

SATISFIES SAVES CERVES

"Wee MacGregor" DRAG SAW

The Original Light Weight, Portable, Gasoline Operated Drag Saw and Power Plant. Frequently Imitated—Never Equalled.

The "Wee MacGregor" is guaranteed, under normal conditions, to cut ten times as much wood as two men by hand. It is simple, strong, light and efficient. It saves time and labor, consequently it saves money. It can be employed to its engine capacity to run anything on the camp, farm or ranch. Full descriptive folder for the asking if you mention this paper.

PREPARATIONS FOR SUNDAY'S CONCERT
Everything Will be Free, But a Collection Will be Taken at the Door.

The arrangements for the concert to be given in the Westholme Theatre tomorrow night by the Prince Rupert Symphony Orchestra are all complete and a performance at once educative and entertaining is assured. The selections to be given by the orchestra are to be classics from some of the world's most famous composers. All have been chosen with due regard to the occasion.

The soloist of the evening needs no introduction to Prince Rupert people. Mrs. Morkill has come from Vancouver especially for the occasion. She will sing Lewis Carey's "Nearer my God to Thee" and Liddle's "Abide with Me," and other songs.

No one will be admitted during the rendering of a selection and children under fifteen will not be allowed in unless accompanied by their parents. Admission will be free but a collection to defray expenses will be taken at the door.

REINDEER ARE PROMISING WELL
Industry of Raising Them Likely to Become as Important as Fisheries in Alaska.

Ketchikan, Oct. 10.—Senator Heckman who has just returned from a tour of northern Alaska in an interview here says:

"The reindeer industry is going to equal the fisheries, I believe, in years to come. The reindeer are increasing wonderfully and Alaska has as much reindeer moss as Lapland and Siberia. Many families at Fairbanks live upon reindeer meat.

"There is a great farming country around Fairbanks, but there does not seem to be a ready market for the produce.

"Seventy-five miles from Cordova there is a concern taking oil from the ground, making gasoline and distilling it and selling it to the canneries in that region. This was the first time that I was aware that there was oil in Alaska. A greater development will result, I am sure, as soon as favorable laws are made for land leasing."

RICH STRIKES IN THE MAYO DISTRICT
Arrivals in Dawson tell of Activity in Silver Mines of North.

Murdock Michie, sordough prospector, returned on the last trip of the Nasutlin from the Mayo district, and confirms reports of rich strikes, and extensive plans for development of silver in the spring, says the Dawson News. Mr. Michie was in the district last year and staked on Lookout mountain, and was back there for a time this season. He also staked this fall on Keno Hill, not far from the claims which are under option to the Gugenheims. He says:

"The outlook for the Mayo district certainly is promising. Men are getting out material for cabins which they will build this winter in the vicinity, and there is going to be some development work done this winter. By next summer every staker possibly will be trying to find out if there is anything in his ground, and there should be considerable activity in the camp.

"However, the Mayo district will not be a dead one this winter. There will be work under way on several of the older silver properties as well as on the new Keno Hill group and adjoining claims.

Mrs. D. B. Morkill arrived here this morning from Vancouver and during her stay in the city will stop with her parents, Mr. and Mrs. J. F. Maguire at 310 Fourth Avenue West.

TO SUBSCRIBERS

Subscribers to The News are asked to pay the delivery boys each month when they call, except where payment has been made for the year in advance. The boys when collecting carry official receipts which should always be preserved.

THOUSANDS OF MEN GAVE THEIR LIMBS
What is Lending Your Money to The Nation at Interest Compared to That?

Up to the end of August this year 3,744 of Canada's maimed war heroes had been fitted with artificial limbs and 2,941 had received orthopedic boots. These were supplied free through the department of Soldiers Civil Re-establishment.

Think what these crippled soldiers gave to help their country. Some an arm, some a leg and others both. Compare their sacrifice with what you are asked to do for your country now.

You are not asked to give any of your limbs—in fact you are not asked to give anything at all. You are asked to lend your money in order that war obligations which are yours may be met.

MINING CONVENTION IN SEATTLE IN 1920
Arrangements have been made to hold the next international mining convention at Seattle, March 10 to 13 inclusive. Glenville A. Collins is to be the permanent convention chairman, with Moncrieffe Cameron as permanent secretary. Both are of Seattle. Arrangements are being made for a large mining exhibit, the largest of its kind ever held in the northwest.

In all probability the Prince Rupert district will be not only represented at the convention, but will have a mining exhibit there.

Dick Aldous left today for Winnipeg to visit his mother. He expects to return in a few weeks.

NOTICE OF CANCELLATION.
NOTICE is hereby given that the reserve existing over Lots 1819 and 1820, Queen Charlotte District, by reason of a notice issued in the B. C. Gazette of 27th December, 1907, is cancelled.

G. R. NADEN,
Deputy Minister of Lands.
Department of Lands,
22nd September, 1919.

LAND ACT

Notice of Intention to Apply to Lease Land. In Queen Charlotte Islands Land District, Recording District of Prince Rupert, and situate at Port Clements, Graham Island. TAKE NOTICE that we, the Graham Island Spruce & Cedar Co., Limited, of Port Clements, occupation lumbermen, intend to apply for permission to lease the following described lands:

Commencing at a post planted at the N.W. corner of Block 53, townsite of Port Clements; thence N. 70 deg. W.—540 ft.; thence south 33 deg. W.—455 ft.; thence south 27.77 ft.; thence east 472.95 ft.; thence following the shore line in a northeasterly direction to the point of commencement and containing 7.1 acres, more or less.

GRAHAM ISLAND SPRUCE & CEDAR CO., LIMITED.
Dated August 12th, 1919.

MINERAL ACT.

Certificate of Improvements.

NOTICE.

"Silver Tip" and "Monarch" Mineral Claims, situate in the Naas River Mining Division of Cassiar District.

Where located:—About four miles from head of Alice Arm on its west side.

TAKE NOTICE that Lewis W. Patmore, F. M. C. No. 31018-C, agent for B. H. Tyrwhitt Drake, Registrar of the Supreme Court of British Columbia, B. C. Free Miner's Certificate No. 33583-C, intend, sixty days from the date hereof, to apply to the Mining Recorder for a Certificate of Improvements, for the purpose of obtaining a Crown Grant of each of the above claims.

And further take notice that action, under section 85, must be commenced before the issuance of such Certificate of Improvements.

Dated this 18th day of September, A. D. 1919.

A great solace to the hard worker.

We sell **Frisbie Engines**
Complete and ready to install.

Frisbie Motors give long, uninterrupted service with practically no repairs except occasional grinding of valves. Valves in cages; accessible in a few seconds. An "all muscle" construction throughout, every part designed for hard work. Overhead valves, opening directly into combustion chambers. No pockets or crevices to gather carbon, and waste fuel. This type of construction effects a gain of

15 to 20 per cent. more power
than is possible with L or T-Head designs. Intake and exhaust manifolds are cast integral with the cylinder; miles ahead of the old, leaky, bolted-on manifolds. Large valves insure full charge on the intake and a complete, clean exhaust.

1 to 6 CYLINDERS—5 to 75 HORSEPOWER

Frisbie Motors are made in following sizes: 1-cyl., 5 and 7 H.P.; 2-cyl., 10 and 16 H.P.; 3 cyl., 18 and 25 H.P.; 4-cyl., 30 and 40 H.P.; 6-cyl., 50 and 75 H.P.—Bore and Stroke, 4 1/4" x 5" and 6" x 6". For work or play, the Frisbie will measure up to your hardest tests.
