Paperweights Get Trophies

Four little scrappy fighters who staged preliminary bouts at last Friday's fight card here came in for more than \$50 as enthusiastic crowds showered down nickels, dimes, quarters and even halves in appreciation of the show.

Last night, the boys received a lasting token of Prince Rupert's appreciation of sportsmanship. Trophies were presented to Billy Saunders, Doug Prystay, Dick Bury and, by proxy, to Billy Watmough, who was absent.

Trophies were purchased with the "prize money" and the handsome cups were presented to the young boxers by Joe Ward, manager and trainer of Elks Boxing Club, while trainer of the youngsters, Martin Saunders, looked proudly on. Presentation was made at Annunciation Hall, where the boys gathered for Cubs and Scouts meetings.

Scout Commissioner F. E. Anfield also congratulated the boys for their performance and praised them for learning the art of self defence.

"I'm happy to see young cubs and scouts take an interest in this sport, but remember, boxing is not just slugging the other fellow, but knowing how to defend yourself," Commissioner Anfield advised.

Cubs made a presentation to

Ward, in appreciation of his interest in them.

In a previous ceremony the same evening, the Catholic Cub pack received a cured wolf's head for their totem, donated by Bill Scuby. He wished the cubs success in their efforts. This is the second of five wolf heads Mr. Scuby will give to cub packs here.

Is Your Family getting the wonderful benefits of DENTOCILIN, the original, proved penicillin tooth powder? I think you'll agree... it's time they were! For, in a 2-year test among school children, Dentoicillin reduced decay 55%—5 times more than a leading university's ammoniated formula! This is important, too: Dentoicillin is effective with just morning and evening brushing, because penicillin is the only anti-decay ingredient that gives between-meal protection against enamel-eating acids. No wonder thousands of dentists have been recommending Dentoicillin for nearly two years. I can't urge you too strongly to start your whole family using it regularly. Pleasant-tasting, really cleans teeth, 75c for 3 months' supply.
