All Sports Under Eye

WASHINGTON (CP) - Representative L. G. Clemente (Dem. N.Y.) today proposed U.S. congressional investigation of sports contests.

He introduced a resolution to set up a five-man house committee to study "football, basketball, racing, boxing and other sporting contests, professional or otherwise." Purpose of the committee would be to determine whether legislation or other action is necessary to prevent illegal, unethical, corrupt or otherwise improper conduct at such sporting contests.

Eng. Cricket Team in Win

VANCOUVER - The touring Marylebone cricket team yesterday took a notable revenge on the team from the lower B.C. mainland in their second game of the series. Having won the first over M.C.C. the local eleven was trimmed by a score of 270 for the loss of four wickets to scores of 79 and 91, or a total of 170 for two innings.

"Get out of the park or I'll call the game," cried Letourneau, and meant it. McHardy left.

Sunday will be the first game of the best-three-of-five final series between league-winning Abel & Odowes and the Hardware lot. With the type of playing the young team has been doing lately, it promises to be a stiff battle between them and the veteran Clothiers.

COTTAM, Ontario (CP) - The pride of this southwestern Ontario town is Ronald Hicks, 22-year-old, one-armed softball pitcher.

Ronald lost his right arm when he was 14 while sawing wood on his father's farm. But the loss of his right flipper didn't get him down.

He was captain of his team in a high school softball league and won a service club trophy two years ago. He's never batted less than 300.

Ronald has tried his one arm at baseball but has never been successful at it. It's the glove. Playing baseball he would have to pick up the ball with his gloved hand, slip off the glove and then make his throw. He doesn't need a glove playing softball.

Life isn't just a game, however, to Ronald. He's a cabinet-maker, a trade he developed after he left high school.

There's only one thing he can't do and that's countersinking a nail. "I have more work than I can do and I have hired a man," Ronald explains. "He countersinks nail."
