

## United Nations On All-Out Offensive

### Will Not be Stopped by Forty-Eighth Parallel

TOKYO (CP) — Allied troops drove four miles into North Korea today in what the United Nations commander called "an all-out offensive."

The Thirty-Eighth Parallel means nothing to said Lt. General James A. Van Fleet, commander of the United States Eighth Army.

Van Fleet said his Army's tactics in pursuing the Reds into North Korea was a gamble in paying off. "Considerable progress" was made.

He said the Chinese toward the Thirty-Eighth Parallel were some fronts while they stubbornly on others.

Following the Eighth Army, he said, will "not be limited by such barriers as the parallel in chasing them."

## Russians in Korean War

Inquiry Hears US Chief of Staff.  
WASHINGTON, D.C. (CP)—General J. Lawton Collins said today that "we are quite convinced" that Russians are flying some of the Communist planes.

He said his Army chief of staff, General Douglas MacArthur, had captured the Chinese Reds in North Korea.

He was testifying at the inquiry into foreign policy of the United States.

He said the same argument made by Secretary of Defence Marshall and General Omar Bradley, chairman of joint chiefs of staff, earlier.

### Danish Hospital Ship Serves with UN in Korea

Denmark's contribution to the United Nations effort in Korea is the fully manned hospital ship "Jutlandia," formerly a passenger liner on the North Atlantic run. The ship, now in Korean waters caring for U.N. wounded personnel, has space for 300 patients and its staff of medical and administrative volunteers numbers one hundred.

Here, Commodore Kai Hammerich, commander of the Danish ship (left), discusses his work with Admiral Sohn of the Korean Navy.

## Powerful H-Bomb Tested

### Eniwetok Island Experiments "Successful"

WASHINGTON, D.C. (CP)—The United States announced today that it had "successfully" carried out atomic tests at Eniwetok including some experiments that may lead to hydrogen bombs.

The announcement said that, "In furtherance of the President's announcement of January 31, 1950, the test program included experiment contributing to thermonuclear weapons research."

The term "thermonuclear" refers to reactions involving the release of atomic energy through fusion of hydrogen atoms.

President Truman gave the go-ahead for the development of super H-bombs so the United States may defend itself "against any possible aggressor."

It was hinted by the United States that it had made the first tests of some kind of a hydrogen bomb, perhaps of the "Bad Bomb" variety, and said they were successful.

Language of the announcement was guarded but it seemed to indicate that the United States is at least well on the way to perfecting the most powerful weapon the world has ever known.

AGREED ON PENSIONS  
OTTAWA—The federal-provincial conference on old age pensions concluded its sessions Thursday after representatives of Canada's eleven governments reached "general agreement" in principle. Health Minister Martin said the government hopes to go ahead with pensions legislation covering both 65 to 69 and over 70 groups this year. There will be no tests for over 70.

FISH BOATS COLLIDE  
HALIFAX—The French fisheries patrol vessel *Laventure* was headed for St. John's, Newfoundland, today with a unknown number of survivors of a collision yesterday between two French trawlers on the Grand Banks. At least two are known dead and ten missing.

Fanny Brice Has Brain Hemorrhage  
LOS ANGELES—Condition of Comedienne Fanny Brice, aged 59, following a cerebral hemorrhage at her home, remains critical today. She is best known for her characterization of "Baby Snooks" on the radio.

Fulham Wins From Toronto  
TORONTO—The touring Fulham soccer team yesterday defeated an Ontario all-star team three to nothing in an exhibition soccer match before a crowd of 8,000 persons. All goals were scored in the first half.

Superior passing provided the First Division English League team with its edge.

Truman Asks Eight and Half Billion to Meet Red Threat  
WASHINGTON, D.C. (CP)—President Truman yesterday asked for \$8,500,000,000 to help friendly countries to throw up a "defensive shield against Russia."

President Truman said that "the Soviet threat is worldwide." He was giving a message to Congress outlining a broad new foreign aid program.

He said that the Communist attack may come through "armies marching across frontiers or by internal subversion, political infiltration or sabotage."

Mr. Truman said the money will go to speed shipment of American arms and economic aid to nearly fifty friendly countries. These include Formosa, Iran and other "powder-keg" centres but the heavy accent was on Europe.

## Iran to "Fight to End" For Nationalization of Her Oil

### Four Thousand British Paratroopers Moved to Cyprus

TEHRAN (CP) — Prime Minister Mohammed Mossadeh tearfully asserted today that Iran will "fight to the end" to achieve oil nationalization.

### Geoff Walsh Brigade Head

OTTAWA—Brigadier Geoffrey Walsh, C.B.E., D.S.O., 41-year-old engineer of Brantford and St. Catharines, Ont., whose Army career has taken him from Spitzbergen to China, was named today to command Canada's new 27th Brigade group and direct its preparations to serve in Europe or elsewhere.

Brigadier Walsh was formerly officer commanding of the Canadian Army along the Alaska Highway and, after World War II, was in Prince Rupert to assess war damage in connection with a city claim to compensation in connection with streets and utilities.

The Army announced too that the only Victoria Cross winner to stay in the regular forces after the war, Lt.-Col. John K. Mahony, 29, of New Westminster, will command one of three infantry battalions in the brigade.

Rev. H. Winfield, United Church pastor at Queen Charlotte, is a passenger aboard the *Coquitlam* today returning to the Islands from Vancouver where he attended recent sessions of British Columbia Conference.

## May Queen Crowned at Interrupted Ceremony

### Races and Baseball Game Postponed — Small but Colorful Parade

Although much of the Kinsmen's May Day celebration was rained out yesterday afternoon, the weatherman was kind enough to allow a few dry minutes while the parade led the way to Roosevelt Park.

The heavy shower began with ceremonies of crowning new May Queen Arlene E. Johnson, 11-year-old King Edward School student.

Miss Mavis Cronin, last year's queen, said the weather was "not quite as bad" as last May 24. She then hurriedly crowned the new queen.

The attending princesses put up umbrellas while Stan Saville, master of ceremonies, called Queen Arlene to the microphone for her speech. Then followed the downpour which washed out the sports event and sent everybody home in a hurry.

The sports have been postponed until Sunday, the Kinsmen announced.

Winner of the \$50 for best decorated float was the IODE entry. The float was displayed completely in white with "IODE" in large red letters on one side. Covering the rear was a paper-covered Union Jack and on the truck were several children displaying a placard sign, "Canadians All."

Parade was led by A. E. Smith's car, in which rode the retiring queen. A crowd of laughing and cheering children surrounded the car followed by Prince Rupert Civic Band.

Winners of the best dressed children were Sharon Skinner, first, representing the America's in a gay Stars and Stripes costume; Loree Faught, second, in a Queen Victoria costume; and Jimmy Anderson, third, dressed as a skeleton.

Best decorated bicycle prizes went to Sylvia Cherry, first; Joanne Way, second, and Dick Flood, third.

"Spring is Here" was the theme of the Sweet 16 float which won the prize of the best decorated car. Posing on a background of white and pink and modelling beach costumes were Misses Pat Hall, Mary Lou Lynn, Joyce Tattersall and Rena Ingram.

The Kinsmen float, colorfully decorated in red, white and blue, streamers carried the Royal Party, elect Queen Johnson and princesses Anna Colussi, Loraine Smith, Linda Strachan, and Sue Martin.

The Queen and retiring queen both had bouquets. Costumes were of white silk material, in style of long gowns with shirred waists designed by those who wore them with the help of their mothers.

The Wolf Cub Patrol had a float as well as a marching unit. Another float carried a patrol of Brownies.

A highlight of the parade was the fire truck, whose wailing siren Assistant Chief "Buster" Hill would start off at intervals to the amusement of some 30 children piled all over the vehicle.

Eleven cars and a crowd of walking people followed the parade to Roosevelt Park. The sun came out for an interval before dark clouds lowered and hid the nearby mountains.

A feature of the celebration-to-be, the opening game of the baseball season, was cancelled, but the dance at the Civic Centre in the evening was well attended. May Queen Arlene and her attendants opened the dance after which Mr. Saville presented them rings on behalf of the Kinsmen Club.

Judges of floats and costumes were Harold Thom, S. A. Cheeseman, and Robert G. Moore.

Others taking part in the ceremonies were Mrs. J. R. Carr, Queen Mary Chapter regent; Mrs. A. Gillis, Queen Mary Chapter regent; Mrs. W. E. Halliwell, Duchess of Edinburgh Chapter regent; and Mrs. J. Ridsdale, Queen Mary Chapter educational secretary.

Standard bearers were Mrs. M. J. Keays, Municipal Chapter; Mrs. A. Gillis, Queen Mary Chapter; Mrs. Alex. Bill, Cambrai Chapter; Mrs. Johnson, Duchess of Edinburgh Chapter, and Miss Shari Beth Ingalls, HMCS Haida Chapter.

## Brief on Insurance

Special committee of the Prince Rupert Chamber of Commerce will present a brief to a committee of the Legislature which will tour the province to investigate the operation of hospital insurance and conduct hearings in connection therewith. Chairman of the Chamber's committee, named at a meeting of the executive council this week, is J. T. Harvey with J. W. Scott, E. R. Gordon and Dr. R. G. Large the other members. The Chamber of Commerce is on record as protesting the increase in hospital insurance premiums and the co-insurance imposition.

Another special committee of the Chamber consisting of A. D. Vance, Dr. L. M. Greene and A. S. Nickerson will look into the possibilities of having the annual convention of the Associated Boards of Central British Columbia held in Prince Rupert now that Burns Lake has indicated that it will be unable to entertain the gathering. Suggestion has been made that one of the vessels of Union Steamship Co. might be chartered if the convention is held here. The ship would provide accommodation and also make a special cruise to Kitimat and Kemano Bay where Aluminum Co. of Canada has commenced operations in connection with its vast alumina smelter and power development project.

In connection with entertainment of delegates to the official opening of the Columbia Cellulose Co. Ltd. plant on June 12 a transportation committee will be headed by Hugo Kraupner. Cars will be arranged to take the delegates on a tour of the city following their arrival from Vancouver the day preceding the opening on a specially chartered voyage of the steamer *Prince George*. The Junior Chamber of Commerce has already undertaken to provide ten cars. Some 200 visitors are expected.

The Chamber executive also took up the matter of congestion and delay in freight handling between Vancouver and Prince Rupert and R. S. Collinson was delegated to investigate and report back.

## Weather

### Synopsis

Temperatures in the cold Pacific air which yesterday invaded the province, last night fell to freezing or close to freezing in many sections of the interior. Gradual warming will take place during the day and temperatures tonight should be several degrees warmer than those of last night. There was snow at 2500 altitude at Prince Rupert and Queen Charlotte Island area.

Skies in most sections of the province were clearing this morning but during the afternoon showers are expected to develop along most of the higher ridges.

The storm centre in the Gulf of Alaska appears to be weakening this morning and two or three days of sunny weather are expected in most sections of the province.

### Forecast

North coast region—Cloudy and cool with a few showers today, clearing overnight. Sunny with a few cloudy intervals Saturday. Winds—southwest (15) today, decreasing to light overnight, increasing to northwest (15) Saturday. Lows tonight and highs Saturday—at Port Hardy, 43 and 60; Sandspit and Prince Rupert, 40 and 56.

Rev. L. G. Sieber, pastor of First United Church, returned to the city on the *Coquitlam* this afternoon from Vancouver where he has been attending sessions of British Columbia Conference.

## American in Golf Final

PORHCRAWL, Wales—Charles Coe of Oklahoma City entered the final round of the British amateur golf championship today by defeating Albert Evans, a Welsh farmer, 4 and 2, in the 18-hole semi-final match today.

Coe, 1949 United States amateur champion, had knocked out Samy Urzetta of Rochester, New York, the present United States titleholder, 3 and 2 in yesterday's quarter final.

Coe will meet Dick Chapman of Pinehurst, North Carolina, in the final. Chapman downed Joe Carr of Ireland 4 and 3.

## Help Wanted—Female

Columbia Cellulose Co. requires the services of a typist clerk immediately.

Prospective applicants please apply in person to Personnel Office, Watson Island.
