Sharp Words Break Out on Little Lake

PRINCE RUPERT—Sharp words rang the Butte Lake hearing Tuesday as E. W. Weston, chairman of the B.C. Power Commission, and S. R. Weston, chairman of the B.C. Conservation Commission, jumped to fight for Duncan's right to criticize.

Mr. Morris: "This man is here to criticize the power of the Power Commission."

What he has said is germane to the issue. I understand all this tenor for Mr. Weston. If any criticism of the Power Commission is to be made, it should be made by the Power Commission.

Election By September 19

Prince Rupert will have to have a by-election before September 19, to elect a new mayor. This is the ruling received from the office of Municipalities Minister at Victoria by City Clerk R. W. Long last night.

Council attempted to avoid the by-election which precedes by only three months the regular two-year elections.

At a special council meeting Friday night, an acting mayor will be appointed again, to replace pro tem acting mayor Douglas Frizzell, and likely a nomination day will then be decided, said the city clerk.

Indians Win, Also Yanks

**American League
Race Unchanged—
Giants Defeat Brooklyn**

NEW YORK (CP)—Tight relief pitching by Lou Brissie and a clutch single by Jim Hegan sparked the Cleveland Indians to a 6 to 5 ten-inning victory over the Detroit Tigers Tuesday.

The victory was the twelfth straight for the Indians and enabled the Tribe to maintain their two-and-a-half game lead over the New York Yankees in the American League pennant race.

The Yanks defeated Washington Senators 6 to 3 and the third place Boston Red Sox downed the Philadelphia Athletics 7 to 4 in the only other American League action.

Brissie pitched three scoreless innings of relief to pick up his third victory of the season. Hegan singled home Harry Simpson from second base with two out in the tenth to break up the game. Hank Borowy was loser.

NATIONAL LEAGUE
New York Giants gained their first victory over Brooklyn Dodgers in seven weeks as Freshman George Spencer pitched them to a 4 to 2 triumph.

A pair of first-inning homers by Don Mueller and Whitey Lockman off Starter Erv Palica helped the New York Giants to trim Brooklyn's first-place margin to 1 1/2 games.

Home runs by Ebba St. Claire and Sam Jethroe helped young Chet Nichols to his seventh victory of the season as Boston Braves defeated Philadelphia Phillies 4 to 2.

Hank Sauer drove in all Chicago runs with two homers and a double as the Cubs edged out St. Louis Cardinals 5 to 4.

Big Jump in Milk Price

VANCOUVER—Fraser Valley farmers, the district extending from Hope to Squamish, are seeking an increase of 40 per cent in bulk milk prices. This would mean a 7c increase from the 19c per quart price on the city market.

H. G. Perry arrived in the city on the Prince Rupert today from Victoria.

Challenge of Moricetown Falls Met - Salmon to Move More Easily Up River Now

Salmon running into the Bulkley River in the Skeena River system this summer will have a much easier journey than those of former years, says a Department of Fisheries publication.

For the steep and difficult rapids at Moricetown Falls have been tamed by engineers of the Department of Fisheries of Canada and what once was frequently an impassable obstacle will, from now on, be negotiated as easily as that of Hell's Gate on the Fraser River.

Working under rigorous winter conditions in a race against time, Fisheries field men built two fishways, completing the work a few days before the spring freshets sent thousands of tons of water per hour smashing against the rock and concrete structures.

Moricetown Falls is situated about 25 miles southeast of Hazelton on the Bulkley River—an important unit of the great Skeena River system of salmon runs. The Skeena, 300 miles from mouth to headwaters, is fed by a vast watershed containing large areas of gravel bed streams adjacent to lakes, ideal for the spawning and nursery of young salmon. Second largest river in British Columbia, and second only in importance to the Fraser as a salmon producer, the

Three Ladies in Trailer

Three jolly American women—farmers' wives from California—who have been on a seven weeks' 6,000 mile drive to the extreme west of Alaska were in Prince Rupert overnight with their "good old" Plymouth car and Cozy Cruiser trailer. They had many interesting observations to make to a Daily News reporter who waylaid them on Third Avenue this morning.

Mrs. Ruth Busch, Mrs. Anna Waldley and Mrs. Helen Dana of Pleasanton, near San Francisco, observed with pleasure:

1. You Canadians are more friendly than we Americans. You can find time to talk and chat and make visitors welcome. You don't seem to be so much for grabbing the money.

Puck Loop Is United

SEATTLE (CP)—Pacific Coast Hockey League, stretching from Tacoma to Saskatoon, will operate for the 1951-52 season as a unit without an eastern and western division.

The league members will be Seattle, Tacoma, Victoria, New Westminster, Calgary, Edmonton and Saskatoon.

The league schedule is not completed but it is announced that the season will open in Vancouver October 5 and at New Westminster October 6.

2. We are enthusiastic about Alaska after our trip—but we are more enthusiastic about the Yukon and British Columbia.

3. Prince Rupert certainly looks like an up-and-coming city. Your shops are neat and interesting and your residential sections are beautiful. Our only regret is that there were several people around town last night who were having a hard time to walk straight—but everybody seems OK this morning.

The three ladies entered Canada at Kingsgate and drove through Cranbrook, Calgary and Edmonton to the Alaska Highway. From Fairbanks they flew to Kotzebue and Nome. From Anchorage they travelled by Alaska Railway train to Seward and also visited Valdez.

Down the Yukon River they went to Dawson by boat. They drove over the Haines Highway to Haines and back (it's "very good, the best yet.") Then they entrained with their car and trailer from Whitehorse to Skagway and came on here aboard the steamer Prince George. Arriving from the north last evening, they were on the highway heading eastward from Prince Rupert by noon today.

They enthused about the beauty of the "Inside Passage" voyage from Skagway to Prince Rupert.

The ladies are so impressed that they declared they'd be back for another such trip in 1955 and they don't intend to miss Prince Rupert either. They are looking forward to travelling on the Hart Highway north from Prince George then. "That's going to be a wonderful road," they enthused in anticipation.

Funeral is tomorrow afternoon. A civic mourning day has been declared by city council but this does not necessarily mean a closing of business premises, City Clerk R. W. Long said today.

Nomination Day For Esquimalt

VICTORIA—September 22 has been set as nomination day for the Esquimalt provincial by-election. The date of the election has been tentatively set for October 1.

A gradual but significant decline in salmon catches caused concern both to the industry and the Fisheries Department. The pack of sockeye from Skeena runs in 1942 was 30,000 cases and in the following year was only 28,000 cases. Never before had the production dropped so far below 50,000 cases. It was (Continued on Page 5)

Pink Salmon Holding Well

The run of pink salmon in the northern area of the fishing grounds "is still holding its own," fishermen from various areas report, with highest catches in the earlier part of this week found in Whale and Burke Channels.

With 35 seiners in operation, averages in Whale Channel totalled 3,000 pinks, 100 chum and 125 coho Monday, and in Burke, 12 seiners averaged 3,800 pinks, 60 chum and 30 coho.

Meanwhile, report is expected within a week from several tuna fishermen who proceed towards grounds west of Queen Charlotte Islands.

Big Fight Over Pact

However, Japanese Treaty Expected to be Approved Over Russia's Objections

WASHINGTON, D.C. (CP)—United States and Great Britain made public today their final draft of the peace treaty with Japan. It makes clear Japanese obligations to pay partial reparations to Allied countries devastated during the war.

Russia has bitterly denounced the American-British sponsored draft and is reported ready to wage an all-out propaganda battle against it at the San Francisco conference September 4.

Despite this, the State Department confidently expects an overwhelming majority of Allied countries will sign the pact.

The latest draft, the third, makes clear that Japan's present financial difficulties rule out complete reparations to any country.

No Blockade By Britain

Intends To Keep Up Favorable Trade Relations With Russia

LONDON (CP)—Britain, having concluded a big timber deal with Russia, is planning to affirm Wednesday that she has no intention of joining in any sort of economic blockade against the Soviet Union.

Qualified sources report Britain as starting talks for purchase of nearly a million tons of Soviet coarse grains.

Sir Hartley Shawcross, president of the Board of Trade, is expected to make clear in a statement that Britain believes East-West trade a two-way street from which the West derives large quantities of essential and irreplaceable commodities.

Russia recently promised to deliver \$28,000,000 worth of timber with option to supply another \$14,000,000 worth within a stated period which was not disclosed.

Mr. and Mrs. William Wetherell, of Bellingham, were in the city again for a short period during stop of the Camosun Tuesday on her southbound trip. Mr. Wetherell, who is advertising manager of The Bellingham Herald, said he enjoyed the trip—his first this way—"immensely."
