Eric Sandstrom, representing the Viking Club of Vancouver, who won the 50-kilometre Olympic distance Waugh. race at Burns Lake last month beating all Canadian and U.S. records for the distance, is prominently mentioned in the leading C. P. Balagno. Swedish Athletic News "Idrotts-Bladet" as a desirable candidate to represent Sweden at the next Winter Olympiad at Lake Placid in 1932. Sandstrom is mentioned first in the list of prospects and according to the paper quoted, he made his first debut as a skier in the junior class P. Balagno vs. Col. S. P. McMordie in 1927 in the district championships of his province. He not only won the first time in the junior class but surprised by making the best time of the entire meet in the 30-kilometre race, and coming in second in the 60-kilometre. The following year he cinched both championships in the 30 and 60-kilometre. He was then placed as candidate for the 1928 Olympic Games but was too young to stand the hard competition for the hon-

It is further stated that the Viking Club will be communicated with at once with the view of having Sandstrom get into special training for the Olympic Games, and go next year to Lake Placid to acquaint himself with conditions there. Sandstrom is mentioned as a valuable asset to supplement the little troupe of top-notchers that will be sent out from Sweden. Although their times are very much better than that of the B.C. skirider, it is figured that the long sea trip plus the difference in climate, is bound to slow the home-skiers at least 15 minutes, and with this discount, Sandstrom would add to the strength of the team.
