#### WERE WEDDED LAST EVENING

Miss Mary Allistone Becomes Bride of A. H. Iveson at Home Ceremony

A wedding of considerable interest took place at 7:30 last evening at the home of the bride's parents, 721 Fifth Avenue West, when Miss Mary Stuart Allistone, only daughter of Mr. and Mrs. Ernest Allistone, was united in marriage to Al-gerson H. Iveson, only son of Mrs. H. Iveson, Kensington West, London, England. Rev. Alfred Wilson, pastor of First United Church, officiated.

The bride, who wore a dainty costume of powder blue georgette with silver trimmings and carried a bouquet of roses, was given in marriage by her father. The bridesmaid was Miss Minnie Dent, who wore a pretty silk gown trimmed with gold lace and also carried a bouquet of roses. The groomsmen were Alan H. Hill-Tout.

After the ceremony, a wedding supper was served to a few intimate friends. Rev. A. Wilson proposed the toast to the bride to which the groom responded. The table was tastefully decorated with roses and carnations.

Mr. and Mrs. Iveson left today for a honeymoon trip to Edmonton and Calgary, after which they will take up residence at Pacific, where the groom is in the employ of the Canadian National Railways.

Congratulations and best wishes will be extended to the happy couple by their many friends. The bride is particularly well known and popular here, having lived in the city since early girlhood.

#### TEMPLE IS DESTROYED

(Continued from page one)

ith Preceptory, Knights Templar; Kaian Chapter, Royal Arch Masons, and Belist Chapter, Order of the Eastern Star. The latter organizations lost much of their equipment.

The building was purchased by the Masons and moved to its present site some seven or eight years ago. It was formerly located on Third Avenue in the old government square and was used as a courtroom and for other provincial government purposes.

**Hydrant Not Frozen**  
Had it not been for the frozen hydrant spindle at McBride Street and Sixth Avenue, Fire Chief D. H. McDonald expressed the opinion this morning that the building might have been saved. As it was the few seconds lost meant the destruction of the hall which was entirely of frame construction with wooden interior walls and no plaster.

The chief was desirous of expressing his appreciation for assistance that was accorded his men who were in attendance at the scene of the fire until 7 o'clock this morning. Neighbors, including C. A. Kirkendall and O. A. Johnson, kept the firemen supplied with hot coffee.

City Engineer Good made it clear this morning that the hydrant was not frozen but just the spindle. Had the hydrant been frozen, no water would have come from it whatever. As it was, four hose lines were played on the conflagration. The city engineer attributed lack of pressure to the general practice of citizens keeping their taps open in order to prevent freezing of pipes. He is formally requesting the public today to discontinue this practice as a measure of safety.
