### CITADEL IS DEDICATED

Interesting Salvation Army Ceremony at Canyon City on Wednesday

Staff Captain Joseph Acton of Wrangell, divisional commander of the Salvation Army, and Commandant William Kerr, local district officer, who returned to the city yesterday afternoon from a 175-mile trip to Canyon City on the Naas River, where they dedicated a new Citadel and school, and installed Capt. Warren as officer in charge, report having had a very interesting and successful trip. They were away five days and most of the distance was covered by gasboat.

Staff Captain Acton, Commandant Kerr, Captain Warren and her companion, Miss Weeks, left here last Sunday evening on the steamer Catala and, after going around by Anyox and Allee Arm, disembarked at Mill Bay at 2 o'clock the next day. Capt. and Mrs. McKay of Port Simpson were waiting for the party at Mill Bay with their boat, Kingfisher, on which they travelled as far up the Naas River as Greenville that evening. At Greenville a meeting was conducted in the Church Army Hall by request of the residents. Staff Captain Acton and Adjutant Kerr were the guests overnight at Greenville of Rev. William Cooper, Anglican clergyman, while Captain Kenny and Miss Weeks stayed with Chief and Mrs. Calder.

On Tuesday morning the party embarked by river boat and that evening made Canyon City, a village situated in Gwinaha Canyon, about 40 miles up the river from Greenville and some seven miles below Alyanah. The officers were given a great reception by the residents of Canyon City.

On Wednesday morning the largest Army flag in Western Canada, measuring 18 by 20 feet, was hoisted to the top of a flag pole and about noon all the people of the village assembled around for the formal opening of the Citadel. Staff Captain Acton was handed a key decorated with ribbon by a little boy and, after Scripture reading by Commandant Kerr and suitable remarks by himself, turned the key and formally declared the Citadel open for public worship. Following this, there was a short dedicatory service inside the Citadel led by Staff Captain Acton and with a number of speakers taking part. Pictures were then taken of the Citadel.

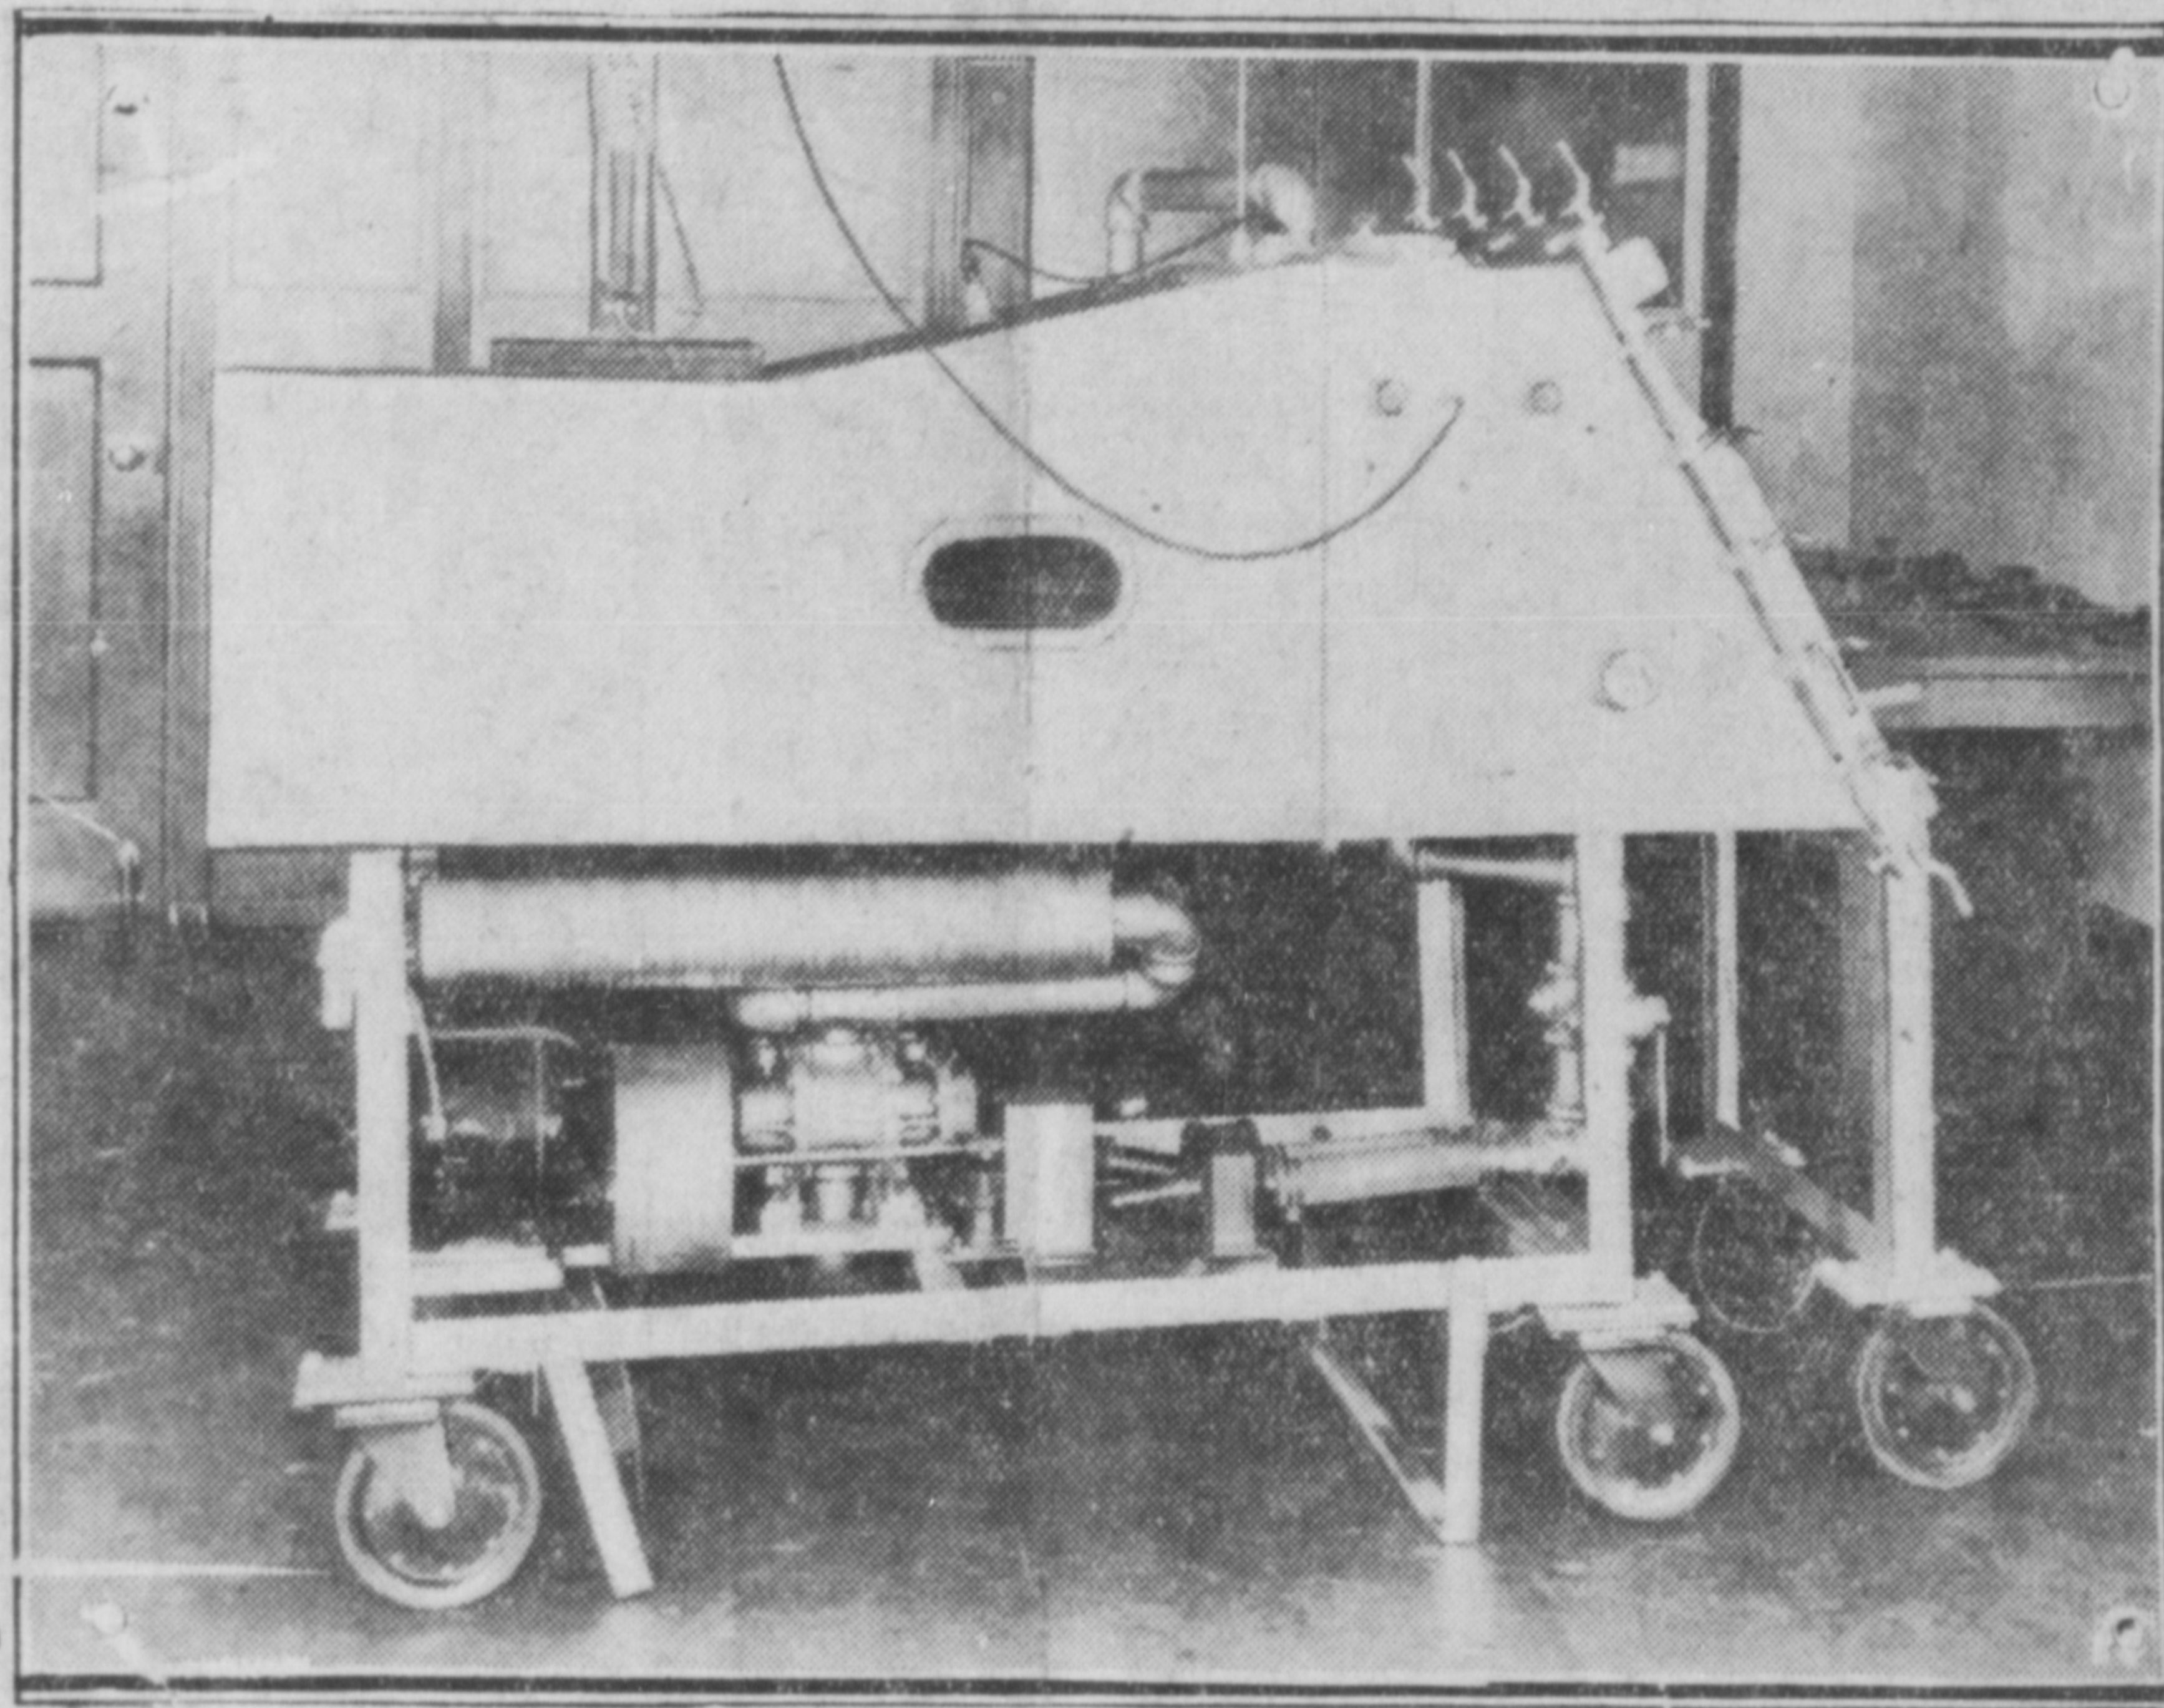

Another interesting ceremony taking place the same afternoon was the formal opening of the new school at Canyon City.

Capt. Kenny will be in charge of the Citadel and school, performing the combined duties of teacher, nurse and missionary at Canyon City.

The same evening there was a public meeting led by Staff Captain Acton, Commandant Kerr and Captain and Mrs. Andrew McKay. A number of visitors came down from Alyanah for the occasion.

On Thursday morning, Staff Captain Acton and Commandant Kerr went up the river in a speedboat to Alyanah on Army business and, after a few hours there, started at noon for the return trip down

### Proclamation

Next week has been set aside all over the Dominion as "Prosperity week."

I am appealing to all citizens of Prince Rupert to do their bit to make this event an epoch in the history of this city. We are fortunate in having had a prosperous year and in order to keep prosperity in our midst and to have everyone sharing it I suggest that we make it a point to buy at home and to spend whatever money we can in various ways to keep the money in circulation.

A big effort should be made to show that Prince Rupert is always leading in everything. I do hope that a feeling of optimism and enthusiasm will pervade the whole town, next week, and that henceforth every man, woman and child will be sold body and soul to the idea that Prince Rupert has really the best prospect for the future of any city in the Dominion.

THEO. COLLART, Acting Mayor.

October 10, 1930.

### MUCH MORE WHEAT DUE

Farmers Still Have 155,000,000 Bushels to Market

WINNIPEG, Oct. 11.—Approximately 155,000,000 bushels of wheat have yet to be marketed by farmers, according to T. P. White superintending of car service for the Canadian National Railways, reviewing the grain situation here.

"Based on the Dominion Bureau of Statistics' estimate, the wheat crop this year should total 362,000,000 bushels," stated Mr. White, "and after allowing for the amount that will be kept for seed, approximately 155,000,000 are still in the farmers' hands. It is reasonable to assume that at least fifty per cent, or, approximately 77,500,000 bushels of this wheat will be carried by the Canadian National Railways," he added.

"The movement of grain this year, so far, is showing a considerable increase over that of 1929," said Mr. White. "From August 1 to October 8 this year we have loaded 12,342 cars with 57,415,000 bushels of grain while during the corresponding period of last year we loaded 27,924 cars with 36,987,000 bushels. Grain loadings along Canadian National lines during the week October 2 to 8 inclusive more than doubled those of the corresponding week in 1929." Mr. White continued, "During that week this year we loaded 4,523 cars with 6,153,000 bushels as compared with 2,031 cars with 2,798,000 bushels last year. Marketings on Canadian National lines for the past week total 8,556,000 bushels, which is an increase of nearly 300,000 bushels over that 1929 figure. A more rapid movement in noticed this year," he continued. "For while the marketings are in excess of 1929, the storage at country elevators on October 8 totalled 21,111,000 bushels as against 28,955,000 bushels on the same day last year."
