

In the Letter Box

SUNDAY CONCERTS

Editor Daily News:—
 In last night's issue of your paper there is a letter written by one who signs the missive "Christian." He or she deprecates the idea that anybody should be so godly as to try and brighten the few hours of recreation left to the average worker after a six-day grind of labor. He or she contends that Sunday is a holy day. Does he or she want people who have worked hard all week to sit in lugubrious silence and meditate over their sins and misdeeds of the past, the while knowing full well that they will perform many more misdeeds in the future? To err is human.
 Your correspondent says: "I am glad that we have an open town in Rupert." I would like to suggest that a Christian that an axiom of most people today, even among Christians, is: "Never believe all you are told."
 The two words "holy day" are very closely related to holiday. The holiest day in our Christian calendar is December 25, yet who suggests that we forgo the festivities and rejoicing that are customary on that date?
 In closing I would like to ask: Who is the better man for the good of the community, the man who works six days a week and does not attend church on Sunday, or the man who attends church on Sunday, but does not work during the week?
 "A WORKER."

Sport Briefs

If a rink could be made in Prince Rupert this winter, and there should be sufficient frost, the good hockey games could be had with interior teams. The Kelton boys have always been hockey enthusiasts and no doubt Telkwa, Smithers and other teams on the railroad should be able to produce good teams, to nothing of Stewart and Alice, where there are already the men who used to play semi-professional hockey in the Kootenays and Vancouver. There seems to be no reason why the winter should not have its hockey as well as the summer its baseball games. Hockey is the Canadian national game. The only difficulty would be making a rink and there has been a good one here before.

Each of the players in the winning team of this year's world's series drew over \$5,000.

Red" Eller established an enviable record in the world's series as little "Dickie" when in the fifth game he hit the White Sox almost hitting. Further, he started the fireworks of the game by hitting a shagger and getting to third base, afterwards being brought in by Rath's single.

After all, the White Sox had a lot of bad luck this year and it was this as much as bad playing that brought about their defeat. The star players who had played almost faultless ball during the season fell down in the big games and a lot of players who were considered more or less "cast-offs" came through with sensational achievements. The White Sox was one of the most unfortunate ever played.

The White Sox had one player who did not give up—Buck Weaver. The Reds beat the spirit out of all his team mates, but Buck went down smiling and fought to the last. Buck was Chi's one hero.

Stanislaus Zybsko is about to return to America after serving years for his native country, Poland. It is believed that Zybsko will have a series of contests arranged for him by his manager, Jack Herman.

NELSON DAY CAMPAIGN

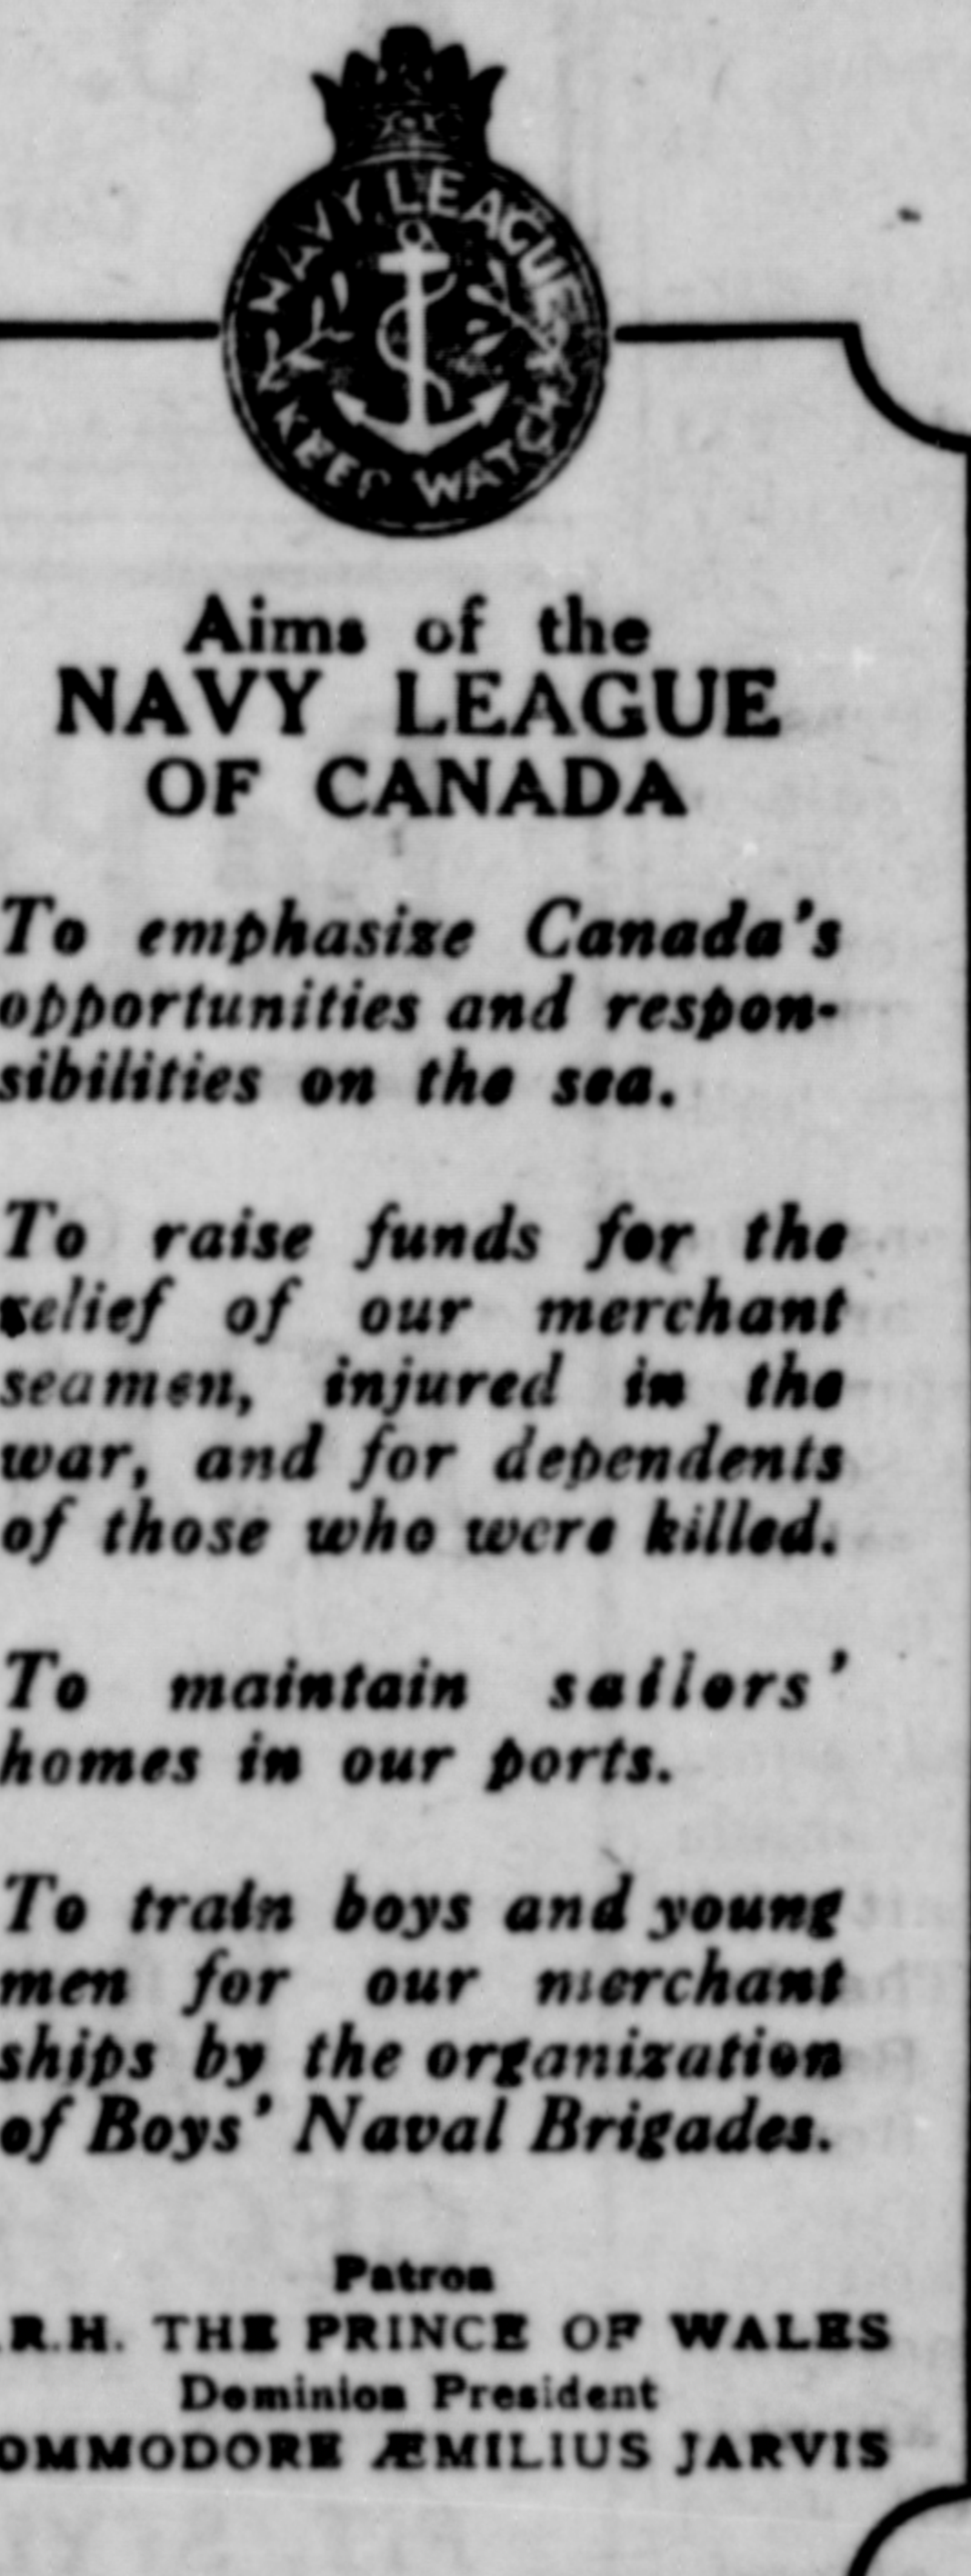

for \$500,000

October 21-22-23

WHY Canada MUST have Canadian Seamen

CANADA is face to face to-day with a great need—mercantile ships! More than a quarter of the world's shipping was destroyed in the War. We are handicapped in our foreign trade because there are no ships to buy or rent. Hence the Government's shipbuilding programme.

Aims of the NAVY LEAGUE OF CANADA

- To emphasize Canada's opportunities and responsibilities on the sea.
- To raise funds for the relief of our merchant seamen, injured in the war, and for dependents of those who were killed.
- To maintain sailors' homes in our ports.
- To train boys and young men for our merchant ships by the organization of Boys' Naval Brigades.

But there remains the more complex problem of manning our ships when built. Seamen cannot be turned out to order. They must be trained. If we are not to be at the mercy of foreign-born seamen, we must have our own Canadian boys ready for this service. This is absolutely imperative, and lies right at the very root of Canada's After-the-War development.

BEGIN WITH THE BOYS

The problem is purely a personal one—something you and I must assist in solving. Unless we make it possible to train Canadian boys for the sea, we cannot hope to man Canadian ships with Canadian seamen and so supply the missing link between the producing possibilities of the Dominion and the eager world markets.

To conduct the Boys' Naval Brigades and its other work, the Navy League of Canada requires \$500,000. Throw yourself wholeheartedly into this campaign to make it a thorough-going success, for the sake of our boys, for the sake of the whole Dominion—yes, and in your own personal interest. Help by giving liberally.
