## FRIZZELL'S MARKET OPEN

New Butchers' Show in New Building is Credit to Owner and City.

The new Fulton Market was opened by George J. Frizzell today and it is being visited by hundreds of purchasers who are attracted by the fine display in the shop and by the attractive surroundings.

The shop is large and convenient and is equal to any found in the big cities. The main thing is that it is sanitary throughout. The counters are so constructed that the meat cannot be handled except by the shopmen, a feature which will be greatly appreciated by many.

In the rear there is a chilling room and a freezing room, both of which are necessities in a modern meat selling establishment. The office is at the back of the shop and is fitted in the most modern style.

This morning there was on hand a great showing of beef, mutton, pork, veal, poultry, hams and bacon, lard, vegetables and fruit and a hundred and one things which go with a modern establishment of the kind.

Mr. Frizzell will keep open the Royal Market in which he has been doing business in the past and he also has stores in Stewart and Hyder. In order to provide for these stores and to give local people the benefit of the very freshest of local meats a good deal of it will be slaughtered right here.

## GREAT RECEPTION OF PRINCE ON PRAIRIES

(Special by G. T. P. Telegraphs.)

Swift Current, October 4.—On Friday evening the Prince of Wales faced thousands of cheering and flag-waving people. The Royal party will spend today in Moosejaw and the week end in Regina.

## Local News Notes

J. L. Christie, a commercial man, leaves by Monday morning's train for Smithers and Prince George.

The annual Thanksgiving Supper of the Methodist Church will be held on Monday evening, October 13 from 6 to 8.

Archie Grant, son of Rev. J. R. Grant, arrived on Wednesday from up the line where he is engaged on a railway survey party.

F. G. Dawson leaves tomorrow night for Victoria to attend a meeting of the Advisory Board of the Provincial Industrial Committee.

Two new members were elected to the Board of Trade at the meeting last night, P. H. Linzey, broker, and Douglas Sutherland, broker.

Provincial Constable Mansell, who has been transferred from Nanaimo to South Fort George, left for his new post on this morning's train.

It was decided by the Board of Trade at last night's meeting to get out a smaller bulletin than the one issued last, in order that it may be available to put into envelopes with letters.

A recommendation that term permits be issued to ships trading between United States and Canadian points was adopted by the Board of Trade last night and a petition prepared by J. H. Pillsbury was ordered to be circulated for signatures. Mr. Pillsbury told what a hardship it was for fishing boats to have to clear and enter at every visit.

Mrs. S. P. McMordie, wife of Col. McMordie, police magistrate, is expected to arrive back in the city on the Prince Rupert a week from today. It is over four years since Mrs. McMordie left Prince Rupert to join the colonel in England and since that time she has visited in England, France and eastern Canada. Mrs. McMordie is at present visiting in southern Alberta from whence she will come to Prince Rupert via Vancouver. Her many friends in the city will greet her with a hearty welcome.

**Frisbie Engines**  
Complete and ready to install.

**FRISBIE**  
the friendly motor

Frisbie Motors give long, uninterrupted service with practically no repairs except occasional grinding of valves. Valves in cages; accessible in a few seconds. An "all muscle" construction throughout, every part designed for hard work. Overhead valves, opening directly into combustion chambers. No pockets or crevices to gather carbon, and waste fuel. This type of construction effects a gain of

15 to 20 per cent. more power

than is possible with L or T-Head designs. Intake and exhaust manifolds are cast integral with the cylinder; miles ahead of the old, leaky, bolted-on manifolds. Large valves insure full charge on the intake and a complete, clean exhaust.

1 to 6 CYLINDERS—5 to 75 HORSEPOWER

Frisbie Motors are made in following sizes: 1-cyl., 5 and 7 H.P.; 2-cyl., 10 and 16 H.P.; 3 cyl., 18 and 25 H.P.; 4-cyl., 30 and 40 H.P.; 6-cyl., 50 and 75 H.P.—Bore and Stroke, 4 1/4" x 5" and 6" x 6". For work or play, the Frisbie will measure up to your hardest tests.

## SALMON RUN AT ISLANDS

Chums Being Caught in Large Numbers at Queen Charlottes by Prince Rupert Men.

Reports have been received from Queen Charlotte Islands saying that there is at present a big run of chums and the Prince Rupert men, who have seining concessions there, are making good money. Two canneries are in operation there and some of the fish are being canned on the spot, while others are coming to this side of the straits and yet some are being taken to Alaska for the American canneries. The fishing is best in the neighborhood of Skidegate.

In order to allow for this late run on the Islands, the season for fishing is always kept open later than it is on local rivers. It will close for good for salmon fishing about the 18th of this month.
