re-covered; one large chair re-covered and new cushion added; four occasional chairs covered; one footstool and one table refinished; ten pairs floor length drapes purchased, made and hung and rods for same supplied.

As the Nurses' Home is now ready the long promised tea is to take place there on February 1. All ladies in Prince Rupert, and men as well, are being invited to attend this tea and see the Nurses' Home. A home cooking sale will be held at the same time as the tea. It is hoped that non-members of the Hospital Auxiliary will assist the home cooking committee with donations.

Mrs. Norton Youngs reported the Prince Rupert Rotary Club donated \$20 a few days prior to Christmas so that toys could be purchased for all children in hospital over Christmas. Mrs. Youngs and Mrs. A. W. Large bought toys for each child in the hospital and these were handed to the small patients just prior to Christmas Day. The remaining money being used, on a suggestion of Miss Clements, Lady Superintendent, to purchase permanent toys for the children's wards in the hospital. These are very badly needed to help amuse the convalescent children.

The annual meeting of the Women's Hospital Auxiliary will be held on March 15.

The annual Rummage Sale is planned for May 4 and 5. It is hoped to make 12th—National Hospital Day—in remembrance of Florence Nightingale's birthday—a special day. A tea has been planned for that date and will be held annually in future.

THE LETTERBOX

CANADA'S POSITION
Editor, Daily News—

Regarding Canada and other countries of the British Commonwealth, as it is called, it seems we have had enough experience and knowledge that we now can play a more wise and progressive role in world affairs. The time has come to ask questions:

"Are we going to follow the Yanks, right or wrong?"

As the leaders of the U.S.A. persist in Americanizing other people with guns and bombs, we should let them go at it alone. They'll learn after a while (like Germany did) that war doesn't pay. The great powers have been discussing freedom so long with insults to one another that the common man is more than fed up with it. It seems to me that the only freedom we have now is to starve to death at home or get killed in the battlefield.

Those who are boasting of or anticipating another war will be badly left, because the wounds of the last war are not yet healed. Note, that anyone with a sound mind will not get into war unless deliberately attacked and his interests demand to be defended. As long as there remain scars of war in Germany, Poland and Russia, there won't be any war in Europe—so that ought to convince many.

Surely the time has come for those who have the knowledge and humanity at heart, to assume an attitude in the grave situation. For my part I say: Let the Asiatics solve their own problems. All they want is to be left alone to administer their own affairs.

Interference leads to trouble in international affairs, as well as private affairs. The only way the world can be at peace is to establish decent trade relations despite political agitators.

I may add: The U.S. interference in the China civil war has resulted in untiring China as it is. Stalin saw the opportunity and made a 30-year alliance with his big neighbor so as to keep peace in turbulent Asia. It is in the interest of all the nations that comprise this world that a strong power keeps the peace there.

RALPH HEPPELL,
Terrace, B.C.

Brittany in France, one of Europe's most picturesque areas, was conquered by Julius Caesar in 56 B.C.
