

Stewart Lady in Eightieth Year

STEWART—Mrs. C. E. Gibson celebrated her seventy-ninth birthday on Wednesday last at her home on Fourth Street here. Members of the W.A. of the Anglican Church, of which Mrs. Gibson is one of the oldest members and a Past President of the organization, called at her home in honor of the occasion and to pay tribute. Despite her advanced years Mrs. Gibson is still active in the affairs of the church, the Women of the Moose, and the Canadian Legion Auxiliary. During the Second World War Mrs. Gibson was the first President of the Fortland Canal War Fund and gave unstintingly of her time and labour in her service to the organization. She is one of the grand old ladies of this district and one of the first ladies of the community.

Honored by Stewart WA

STEWART—Mrs. George Kuslas, President of the Women's Auxiliary of St. Mark's Anglican Church, presided over a gathering of the W.A. at her home on Good Friday to do honor to two members of the W.A.—Mrs. Betty Stewart who is leaving Stewart to take a position on the staff of the Miller Bay Hospital and Mrs. Frances MacLeod whose birthday fell on the same date. It was a very enjoyable party despite the fact that the W.A. is losing one of its most valued members in the person of Mrs. Stewart. There was a full turnout of the members on this gala occasion to honor Mrs. Stewart and Mrs. MacLeod, both of whom were presented with appropriate gifts.

Pioneer of North Dies

STEWART—Another pioneer of this district in the person of Harry Williams passed away last Friday. He was 89 years of age and was for many years an employee of the Granby Company at Anyox. Coming to Stewart after Anyox closed down, he went to work for the Big Missouri Mine, later buying property in Stewart where he has resided ever since. Deceased was very active for his age and on the day of his death he had been cutting wood and snaking the logs out of the brush. Apparently the exertion proved too much and his heart gave out. He was always cheerful and well liked by all with whom he came in contact. So far as is known he has no immediate relatives in this part of the country.

Back From Mercy Trip

The lighthouse tender Alexander Mackenzie, Capt. Norman MacKay, returned to port Sunday after its mercy trip to Egg Island lighthouse. "We were doing over 12 knots," said members of the crew. "By the time we left here at 5:10 Thursday evening, taking about three quarters of an hour to put out a small boat and get the patient aboard from the lighthouse, then into Port Hardy by 5:10 Friday, we did the trip in 24 hours," said Capt. MacKay, pleased with his ship. From Port Hardy Mrs. L. P. Dupuis, believed suffering from appendicitis, was flown in a waiting RCAF plane to Vancouver. The crew of the Mackenzie expected rough weather at the Egg Island lighthouse in the Queen Charlotte Sound but they found it reasonably calm. Nevertheless they had to cruise in circles while a boat went to the lighthouse to get the patient. On the northbound trip the lighthouse tender made some routine lighthouse stops. They came north with a Royal Canadian Air Force boat which docked yesterday morning.

10 YEARS AGO

Local first aiders are to go to Stewart to compete in the annual First Aid Competitions of the Portland Canal district, according to an invitation extended to the local St. John Ambulance Association by Charles Graham. There are women's and men's classes in session. St. Paul's Lutheran Church's pastor, Rev. J. H. Myrswang, in an address to the Guro Club yesterday, called Iceland the "hinge upon which the door swung that opened America to Europe." The pastor described the strategic island, telling of such sagas as that of Emil Skallagrinn or the hot-headed Lief Erikson who was credited with discovering America. The speaker was introduced by W. F. Stone, president. Under stage manager Alf Rivett with William Johnson as electrician, and property manager John Good, and make-up management by Mrs. P. N. Good, two plays and monologues were staged by the Little Theatre last night. "The House with the Twisty Windows," directed by Capt. F. H. Alwood and "The Signal Lamp," under Len Cripps and Bruce Stevens' direction, were billed.

How Can I???

Q. How can I preserve a new clothesline?
A. A new clothesline should be boiled for about thirty minutes before using it. This prevents stretching. It will not tangle as readily and will last much longer.
Q. How can I mend kid gloves?
A. Buttonhole around the edge of the tear before drawing together. Then over-sew the buttonhole together and the repair is substantial.
Q. How can I make a cockroach trap?
A. Fill a pie pan, or similar container, half full of sugar water. Place it on the floor and slant several sticks, each about three inches long, from the floor to the edge of the vessel. The roaches will crawl over and drown.

New Moorings At Westview

Accommodation for a fleet of twelve Department of Fisheries boats will be provided in an extension of the Fairview floats which has been started by the Department of Public Works. In the shape of a letter "T," 32 creosoted fir pilings have been driven under contract by the Armour Salvage 1949 Ltd. The new mooring, contracts for the building of which have not been let as yet, will be installed in two sections on the north side of the Fishermen's Co-operative. It is expected that they will be identical to the two public moorings already there, measuring approximately 100 feet by 16 feet each.

25 YEARS AGO

In a telegram from Fred Stork at Ottawa, Mayor Newton and F. G. Dawson were informed that an agreement has been made between the Dominion Government and the Alberta Wheat Pool for a lease of the grain elevator. "Only item outstanding is that of taxation," said the telegram, referring to submitting a bylaw to the Prince Rupert ratepayers.

Chamber Gives Hand to Jets

Prince Rupert Jets basketball team will receive the official congratulations of the Prince Rupert Chamber of Commerce on having won the Senior "B" provincial championship at the end of the week. George Dibb made the suggestion at last night's meeting of the Chamber, referring to the publicity that had been brought to the city as a result of the series. The fine sportsmanship that was displayed by both Pentecost and Prince Rupert in the finals was mentioned by T. N. Youngs.

"Next time he beats you down to your knees, work on his mid-section."

NOTICE
Regulation Loads and Speed on the Northern Trans-Provincial Highway from GALLOWAY RAPIDS to TYEE
The Undersigned, being a person authorized by the Minister of Public Works, in writing, to exercise the powers vested in the Minister in Part II of the "Highway Act," and being of the opinion that that portion of the Northern Trans-Provincial Highway from Galloway Rapids to Tyee is liable to damage through extraordinary traffic thereon, hereby makes the following Regulation pursuant to section 36 of the Highway Act.
The following load and speed limitations are imposed on the said highway until further notice:
No person shall operate an vehicle over the Northern Trans-Provincial Highway from Galloway Rapids to Tyee having a maximum gross weight or loading in excess of fifty per cent of that allowed in the Regulations made pursuant to Section 36 of the "Highway Act," R.S.B.C. 1948.
The speed limit of vehicles with pneumatic tires is restricted to twenty miles per hour. Vehicles with solid tires are prohibited from using this Highway during such times as this regulation is in force. DATED at Prince Rupert, B.C., this 21st day of March, 1951.
L. E. SMITH, Divisional Engineer, Department of Public Works. (1f)
