Hair that sparkles!

No one can deny the importance of having the hair arranged in the style best suited to the individual type. Much of the effect is lost, however, unless the hair is kept soft, abundant, lustrous.

A million busy women and girls know the easiest way to keep the hair in perfect condition is with Danderine. The first application will show you how marvelously it removes excess oil from the hair; cleanses it; makes it sparkle with new life and lustre. It's so simple to use Danderine. All you do is put a little on your brush each time you arrange your hair! The consistent use of Danderine will dissolve the worst crust of dandruff; soothe, heal the scalp; stimulate the growth of long, silky abundant hair. Danderine isn't sticky or oily; doesn't show. It makes the hair easy to manage; holds it in place for hours. "Set" your waves with it and see how much longer they stay in.
