Here's the saw that's designed to lessen work and raise income on the farm. You can take it anywhere—up hill and across swampy land. If necessary—because it weighs less than 25 pounds. And it's anything—heavy timber, limbs, hardwood, softwood, frozen wood—because it has a full 3 horsepower.

Many other features too make the McCulloch 3-25 tops on the farm: automatic clutch, built-in chain oiler, recoil starter, full-power operation at any angle.
