Named Delegate To Labor Meet

M. B. O'Toole, member of the provincial council of the International Operating Engineers, was delegated at Friday night's meeting of Prince Rupert local in the Carpenters' Hall to attend the Vancouver conference April 8.

Due to mechanical difficulties with the loudspeaker, the local film board representative, Brother Charles Young, was unable to show the industrial film usually shown before the business meeting.

The Aluminum Company film series, now being made available by the National Film Board here, will be shown by the engineers' local, S. L. Peachy said.

Due to President Lloyd Stevens's absence, Kenneth Laird was chairman.

Roy Van der sluys Leaves

Resident of the city for the past twenty years, Roy G. Van der sluys is leaving Prince Rupert on the Camosun tomorrow and, after a few months of travelling, will make his permanent future home in West Vancouver. He recently sold out his bakery business here.

The next couple of months will be spent in Washington and Oregon and Mr. Van der sluys will then proceed to Ootsa Lake to spend the summer after which residence will be taken up at West Vancouver.

Meantime, the marriage of Mr. Van der sluys and Miss Clara Pierce, well known local girl, will take place shortly in the States.

Mr. Van der sluys, during his residence in Prince Rupert, has taken an active interest in Masonic, Rotary and Yacht Club affairs and was also active at one time in the Junior Chamber of Commerce. He has served as president of the Rotary, Yacht and Shrine Clubs and at present is provincial grand prior of the Knights Templar in which capacity he paid a visit last week to Western Gate Preceptory in Victoria, having returned to the city Friday.

Mr. Van der sluys' son Ralph, has resumed his studies at Shawningan Lake boys' school on Vancouver Island.

Hans Froese, master mechanic at the Torbit mine at Alice Arm, was a passenger aboard the Camosun last evening returning north after a trip to Vancouver.

Here's Why You Need Aspirin When You Have A Cold
—To Feel Better, Fast!

At the first sign of a cold—*before you do anything else*—take two ASPIRIN tablets with a full glass of water. Here's why: When you have a cold, it's almost invariably accompanied by a headachy, feverish feeling and muscular aches and pains. And it's very important to your well being that you treat these distressing symptoms with a medication that will *relieve* them . . . *relieve* them quickly. By taking ASPIRIN at the first sign of a cold, you'll get this important relief.

No matter how you try to stop or shorten a cold, authorities will tell you that this is sound advice.

FEEL BETTER FAST

And when you take ASPIRIN, you'll discover why millions have followed this advice with remarkable results. For ASPIRIN works fast. It actually goes to work in two seconds. And this is one reason why it brings you amazingly quick relief from these painful cold symptoms.

This two-second speed is something you can see with your own eyes by dropping an ASPIRIN tablet in a glass of water and "clocking" its disintegration.

WHAT TO DO FOR SORE THROAT

When your cold causes a sore throat, gargle with three ASPIRIN tablets dissolved in one-third of a glass of water. This makes a potent medicinal gargle that almost instantly soothes tender throat membranes, relieves pain and irritation.

Besides being effective, ASPIRIN is also gentle. Its single active ingredient is so gentle to the system that it is regularly prescribed, even for small children.

Keep ASPIRIN handy. When you buy, get the 100-tablet bottle which gives you ASPIRIN for less than a penny a tablet.

Because no other pain reliever can match its record of use by millions of people, without ill effect, one thing you can take with complete confidence is

CANADA GROWS—Back in 1666, census takers didn't have much trouble counting the people in Canada. There were only 3,215. Since that first census the population of the Dominion has climbed to more than 14,000,000. This year it will take five times as many census takers as there were people in 1666 to count Canada's present population. (CP PHOTO)
