

IN PRINCE RUPERT

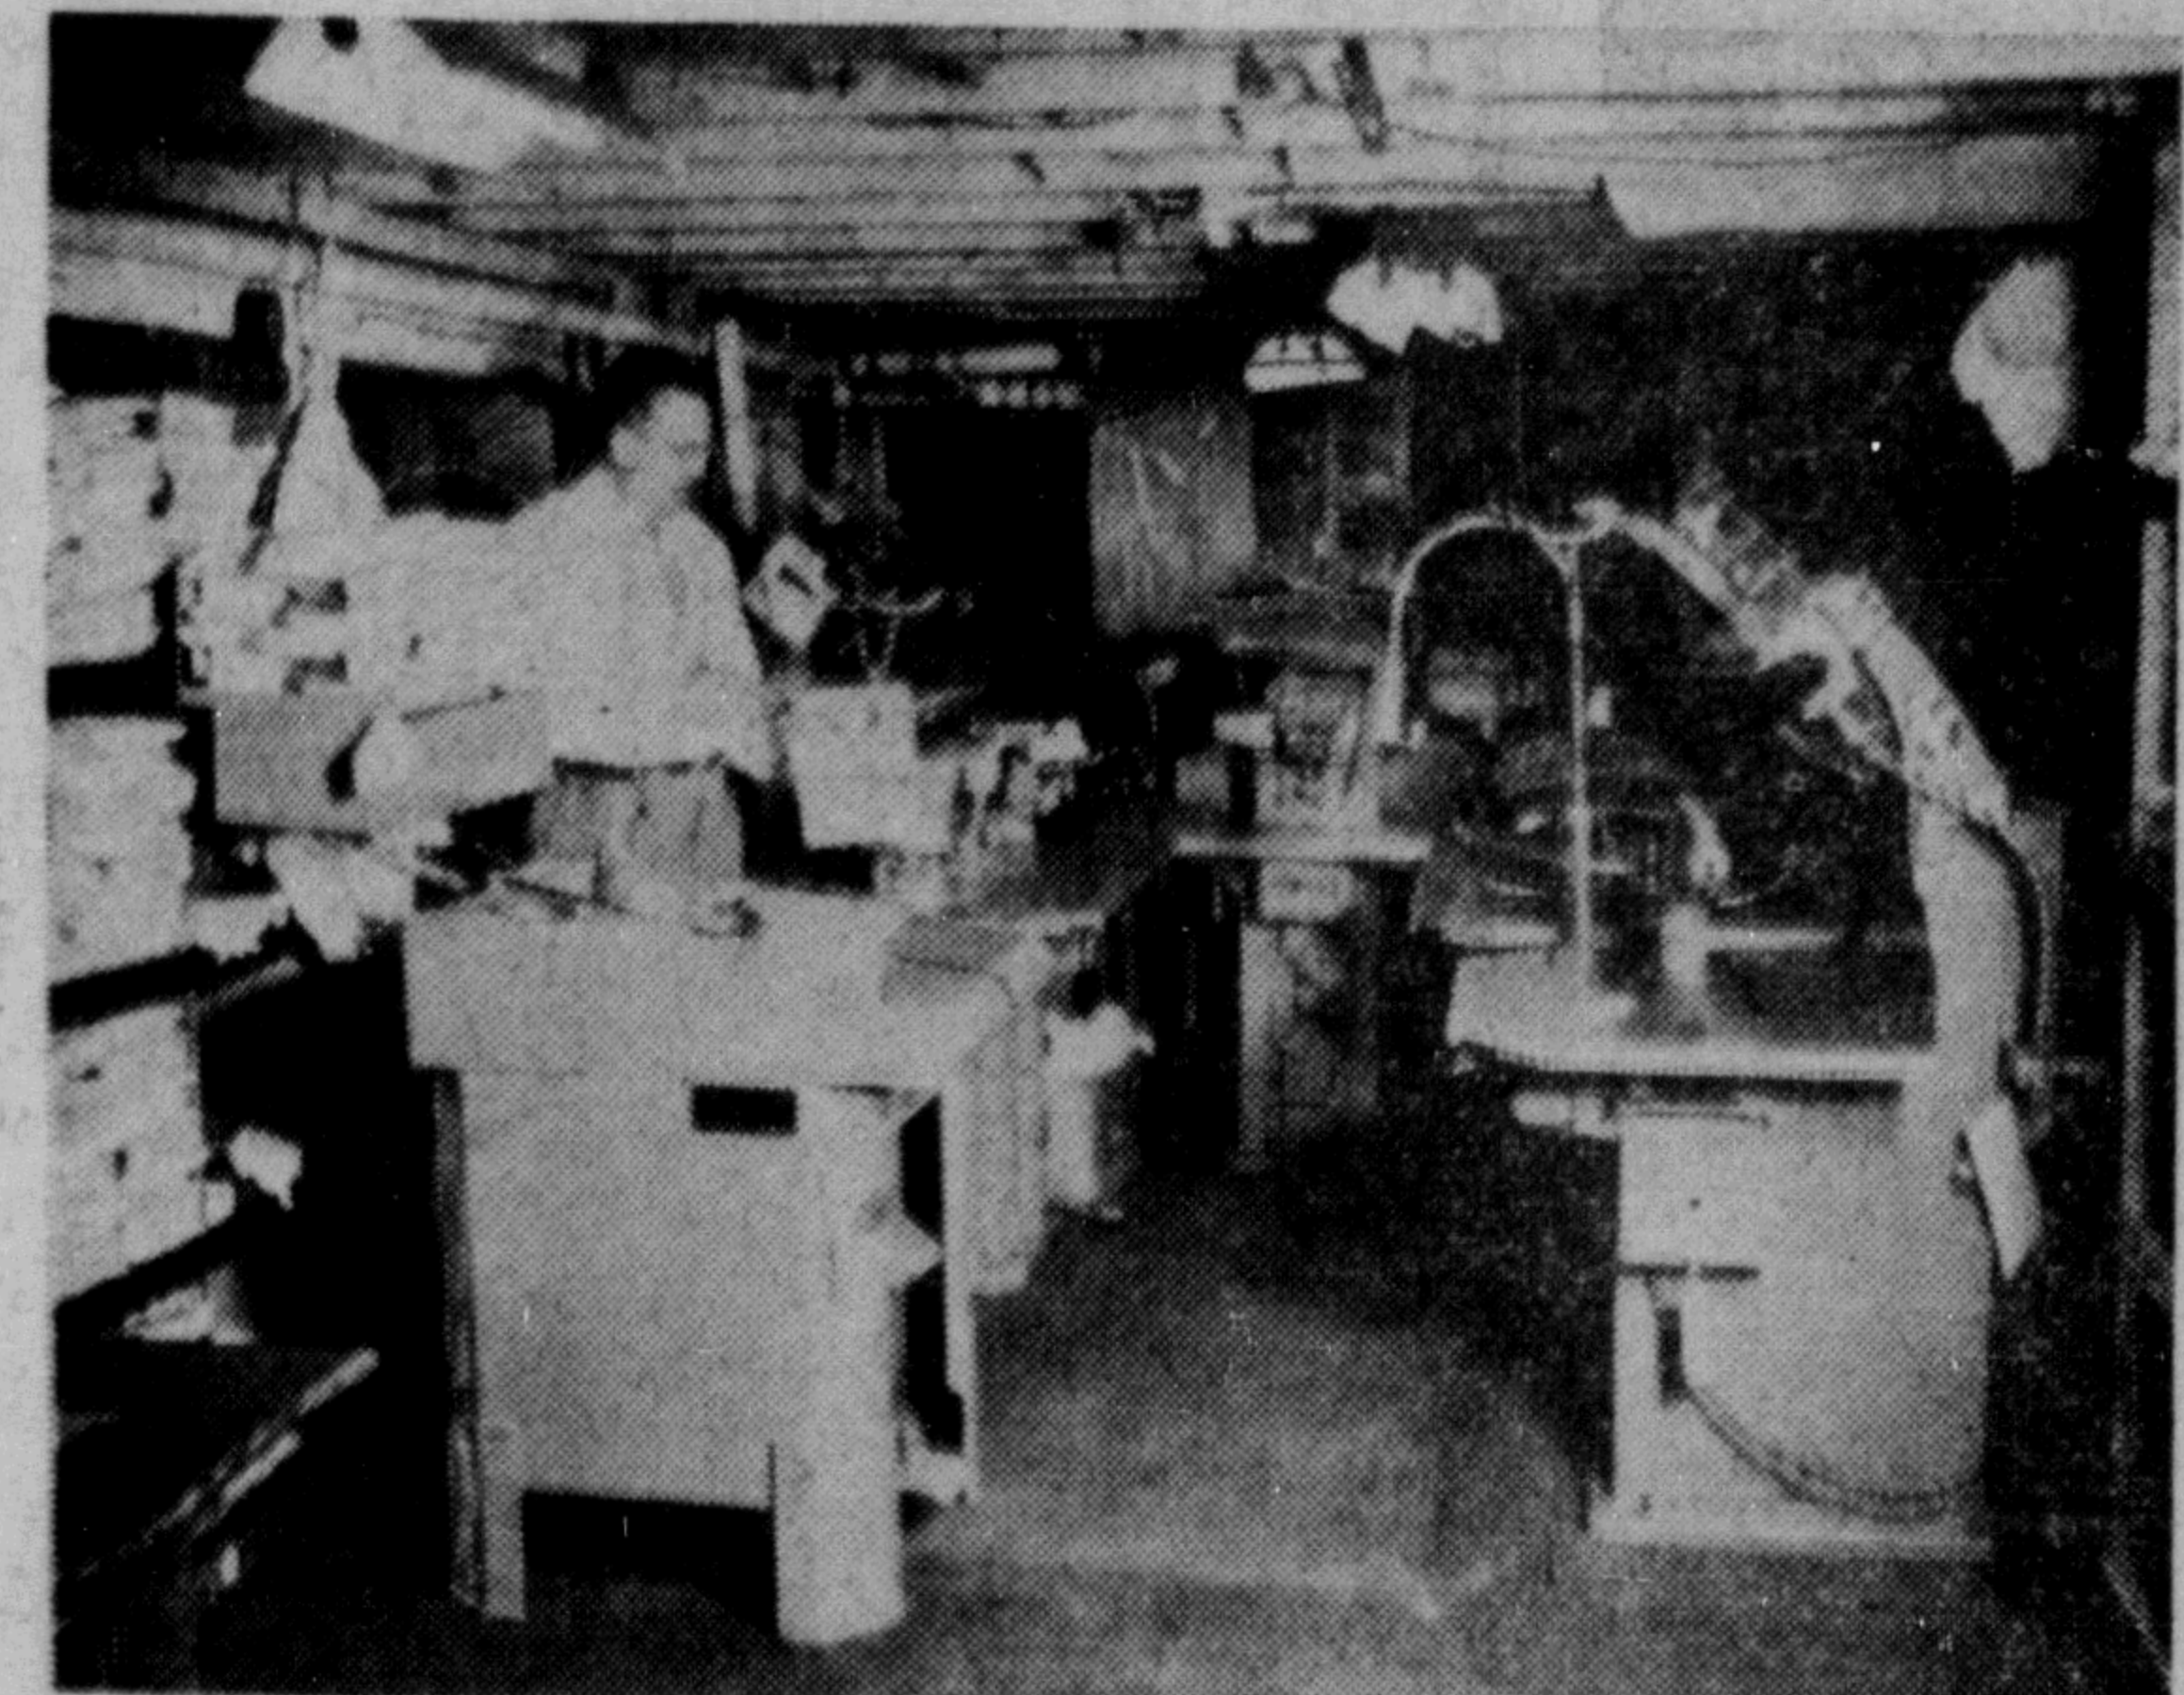

FINISHING DEPARTMENT shows all the new and equipment installed recently. In front, the steam pressing board is equipped with a vacuum and comb attachment. Centre, is the new "Puffer Set" steam vacuum finishing board. Rear, the "Adjusta-Form" suitcoat finisher.

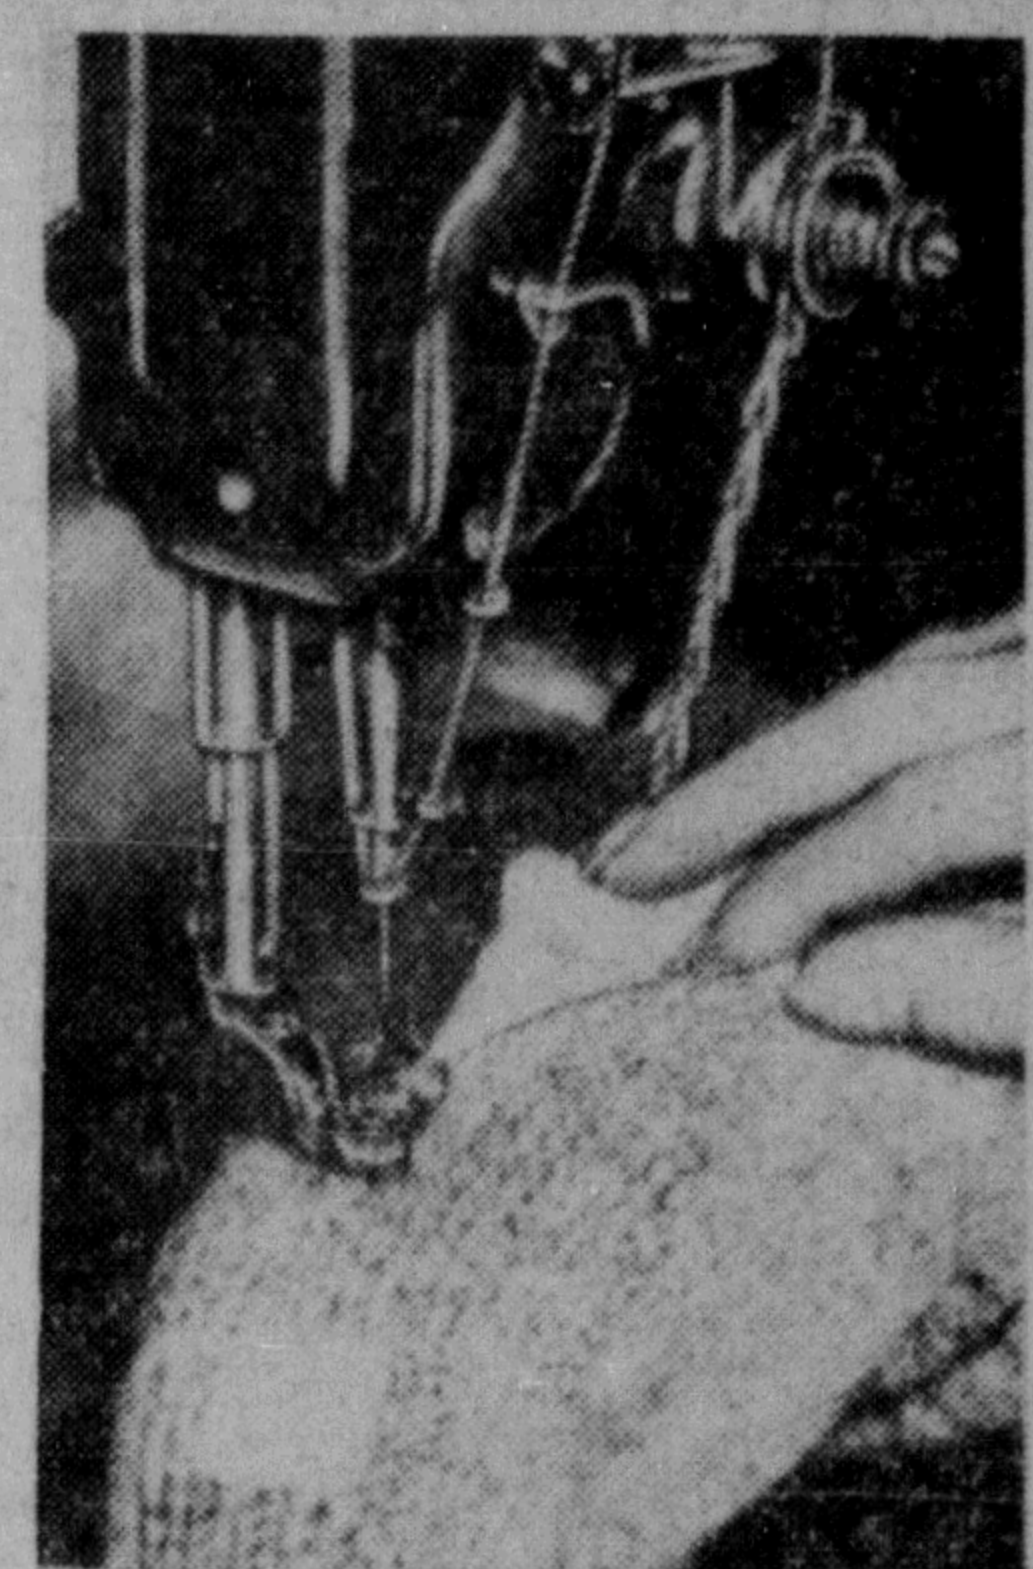

FRIENDS AND PATRONS:
It is a pleasure, through the medium of this special issue of the paper published at this important time, to present to you a short survey of the most important parts of our facilities used in our service to you.
We do not permit showing every piece of equipment in our plant. I feel sure that you will be able to appreciate that we have scientific and most modern machinery at your disposal in a plant distinguished as the finest of its kind in Northern B.C.
Our main object is to serve you—and serve you well. All of our staff are most co-operative and anxious to extend the best of their skill to produce the finest quality in Laundry and Drycleaning.
We wish to thank you for your valued patronage in the past which we hope, will continue for many years to come.
I extend to you all, on behalf of myself and my staff, cordial and sincere wishes for the best of everything in the future and new prosperity, created by the opening of your pulp mill at Prince Rupert and the advent of the establishment of the Aluminum Company of Canada, doubtless will bring to every one of you in Northern B.C.

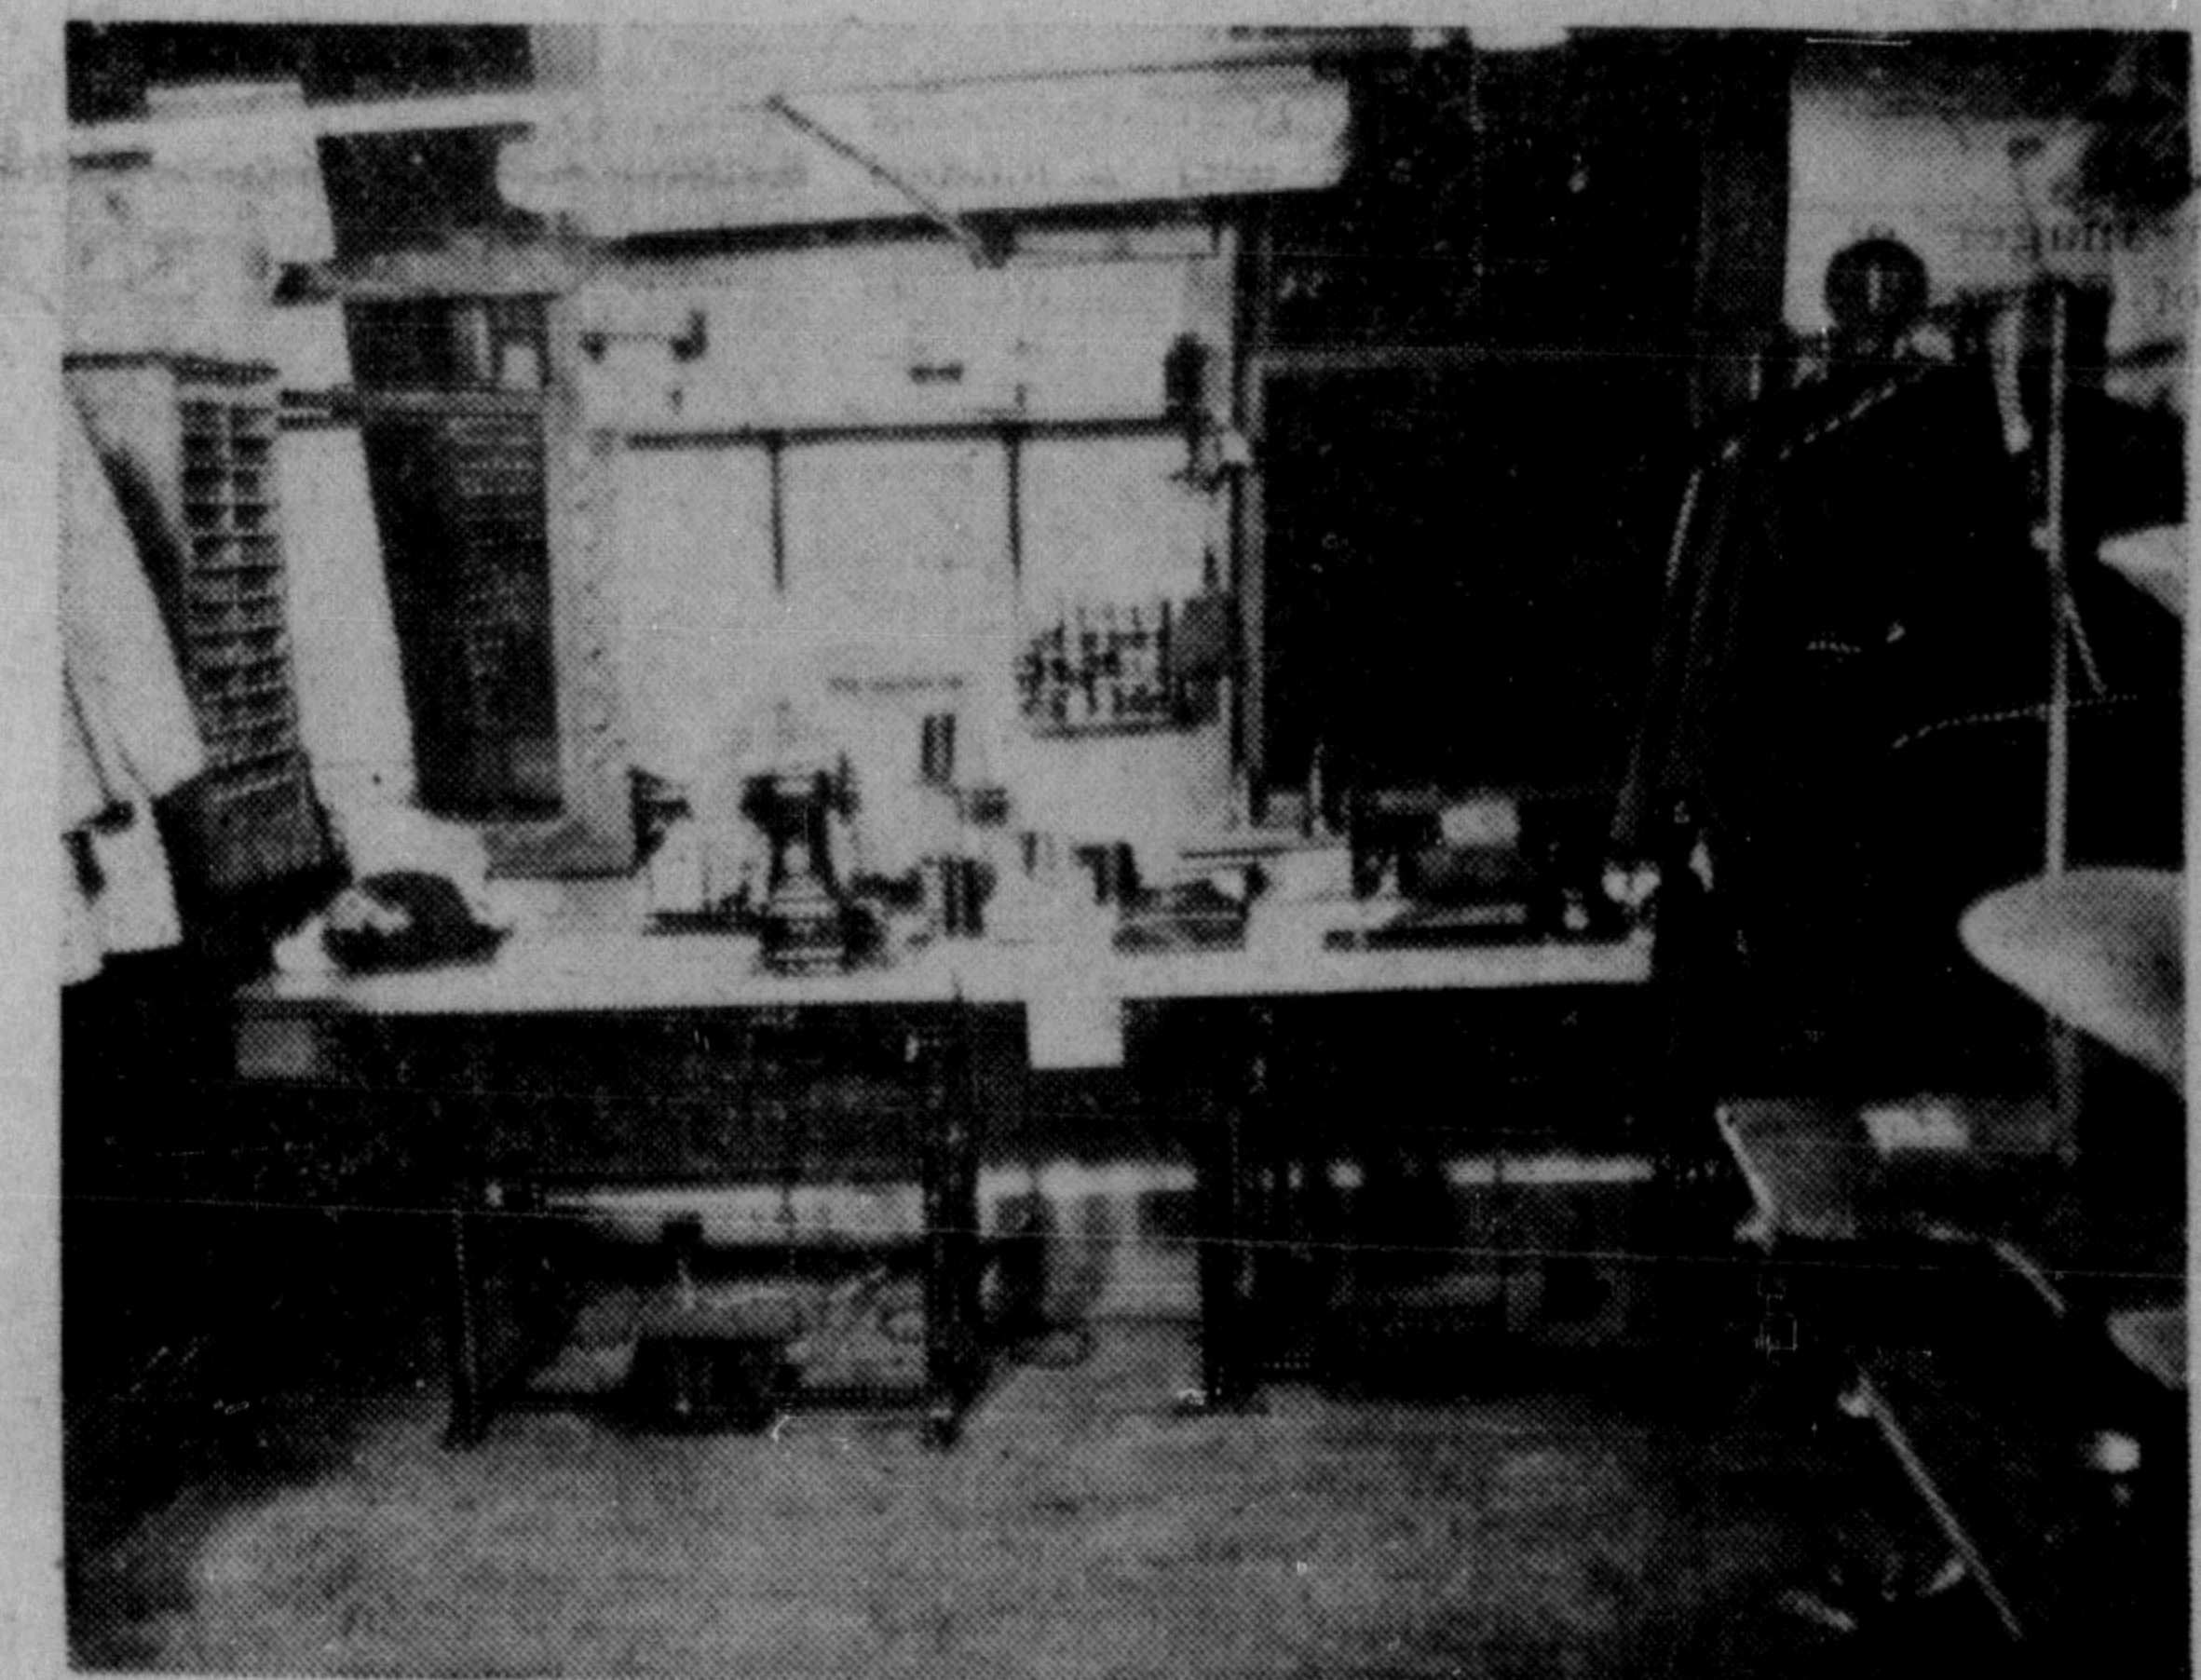

Sincerely yours,
HUGO KRAUPNER

NEW PANTEX shirt finishing unit and shirt folding table. This is an entirely new department to give utmost satisfaction in a finished shirt to our customers. Separate operations are performed by the collar and cuff press, the yoke and body press, which delivers a most beautifully finished shirt in the new "Shirt Pax" package, designed to protect the collar from being crushed.

MENDING MACHINE — All socks are mended free of charge. Socks are also carefully pressed and folded, and tagged for safety and convenience.

REPAIR DEPARTMENT is equipped with a new power tailoring machine and a power mending machine. All necessary sewing supplies are kept on hand and we are able to take care of any repair or alteration desired.
