Natural Resources And Industrial Exposition

To Feature Civic Centre Carnival
This year's Civic Centre carnival and exhibition feature as its greatest attraction a natural resources display and industrial exposition. The committee has dubbed the seven-day show—open to July 6—the "Showcase of the North" and looking forward to "the biggest event ever staged in North."

Adopted at a meeting of the carnival committee last night for a detailed display of natural resources of the province; a hobby, handicrafts display, page show every night and daily showing of natural resources films.

White Sox Win Again

NEW YORK (CP)—Chicago White Sox won their sixth straight American League game Tuesday night, edging out the Washington Senators 9 to 8 with a fifteen hit barrage against four pitchers. The White Sox have yet to suffer defeat on their current eastern trip.

Cleveland Indians bombarded three Philadelphia pitchers for fourteen hits and a 6 to 2 victory over the Athletics. Early Wynn hurled five-hit ball for a third victory against four setbacks.

Catcher Les Moss of Boston Red Sox hit a homer with the bases loaded and overcame the Detroit Tigers 6 to 3.

Alle Reynolds pitched a four-hitter as the leading New York Yankees trimmed the St. Louis Browns 6 to 1.

NATIONAL LEAGUE
In the National League Brooklyn snowed under the Pittsburgh Pirates 17 to 8. Gil Hodges smashed out two homers, one with the bases loaded, to take the lead in the league's home run race with thirteen.

Boston Braves downed the St. Louis Cardinals 7 to 2 at Chicago and Philadelphia at Cincinnati was rained out.

An Old Soldier Interviews a New—South Africa and Korea

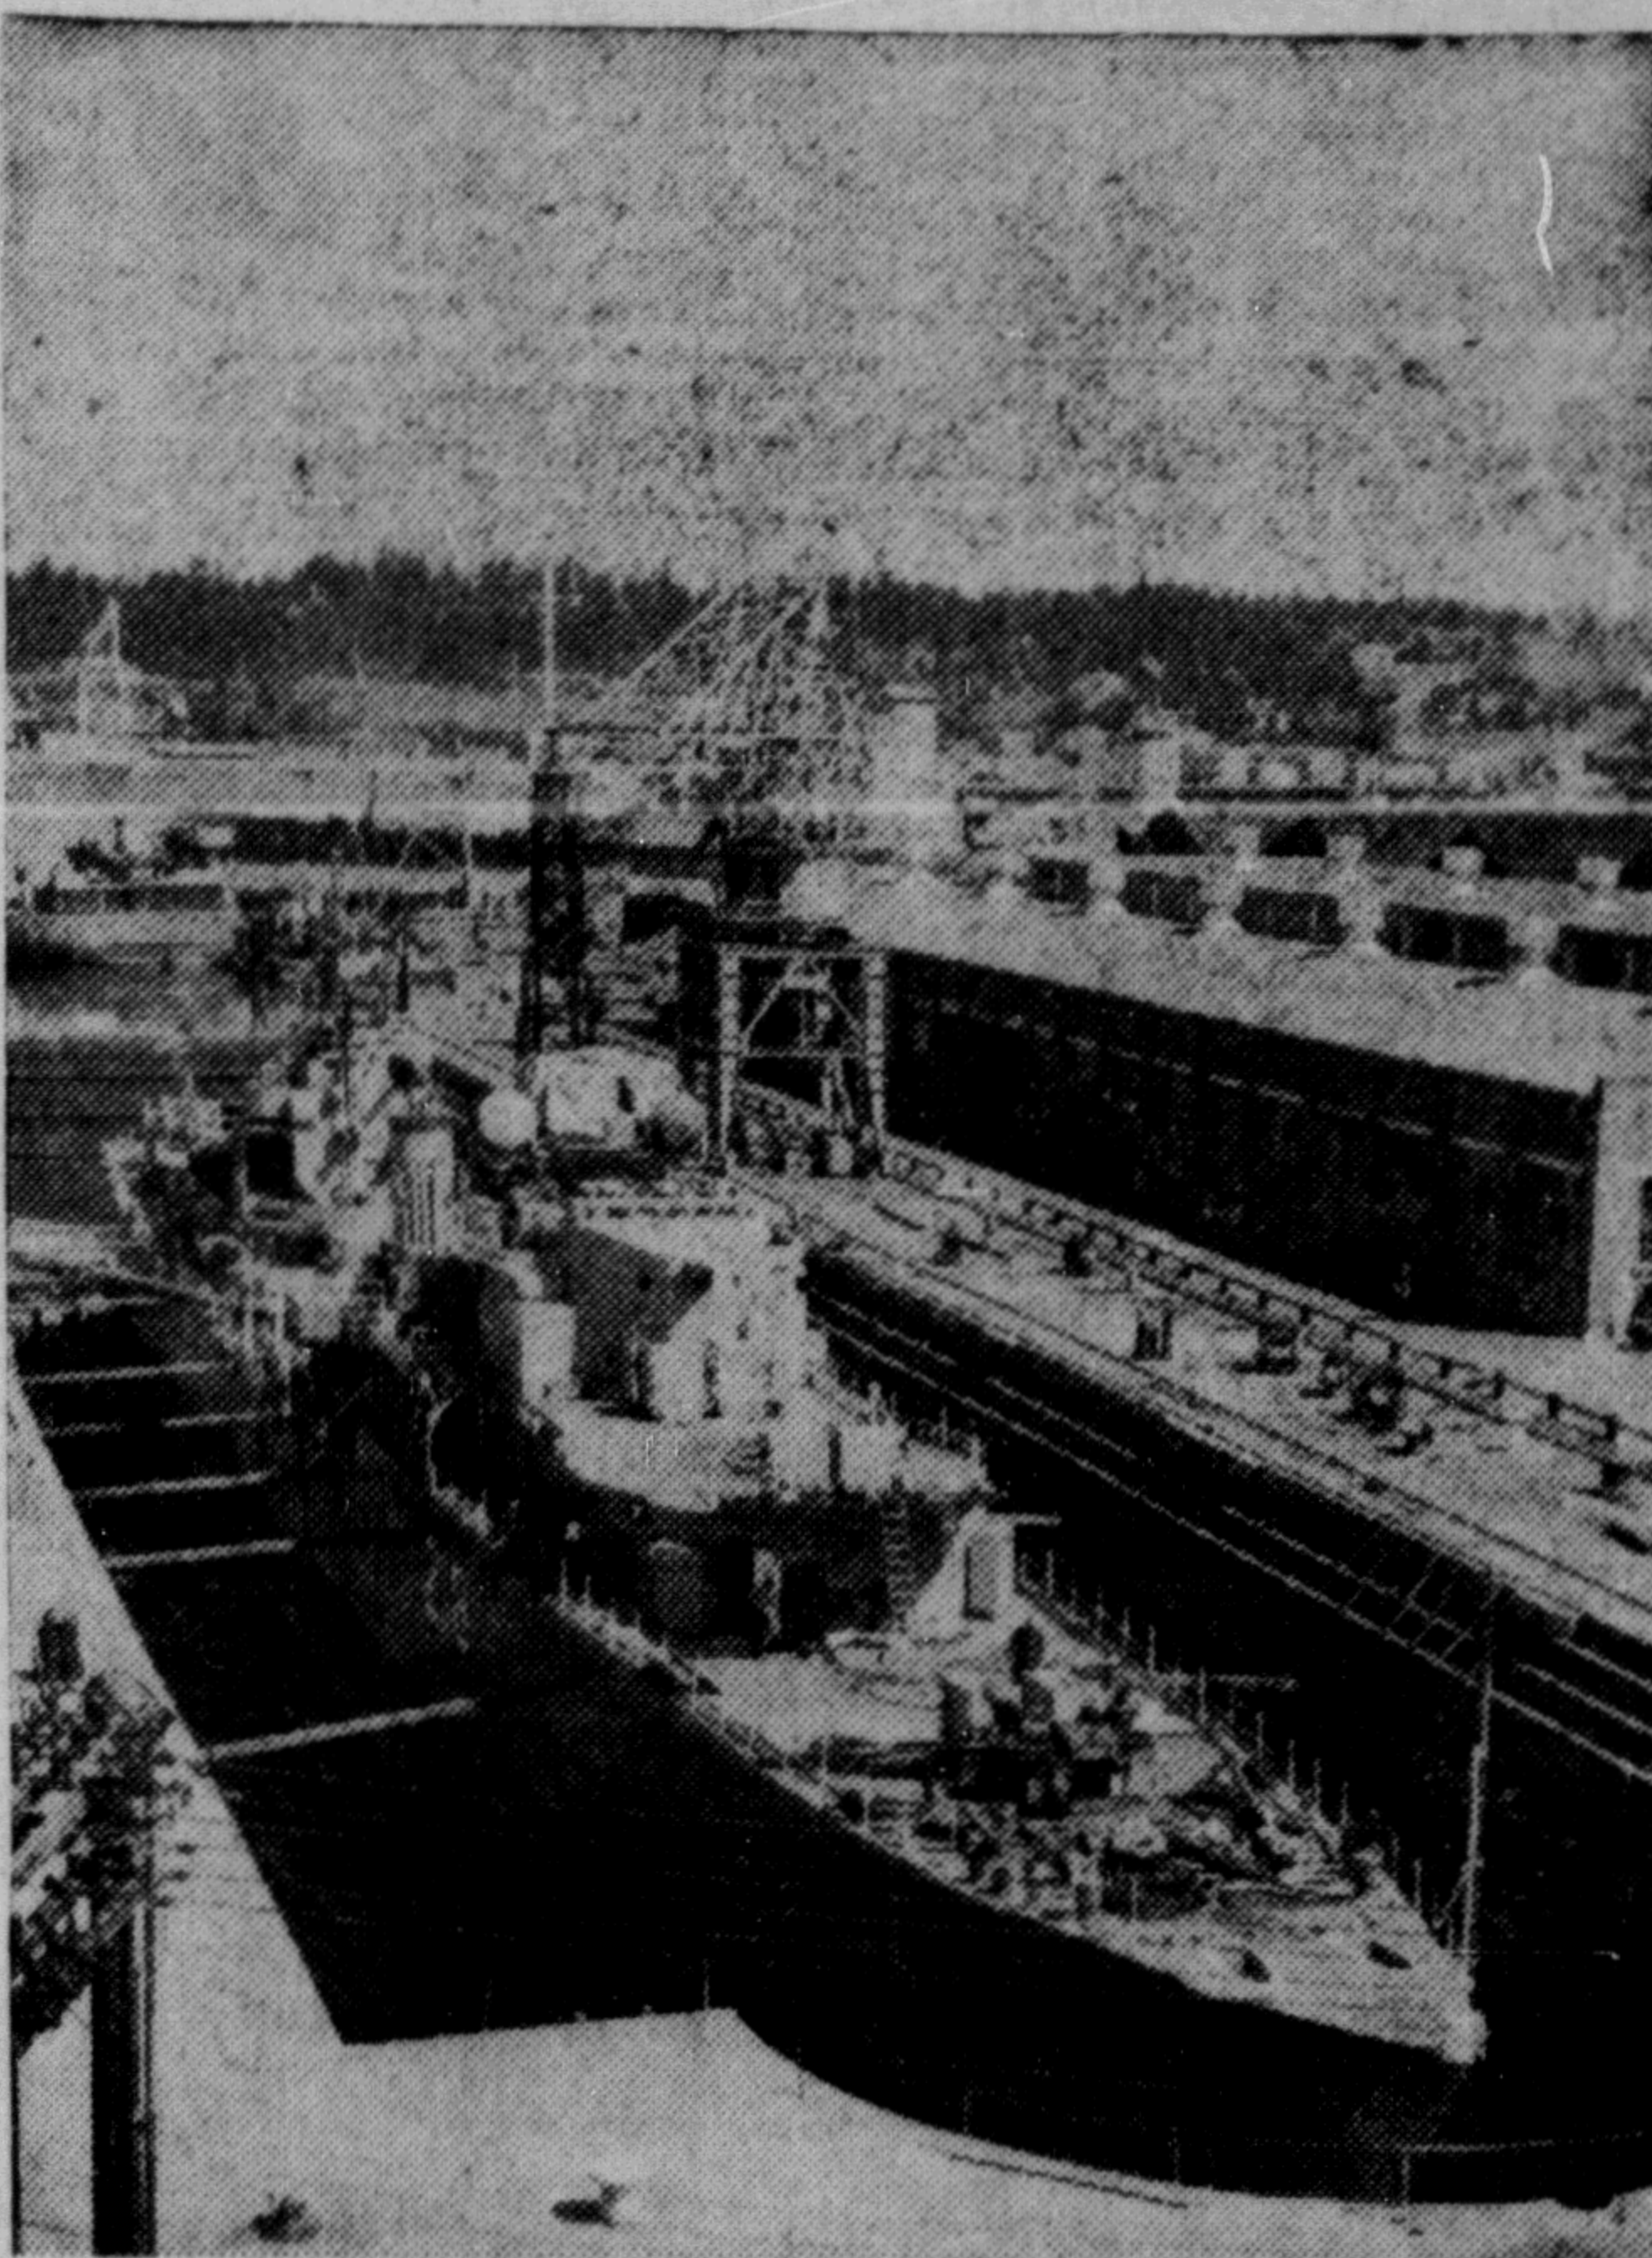

(Cpl. Ken Johnston, son of Col. and Mrs. S. D. Johnston, is the first Prince Rupert soldier to return home from active service in Korea with the Princess Patricia's. He is interviewed here by W. J. Raymond, a veteran of four wars ago—the South African campaign.)

Home on leave, Cpl. Kenneth Johnston, son of Col. and Mrs. S. D. Johnston, is in Prince Rupert. He has been in Korea ever since last autumn. It was then he joined the Princess Patricia's Canadian Light Infantry. He will be ten days in the city after which he will return to Vancouver. Just what his future movements will be he cannot at this time say. He flew north.

One of Prince Rupert's well known young men, he is welcomed by many friends.

He had plenty of memorable experiences across the Pacific, and has a valuable collection of souvenirs and reminders of a land so unlike Canada and her way of life.

UNDER CONTROL
Around the turn of the century, Japan defeated China in war. Since then, the Koreans have had little use for Japanese although it cannot be denied that Korea, under Japanese occupancy or control, has seen a measure of progress or modernized conditions practically unknown before. This included coal

BACK TO KOREA SOON—With guns removed, HMCS Cayuga rests in the drydock in HMC Dockyard, Esquimalt, while workmen swarm over and under her getting the destroyer in trim for her return to the Korean war theatre. (National Defence Photo)

Iranians Would Wage Holy War Over Resources of Oil

TEHRAN, Iran (CP)—Tension mounted today in crisis-torn Tehran after some 30,000 Moslems, booing Great Britain and the United States, vowed yesterday to wage a holy war if need be to nationalize the country's rich oil resources.

Air of crisis gripped the Iranian capital as police and troops, on a 24-hour alert, patrolled the streets in trucks and on horseback. A dozen tanks roamed the city.

A resolution declaring a "strong hatred" of the United States and Britain was cheered wildly at yesterday's mass rally called by Moslem religious leaders and Premier Mohammed Mossadegh's National bloc.

Fish Express Rates Upped

Railway Board Authorizes Increase

OTTAWA (CP)—The railways have been authorized to increase rates on fish, the Board of Transport Commissioners announced Tuesday night.

The board made public the decision in which it lifted suspension imposed in February 1949 on increases in fish rates proposed by the railways.

The increases range up to more than 50 per cent. The board said the cost to consumers would not be materially increased through the new rates.

Republic of South Africa

CAPETOWN (CP)—South Africa's Nationalist prime minister, Daniel F. Malan, told a party caucus last night that this Commonwealth Dominion "shall and must" become a republic.

Y. Sakai arrived in the city on the Prince Rupert today from Vancouver to take on the position of foreman of the Japanese fishworkers at Port Edward. This is his third year at the job.

Unconscious On Roadside

An elderly native woman, Mrs. Ellen Mulligan, was taken to hospital by police and ambulance at 7:30 a.m. today in an unconscious condition and with a broken leg. The woman was picked up on the roadside of Atlin Avenue after an unidentified person telephoned for an ambulance. Apparently, she had been lying there for some time, for her clothing was reported "dripping wet and soaked to the skin." She was still unconscious at press time.

BRADLEY SEES IRAN AS DANGER POINT

Legion is Outspoken

PENTICTON (CP)—Delegates to the Canadian Legion British Columbia Command convention here brought the British Columbia Hospital Insurance Service under fire Tuesday.

A mild resolution had its wording changed from "we express regret" to "condemn" the government's action in bringing in higher premium payments and co-insurance.

Donald S. McTavish, young veteran of the Royal Canadian Air Force from Salmon Arm, was elected president, succeeding Bernard Isman of Vancouver.

The government was condemned during hospital insurance discussion for failure to remove what was termed "gross discrimination" involved in this legislation.

The resolution adopted urged continued pressure for exemption payments by wives of married war veterans' allowance recipients, recipients of widows' allowances and dependent parents' pensions and other low income groups.

The delegates called for enactment and enforcement of national conscription, a program of compulsory training for Canadian youth and a form of selective service in conjunction with national defence.

Assaulted Police Officer, Fined

Found guilty of assaulting a police officer, Gene Frayn was fined \$50 and costs in police court yesterday by Police Magistrate W. D. Vance. Another fine, \$10 and costs, was imposed for creating a disturbance.

Two private assault charges laid against Frayn were withdrawn.

Garth Bochard was fined \$15 and costs for obstructing a police officer in connection with Frayn's arrest.

Russians Could Move In There, Joint Staff Chief Tells Inquiry

WASHINGTON, D.C. (CP)—Gen. Omar Bradley said today that "there is danger of the Russians moving into Iran and starting another aggression." Bradley made the statement in reply to questions by Senator Brewster (Republican—Maine) at the Senate's inquiry into the dismissal of Gen. Douglas MacArthur.

Bradley, chairman of the joint chiefs of staff, said: "The longer the problem in Korea keeps up, the less we are prepared to meet any movement anywhere else."

"There is danger, of course, of the Russians moving into Iran and starting another aggression. Whether or not that is any more dangerous than Yugoslavia or Indo-China or some other place, I am not prepared to say but certainly it is a point of danger and we would like to be in a better position to meet further aggression if it occurred."

At Tuesday's sessions Bradley hinted that peace may come to Korea if the Allies smash the big Red offensive now underway. There were other peace hints, too, at Lake Success but no official sources would confirm such reports.

Communists on Retreat Along 80 Korean Miles

UN Forces Moving Back To 38th Parallel

TOKYO (CP)—Communist troops retreated along 80 miles of the front in Korea today before forward-thrusting Allied tanks and infantry. The entire United States Tenth Corps opened a counter-attack across the east-central front and gained up to three-and-one-half miles.

In the attacking force were the Second Infantry and First Marine Divisions and other unidentified units. They recaptured Hangeyo, a key road centre.

All along the front from Munsan in the far west to Pungnam in the east-central sector the Reds are pulling back towards North Korea.

On the eastern front Allied forces are slashing through rugged mountains to cut off the spearhead of the last Red offensive force on their second spring drive.

On the west central front, an Allied spokesman said that Red forces were making "hasty but orderly" withdrawals.

In the far west, South Korean troops pushed to within four miles of the Red Korean border.

Due Back Today From Egg Island

Lighthouse tender Alexander Mackenzie, Capt. Norman McKay, is due back in port early this afternoon from Egg Island where she had been called in connection with a tragedy at the end of the week when Lighthouse Keeper Lawrence Dupuis shot himself to death.

Biggest Oil and Gas Exploration Planned

VANCOUVER (CP)—The biggest oil and gas exploration in British Columbia history was forecast Tuesday by industrial leaders here. The forecast was based on a report from Calgary that 21 Canadian independent oil companies have formed a syndicate for the development of the Lone Mountain area in Northeastern British Columbia.

A total of 500,000 acres is involved in a region approximately 50 miles south of gas discoveries near the Alberta border.

Agreement, signed at a Calgary meeting, calls for pooling of acreage held under British Columbia crown exploration permits.

The syndicate has been organized by George A. Richardson of Toronto, president of Eolith Petroleum Ltd.

Leaders in the industry here said plans call for an all-out effort to provide sufficient gas to justify a pipeline to the coast.

THE WEATHER

Synopsis
The weak storm which has been moving slowly down the coast for the last 36 hours became more active overnight. Fresh winds developed over Vancouver Island and there were showers over the entire coast. A few thunderstorms occurred in the interior as the storm moved rapidly eastward.

Clearing conditions are expected along the south coast today. Another storm centre has developed about 60 miles west of the Queen Charlotte Islands but there are indications that it will be deflected northward. Southern British Columbia is expected to have fine holiday weather tomorrow. Temperatures however will be generally cooler throughout the province.

Forecast
North coast—Intermittent rain today and Thursday. Little change in temperature. Winds—northerly (15) becoming southeasterly (20) overnight. Lows tonight and highs tomorrow — at Port Hardy, Sandspit and Prince Rupert, 45 and 55.

HIDDEN TAX DEAD DUCK

OTTAWA (CP)—Prime Minister St. Laurent told Commons yesterday that proposals for a constitutional change to allow the provinces to levy a sales tax of up to three per cent may never come before Parliament. They will probably die for lack of unanimity. Premiers Duplessis of Quebec and Frost of Ontario are against it.

Help Wanted—Female

Columbia Cellulose Co. requires the services of a typist clerk immediately. Prospective applicants please apply in person to Personnel Office, Watson Island. (122c)

Don't Feel Disappointed!

Space is Limited in the Special Edition of the Daily News
Prince Rupert business people desirous of being represented in a special industrial supplement which is about to be published in connection with the opening of the Columbia Cellulose plant are urged to have their copy in our hands without further delay. The special sections are now being closed and space reservations should be made at once. The issue will contain new pictures and articles featuring progress of city and district, with special reference to the Columbia Cellulose. There will be special nation-wide circulation. Call at Daily News or Phone 748 for appointment
